Household Roster: Household Members, Education, and Work Status

NOTE: The below household roster (see next page) should be used to record responses to Indicators 1-6.

Write down the first name or nickname and age of each household member. Then record the total number of members in the roster and mark the response to the first scorecard indicator.

For each household member who is 6 to 12-years-old, ask: Does <NAME> currently attend preschool or school? Based on the answers, circle the response for the second indicator.

For each household member who is over the age of 9, ask: “Has <NAME> reached a higher education level or university?” Based on the answers, circle the response for the third PPI indicator.

For each household member who is over the age of 9, ask: “Does <NAME> have a job with a written contract?” Based on the answers, circle the response for the fourth PPI indicator.

For each household member who is over the age of 9, ask: “Is <NAME> a worker or employee of a private company?” Based on the answers, circle the response for the fifth PPI indicator.

For each household member who is over the age of 9, ask: “Is <NAME> a boss or employer?” Based on the answers, circle the response for the sixth PPI indicator.
