

WP5 Ice sheet impacts on global ocean circulation

Elaine McDonagh (NORCE) and Petra Langebroek (NORCE),
2nd annual meeting, DMI, Copenhagen 23 September 2024

Task 5.1 new observations

Task 5.2 inverse analysis
 and new model runs

- ① Ocean processes around Antarctica (WP1)
- ② Antarctic ice sheet-ocean interactions (WP2)
- ③ Antarctic ice sheet modelling and freshwater fluxes (WP3)
- ④ Future fluxes and stability of Antarctic ice sheet (WP4)
- ⑤ Ice sheet impact on global ocean circulation (WP5)
- ⑥ Ice sheet-ocean-climate impacts and tipping points (WP6)
- ⑦ Scientifically and socially relevant impacts and dissemination (WP7-9)
