a) Betula - Occurrence probability (Kriging mean)
pollen samples
northing [m]
easting [m]
×10^6
60°N
40°N
0°E
30°E
b) Betula - Semivariogram
×10^−1
experimental
exponential model
model fitting limit
semivariance
lag [m]
×10^6
c) Betula - Occurrence map (probability thresholds)
d) Betula - Occurrence uncertainty (Kriging variance)
