**3. ADDITIONAL USE RESTRICTIONS.** Without limiting the generality of the foregoing, Licensee shall not: (i) make clinical treatment decisions based on the Data, as it is intended solely as a research resource, or (ii) use or attempt to use the Data, alone or in concert with other information, to compromise or otherwise infringe the confidentiality of information on an individual person who is the source of any Data or any clinical data or biological sample from which Data has been generated (a "Data Subject") and their right to privacy, to identify or contact any individual Data Subject or group of Data Subjects, to extract or extrapolate any identifying information about a Data Subject, to establish a particular Data Subject's membership in a particular group of persons, or otherwise to cause harm or injury to any Data Subject.
