## Keynote of case letter

Professor Dr. Engr. Md. Anowar Hossain faced the conspiracy of life-threatening in PhD School, School of Fashion and Textiles, RMIT University, Melbourne, Australia. Professor Dr. Engr. Md. Anowar Hossain briefly reported the artificial occurrence to Professor Dr. Alec Cameron, honourable Vice Chancellor, RMIT University and delegates who 100% nullified and 100% neglected the life-threatening occurrence in PhD school in terms of zero% response of life-threatening occurrence. Vice Chancellor and delegates took one sided decision for the conspiracy of life-threatening and PhD Harassment in Australian PhD school on behalf of Professor Dr. Rajiv Padhye whatever converted to a new race of PhD harassment in Australian PhD school. Professor Dr. Engr. Md. Anowar Hossain stated against Professor Dr. Rajiv Padhye for the Excellency of Governor-General of the Commonwealth of Australia, the Honourable David Hurley AC DSC (Retd), for the peace of mankind all over the world, for the peace of researchers all over the world, for the peace of scientists all over the world, for the peace of professor community all over the world, for the peace of Vice Chancellor community all over the world, for the peace teaching-learning community all over the world, for the peace of research ethics community all over the world, for the protection of merit contribution of PhD researchers in PhD school.

This notice is being forwarded for the excellency of professor designation and PhD researchers for the peace of mankind all over the world.

Dear Mr. Jeremy Bruer,

This is my privilege to study at RMIT University funded by Australian Government RTP Stipend Scholarship. This is also my shame to notify your office when I am struggling and reporting since December 2022 to still now about critical PhD harassment and critical conspiracy of life-threatening in Australian PhD school at School of Fashion & Textiles, RMIT University. This is also my tragedy to notify foreign affairs office, Australia when I am struggling and reporting since December 2022 to still now about critical PhD harassment and critical conspiracy of life-threatening in Australian PhD school at School of Fashion & Textiles, RMIT University. This is also my demotivation of my PhD dream and professional excellency when I am investing an additional time, professional time related to PhD harassment and critical conspiracy of life-threatening in Australian PhD school. Unfortunately; I, Professor Dr. Engr. Md. Anowar Hossain faced critical life-threatening conspiracy at PhD school, School of Fashion & Textiles, RMIT University. I suspected and reported against Professor (Dr.) Rajiv Padhye. I reported my whole situation to Professor Dr. Alec Cameron, Honorable Vice Chancellor, RMIT University to satisfy the researcher requirement of Australian Quality of Research Framework. I asked for safety support to Vice Chancellor and delegates of RMIT University but my notice and allegations were 100% neglected, 100% nullified, 100% rejected, 100% dishonored, 100% disqualified, 100% harassed by the Vice Chancellor, Deputy Vice Chancellor and delegates of Vice Chancellor, RMIT University. The life-threatening violence was created the afraid situation in PhD school. Hence, I left the Australia for my personal protection when the repeated PhD harassment was continued and continued. I briefly reported and reported to the office of Vice Chancellor, RMIT University. I briefly reported for the kind support of Vice Chancellor, delegates and PhD school about personal harassment, motivational harassment, professional harassment, PhD harassment, harassment relates to relative peoples, PhD material harassment. I asked for legal support. I asked for cyber security support. I asked for life-safety

support. I also asked for kind permission for going to Australian Police. Presently the situation is hanging to the office of Victoria legal aids for proceeding to Australian Court. Australian court proceeding was recommended/insinuated by the Department of Education, government of Australia; Safer community, RMIT University; Australian Ombudsman and Australian Police. Presently my Australian Visa is cancelled when I cannot go to Australia to face Australian court when I cannot proceed with Australian court under self-finance. I have no money in my pocket to proceed with Australian Court. My PhD candidature and PhD scholarship support was also cancelled to cover up life-threatening conspiracy and PhD harassment when I briefly and briefly reported my life-threatening occurrence to the office of Vice chancellor and delegates, RMIT University. I had a lot of correspondence with RMIT University and concern offices of Australian Government whatever I have attached for your kind consideration to make a meaningful PhD journey to make a meaningful PhD research in Australian PhD school. If it is my academic crime to notify conspiracy of life threatening to the office of Vice Chancellor and delegates, my PhD harassment should not be converted to stop the PhD candidature when I completed first and second milestone under congratulation and without negative comments at PhD school.

I invested all of my finance and all of my time to get a PhD degree from School of Fashion & Textiles, RMIT University. Few years I tried for PhD scholarship in different countries. Presently I have no money for dealing and investment for filing to Australian Court. Under the present situation, I am seeking your kind support to make a meaningful PhD journey at PhD school, School of Fashion & Textiles, RMIT University without hampering my dream of PhD education in Australian PhD school. I am seeking an ethical PhD assessment support to all over the world through your ethical administration of Australian PhD schooling compliance for the Excellency of Governor-General of the Commonwealth of Australia, the Honourable David Hurley AC DSC (Retd).

### PhD harassments are being notified in below

- Figure 1 shows that the published articles of PhD harassment and life-threatening are extremely higher than the published article of PhD achievement at school of fashion & textiles, RMIT University. Professor Dr. Rajiv Padhye intentionally harassed my PhD progression at School of Fashion & Textiles, RMIT University. I seriously afraid that what is the right duty of a Professor in Australian PhD school when I invested around 1000000 USD (in words, ten lakh USD) for full time PhD study at School of Fashion & Textiles, RMIT University as a full time, regular and hard worker PhD researcher since February 2020 to still now?

- Life-threatening and conspiracy of killing Professor Dr. Engr. Md. Anowar Hossain in Melbourne is an artificial occurrence under the official PhD environment under the ethical environment of teaching learning in a prestigious PhD school. An Australian professor is always honored by the Excellency of Governor-General of the Commonwealth of Australia, the Honourable David Hurley AC DSC (Retd).
- Verbal threatening in PhD school is a psychological harm to Professor Dr. Engr. Md. Anowar Hossain and an artificial barrier for an ethical PhD achievement in PhD school. An Australian professor is always honored by the Excellency of Governor-General of the Commonwealth of Australia, the Honourable David Hurley AC DSC (Retd).
- Ambulance connection, Hospital connection and conspiracy of killing Professor Dr. Engr. Md. Anowar Hossain in Melbourne is an immoral duty for a designated professor. An Australian professor is always honored by the Excellency of Governor-General of the Commonwealth of Australia, the Honourable David Hurley AC DSC (Retd).
- Harassment of material approval to continue PhD research at PhD school is also an immoral duty for a designated professor. An Australian professor is always honored by the Excellency of Governor-General of the Commonwealth of Australia, the Honourable David Hurley AC DSC (Retd).
- Killing my PhD research time under continuous PhD harassment is also an immoral duty for a designated professor in Australian PhD school. An Australian professor is always honored by the Excellency of Governor-General of the Commonwealth of Australia, the Honourable David Hurley AC DSC (Retd).
- Unethical PhD suspension and scholarship suspension to nullify the impact of life-threatening allegation is also trending against civilized nature of human being all over the world. - Unethical cancellation of PhD enrolment to nullify the impact of life-threatening allegation is also trending against civilized nature of human being all over the world. An Australian professor is always honored by the Excellency of Governor-General of the Commonwealth of Australia, the Honourable David Hurley AC DSC (Retd).
- I, Professor Dr. Engr. Md. Anowar Hossain was the invited guest of Professor Dr. Alec Cameron (delegate of Governor General of Australian Government) at School of Fashion & Textiles, RMIT University. I served for RMIT University to get an ethical PhD degree from RMIT University. I am still serving for RMIT University to get an ethical PhD degree. I invested my whole time and my whole finance for a PhD degree from RMIT University. Professor Dr. Alec Cameron should solve everything as per Australian education law when I notified him again and again, again and again, again and again as per Australian Quality of Research Framework in Australian PhD school. I am also confused about his right duty regarding my life-threatening conspiracy in RMIT PhD school. I am also confused about his right duty regarding quality PhD schooling in RMIT PhD school at School of Fashion & Textiles. It is also my shame to notify the Vice chancellor when Vice Chancellor nullified my life-threatening allegation through silence, silence, silence and silence. In the meantime, Professor Dr. Rajiv Padhye tried and tried to cover up the life-threatening conspiracy under his personal technique of brain engineering through repeated and repeated PhD harassment. A technique of brain engineering of a respected professor suppose to work for the peace of mankind all over the world. Disturbance of Professor Dr. Rajiv Padhye in PhD school was in very extreme level to satisfy the minimum support of a PhD researcher in PhD school. Professor Dr. Rajiv Padhye worked against of my PhD duty at RMIT University. It is an alarming issue for the peace of mankind all over the world if he is practicing again and again when Professors and researchers are the blessing of society all over the world. How can a professor make a plan to kill PhD researcher? If it is supported by Australian Quality of Research Framework, the rule should be edited immediately and deleted urgently for the peace of mankind. How can a professor plan to cease merit contribution of a PhD researcher? If it is supported by Australian Quality of Research Framework, the rule should be edited immediately and deleted urgently for the peace of mankind.
- As Professor Dr. Rajiv Padhye tried to kill my personal reputation, professional reputation, professional excellency, professional achievement, scholarship achievement and

professional motivation; he should give me the right compensation as per Australian Quality of Research Framework in Australia.

- The PhD achievement, PhD research achievement, PhD research progress, quality PhD schooling, quality teaching-learning process with PhD supervisor and invention of PhD researcher of Professor Dr. Engr. Md. Anowar Hossain was totally hampered and misguided due to non-compliance government duty of Professor Dr. Rajiv Padhye in Australian PhD school at School of Fashion & Textiles, RMIT University. It is not only matter of headache of Australian PhD school but it is also being global headache to continue right PhD culture, to continue right PhD practice, to continue right PhD honour, to continue right PhD degree, to continue right motivation of PhD researcher under the global umbrella of research & invention society for the global peace of mankind.
- I also notified every issue, every requirement, family office, research office, research harassment, material harassment, life-threatening harassment to the office of Professor Dr. Lijing Wang, Senior Supervisor; Professor Dr. Robert Shanks, Associate supervisor; School administration of RMIT University; central administration of RMIT University; the office of Vice Chancellor, RMIT University. Professor Dr. Robert Shanks also explained (2023) about COVID-19 (2020-2021) impact on PhD research.

This is not my official duty to notify the life-threatening history in PhD school to the related offices of Australian Government/High commissioner of Australia to Bangladesh. This is my shame as PhD researcher. My duty should be the right duty of PhD research in PhD school whatever support I hardly expected, prayed and requested again and again to the office of Vice Chancellor, RMIT University. I asked for life-safety support again and again to the office of Vice Chancellor, RMIT University and PhD school administration, RMIT University. All concern officers, all concern directors, all concern professors, all concern PhD professionals, all concern PhD administration of RMIT University should be considered for right investigation and right punishment (if applicable) to satisfy the global peace of PhD school to satisfy the Australian Quality of Research Framework to satisfy the global peace of mankind to satisfy the standard PhD schooling in an international platform. mankind. There is no chance of life-threatening in the platform of PhD schooling. Please being requested to satisfy the global peace of PhD schooling.

- I submitted every written information as per verbal office order of PhD administration, RMIT University, I submitted to Vice Chancellor and delegates, RMIT University. I tried to satisfy whole PhD administration of RMIT University. I tried to satisfy whole PhD administration of Department of Education, Commonwealth of Australia. I tried to satisfy the whole government of Australia against official act of life-threatening in PhD school. Official act of life-threatening is an artificial offence all over the world.
- I am not happy to include any Bangladeshi officer, Ministry of Foreign affairs, Bangladesh Government, High Commissioner of Bangladesh to Australia to solve this artificial PhD issue and artificial life-threatening issue in Australian PhD school. This PhD and life-threatening matter should be solved by your office of High Commissioner to satisfy the global peace of PhD school, global peace of mankind for the Excellency of Governor-General of the Commonwealth of Australia, the Honourable David Hurley AC DSC (Retd).
- My family/relative peoples cannot understand PhD degree, PhD cost, PhD effort, PhD contribution, PhD assessment, PhD research, PhD supervisor, PhD laboratory, PhD scholarship, Camouflage engineering, Color engineering, Textile Engineering, PhD harassment. When I was physically absent in my family office in Bangladesh when I was physically on duty (full time) for PhD research works in RMIT, Professor Dr. Rajiv Padhye communicated with my family office as per verbal declaration of Professor Dr. Rajiv Padhye. When I was physically present in my family office in Bangladesh, Professor Dr. Rajiv Padhye had no communication with me. I introduced with him in my Professional office in PhD school at School of Fashion & Textiles, RMIT University in front of Professor Dr. Lijing Wang, Senior supervisor of PhD school at School of Fashion & Textiles, RMIT University. Mr. Md. Anowar Hossain is a PhD student under my supervision in the School of Fashion and Textiles, RMIT University. His program (DR213 Doctor of Philosophy-Fashion and Textiles) commenced on 05 February 2020 and is scheduled to complete in early 2024 (Final Thesis Submission Date is 06 April 2024). He requests me to write this recommendation letter to his employer in Bangladesh for the extension of study leave so that he will continue his PhD program at RMIT University.

As a PhD candidate, Mr. Hossain has already successfully completed his candidature confirmation (first milestone review) in the first year and his second milestone review is under preparation. To date, his progress is on track and satisfactory.

I recommend for the extension of study leave for Mr. Md. Anowar Hossain to have the required amount of time to successfully complete his PhD degree at RMIT University. If I can be of any further assistance or provide you with any further information, please do not hesitate to contact me.

Yours truly,

- Why should I stay Bangladesh during my RMIT PhD schooling? Vice Chancellor should explain for the global peace of mankind for the global satisfaction of PhD researcher. I, Professor Dr. Engr. Md. Anowar was the invited guest of Professor Dr. Alec Cameron, RMIT University, Australia. This artificial incidence of life-threatening is a global violence for the whole research and innovation society all over the world. This artificial incidence of PhD researcher is a global 'symbol of afraid' for the whole research and innovation society all over the world. If a research contribution, if a scientist contribution has the signal of life-threatening, signal of conspiracy by the professor; nobody will do good quality PhD research/professional research in national and international platform. It should be transparent; it should have a supportive environment by the Vice Chancellor for the researcher for the peace of mankind all over the world. It is also being supported for the Excellency of Governor-General of the Commonwealth of Australia, the Honourable David Hurley AC DSC (Retd), for excellency of all over the world.
- I, Professor Dr. Engr. Md. Anowar Hossain got verbal office order to write PhD Thesis for my colleague PhD researcher at School of Fashion & Textiles, RMIT University who are Ms. Belinda (Chinese) and Mr. Ravi (Indian). This office order of PhD thesis writing of Ms. Belinda (Chinese) was announced by Professor Dr. Lijing Wang, Senior Supervisor. Another office order for PhD thesis writing of Mr. Ravi (Indian) was announced by Professor Dr. Rajiv Padhye in PhD school. But I, Professor Dr. Engr. Md. Anowar Hossain didn't get any e-mail/office letter from the concern office of RMIT University to continue PhD supervision of Ms. Belinda (Chinese) and Mr. Ravi (Indian). I believe that it was an immoral office order whatever practiced by the professor in PhD school. Later, the issue was converted to the official act of life-threatening in PhD school, conspiracy of hidden life-threatening in PhD school, psychological harming to PhD researcher in PhD school, PhD harassment for quality research achievement in PhD school, material harassment for achieving quality research question in PhD school, financial harassment in PhD school, twisting/bringing/pulling family matters of PhD researcher in PhD school, Scholarship harassment in PhD school, ambulance connection of PhD school, hospital connection of PhD school, family/relative people connection of PhD school, psychological recommendation of PhD school, PhD suspension in PhD school, action and support in PhD school, threatening for going to another PhD school.

- Could you please manage free of cost lawyer, court filing and court hearing if I can self-present from my office or office premises of High commissioner of Australia to Bangladesh? I am not getting any response from the office of Victoria legal aid for every arrangement of free of cost lawyer, court filing and court hearing since 6 September 2023 to still now. I am not getting any response from the legal support concern of RMIT University since 24 January 2022 to still now. Professor (Dr.) Rajiv Padhye continued PhD harassment under the well-equipped umbrella of Vice Chancellor, RMIT University when I had no umbrella of Vice Chancellor, RMIT University when I was the guest of Vice Chancellor, RMIT University. This is an academic and professional crime in a very extreme level and 100% against the peace of PhD schooling. *My PhD struggling, hidden life-threatening, a tragedy and announcement of Nobel Nominee at PhD School (Part-01).* <https://doi.org/10.5281/zenodo.7890974>

- Every legal achievement, every moral achievement is trying to cease from Professor Dr. Engr. Md. Anowar Hossain in an official platform of PhD school whatever automatically standing to the apposition of human rights, apposition of PhD rights in an international platform.
- I am confused in PhD schooling platform that a Vice Chancellor and delegates are only working for Professors or a Vice Chancellor and delegates are also supporting for PhD researchers for the Excellency of Governor-General of the Commonwealth of Australia, the Honourable David Hurley AC DSC (Retd) when a Vice Chancellor always sign on PhD certificate by the assessment of professor and for the performance of PhD researcher. My PhD achievement with PhD (distinction) was 100% harassed by the administration of Vice Chancellor, RMIT University who always work for the Excellency of Governor-General of the Commonwealth of Australia, the Honourable David Hurley AC DSC (Retd). I am so much afraid and afraid. My PhD achievement with PhD (distinction) was unofficially certified through the conspiracy of life-threatening in Australian PhD School when Vice Chancellor showed zero responsibility for a meaningful PhD journey in Australian PhD school. It was not my dream to face life-threatening when I was attending in Australian PhD school. My dream was PhD (distinction) for attending at RMIT University. Why should I write this letter to your office? Possibly you are not directly responsible for this action of Vice Chancellor, RMIT University. I am also feeling an artificial force to write this letter to your office when I am a sufferer since December 2021 to still now. Nobody is hearing my shouting since December 2021 to still now. I should shout after going to Australian Court but I have no dollar in my pocket for paying to Lawyers and Australian Court. Is it my PhD (distinction) at RMIT University for the Excellency of Governor-General of the Commonwealth of Australia, the Honourable David Hurley AC DSC (Retd). It is not a matter of Bangladesh and Australia. Please do not turn this matter between Bangladesh & Australia. There is no way to turn this matter between Bangladesh & Australia. This is a global harassment. We are all serving for the global peace of mankind. We are all working for the excellency of global satisfaction. Therefore, my right dream of PhD (distinction), my dream of PhD schooling was artificially ceased by the PhD administration,

RMIT University. This is an artificial symptom of global violence for the demotivation of young PhD researchers who are serving for the global peace of mankind.

- Please ensure that nobody should cease my merit contribution at PhD school, school of Fashion & Textiles, RMIT University for the Excellency of Governor-General of the Commonwealth of Australia, the Honourable David Hurley AC DSC (Retd).
- Please ensure that nobody should cease my PhD (distinction) at PhD school, School of Fashion & Textiles, RMIT University for the Excellency of Governor-General of the Commonwealth of Australia, the Honourable David Hurley AC DSC (Retd).
- Threatening of my PhD degree in terms of life-threatening is a high-risk misconduct in PhD school for the Excellency of Governor-General of the Commonwealth of Australia, the Honourable David Hurley AC DSC (Retd).
- If Professor Dr. Rajiv Padhye can not solve the problem, how can he create the problem under the umbrella of Vice Chancellor when the activities of Professor Dr. Rajiv Padhye is tending against the Excellency of Governor-General of the Commonwealth of Australia, the Honourable David Hurley AC DSC (Retd). Australian Federal Police sent me an e-mail that I need to claim to Interpol through nearest police station in Australia. It seems that interpol is the concern of life-threatening conspiracy in Australian PhD school at School of Fashion & Textiles, RMIT University.

- May I request for giving me the whole PhD scholarship without delay until the whole period of PhD harassment.
- May I also ask for life time 'income support' for my surviving as Professor Dr. Engr. Md. Anwar Hossain. I believe that I can overcome my brain injury whatever I reported about the conspiracy of emergency medical team at St. Vincent Hospital. I also notified the suspicious connection of Professor (Dr.) Rajiv Padhye. He may harm Australian community; he may harm Bangladeshi community; he may work against the global peace of mankind. Otherwise, what is the necessity of Professor (Dr.) Rajiv Padhye to kill Professor Dr. Engr. Md. Anwar Hossain under the hidden conspiracy of Australian Power of Professorship and citizenship.
- My profile was completely transparent before going to RMIT University. I need a transparent certificate from the office of RMIT University to satisfy transparent profile and certificate of Professor Dr. Engr. Md. Anwar Hossain. If Professor Dr. Rajiv Padhye is the criminal, it should not be my professional issue in PhD school to satisfy the office of Vice Chancellor, RMIT University. Definitely, Vice chancellor should protect me from Professor Dr. Rajiv Padhye. Definitely,

**Dear Professor/Dr,**

**My mobile phone and computer system have been hacked by someone. My new laptop Lenovo was purchased before CoC and installed in Melbourne. I only use RMIT university networking, and my Hawaii mobile phone connected networking for internet and browsing. I suspect my computer IP address and mobile phone is under tracking and it is being regularly practiced for unethical activities of personal and academic data information. My personal mobile phone system of Huwain (+61 452209738) and Optus (+61 432760619) is controlled by another person. I cannot see call diverting option, but I have investigated that my mobile phone (+61 452209738) is always diverted to a specific mobile number +61 418707108 but I cannot change this diverting option, and I didn't create this diverting action. Sometimes my mobile phone message is automatically hided and deleted. One day I called a Taxi, and I got a message of Mercedes car and automatically the message was deleted from my mobile message box, and I refused to use Taxi. My Huwain phone ID is also controlled by someone. Similarly, my personal e-mail address (engr.anowar@yahoo.com) is checked by another person. Sometimes my yahoo password is automatically diverted to g-mail address, and I didn't face this issue in previous time before coming to melbourne. I am using this yahoo e-mail address since long time, and I have a lot of attached information with this yahoo e-mail address related to academic and non-academic. Therefore, I need support of specialized cyber security department of university as Ph.D Researcher if I am eligible for this support. This tracking and monitoring may be harmful effect of my research data and personal threatening. I suspect my e-mail communication at school (s3820066@student.rmit.edu.com) has been monitored by someone and communicating with journal editor for pulling back my submitted manuscript without comments. Presently I am not feeling secured at workplace, residence, and outside place under trafficking environment.**

**May I seek an advice/recommendation to solve those issues permanently through university cyber security/related Lawyer and/or any appropriate way.**

**I have few information which may be related to hacking symptom of my device.**

Dear Professor/Dr,

Unfortunately, I attended in emergency department at St. Vincent Hospital although my GP recommended to Royal Melbourne hospital. I reported burning sensation and chest discomfort to emergency doctor. Nurse fed me two white color tablets, a small size, and a bigger size (like paracetamol) on 3<sup>rd</sup> December and 17<sup>th</sup> December-2021. But the medicine name was found completely missing in clinical note of prescription on 3<sup>rd</sup> December. Same medicine combination was used for the treatment of chest burning sensation and discomfort in chest on 17<sup>th</sup> December. I hardly refused sodium saline in emergency hospital bed on 17th December. I critically suspect a

misuse of Diazepam combination with another medicine was formulated and fed to me. After coming to residence, I felt so much sleepy on 17th December. Still now I am feeling nerve weakness in brain and headache, this symptom is very first time. I also suspect that Professor (Dr.) Rajiv Padhye, school of fashion and textiles was connected with ambulance paramedic and emergency medical nurse/team. I dialled to Professor (Dr.) Rajiv Padhye mobile number, 0400104095; call log enlisted 03 99259124 on 17<sup>th</sup> December, I tried three times for his kind attention, it is a matter of regret for a Ph.D researcher. As he is not my supervisor, all assessment/monitoring/trafficking responsibilities are being requested to cancel from Professor (Dr.) Rajiv Padhye. In these circumstances, I am afraid to attend Brunswick campus and staying in local area. I am sorry to represent my medical information in my academic e-mail.

## Acknowledgement

Author, Professor Dr. Engr. Md. Anowar Hossain, PhD application ID: 2612540, PhD student ID: 3820066, School of Fashion and Textiles, RMIT University, Melbourne, Australia; Lecturer (study leave), Department of Textile Engineering, City University, Dhaka, Bangladesh; acknowledges RMIT University and Australian government for funding through research training program (RTP) stipend scholarship, 2020-2023 to carry out PhD research entitled “Camouflage textiles with technical coloration incorporating illumination under multidimensional combat backgrounds”. This writing for the peace of mankind was accidentally generated during PhD Journey of author at PhD school when author, Professor Dr. Engr. Md. Anowar Hossain faced hidden life-threatening, conspiracy of life-threatening and PhD harassment at PhD school by Professor Dr. Rajiv Padhye who acted against the excellency of professor designation all over the world.
