Introduction

In the collection of materials of the conference, the role and role of Science, Education and production in the era of globalization, the pressing problems of the issues of interaction of these processes, feedback on their solutions were presented by mature specialists of the field.

In addition, research on the scientific and practical topic, carried out in the economics, Exact Sciences, Natural Sciences and socio-humanities during the globalization period, information is presented in the scientific and practical fields, which includes the latest innovative technologies in the fields of production.

It can be argued that this collection is one of the specific intersections of current thoughts and innovative ideas of the world of science. This scientific and practical conference was actively attended by professors and scientific researchers engaged in scientific research in Uzbekistan and foreign countries. In increasing the position of the scientific and practical conference, the professors and teachers of domestic and foreign higher educational institutions made a significant contribution.

Professors and teachers of foreign higher educational institutions who actively participated in the work of the conference made a worthy contribution to the high level of interaction with scientists of our country. The processes of international cooperation with foreign countries and exchange with them in the field of Science in the era of globalization have a positive effect on the development of Higher Education, the fields of Science and production. The materials of this conference are special in that they include a wide range of research, from theoretical developments to practical solutions, demonstrating the diversity of approaches and directions in this area.

In conclusion, it should be noted that this scientific and practical conference will be a very useful collection for everyone who is interested in modern research in the fields of further development of Higher Education, Science, Education and production in the era of globalization. The authors are responsible for the content and quality of the articles and abstracts included in the collection.

XUFYONA IQTISODIYOTNING RIVOJLANGAN MAMLAKATLARDA RIVOJLANISH TENDENSIYALARI

Nizametdinov Ali

Mirzo Ulug'bek nomidagi O'zbekiston Milliy universiteti Jizzax filiali katta o'qituvchisi

Dehqonova E'zoza

E-MAIL: anizamiddinov@jbnuu.uz

Annotatsiya: Maqolada bugungi kunda mamlakatlarning iqtisodiy barqarorlikga erishishishi uchun ayrim rivojlangan mamlakatlar qo'llagan usuluni qo'llab ko'rishi va mos keladigan iqtisodiy faoliyatdan foydalangan holda o'z hududida xufyona iqtisodiyotni kamaytirishi haqida fikr yuritilgan.

Kalit so'zlar: Xufyona iqtisodiyot, iqtisodiy rivojlanish, iqtisodiy tadqiqotlar.

Abstract: In order to achieve economic stability, today's countries should follow the method used by some developed countries and reduce the secret economy in their territory by using appropriate economic activities.

Key words: Secret economy, economic development, economic research

Xufyona iqtisodiyotning rivojlanishi miqyoslari har bir mamlakatning rivojlanish darajasi, undagi ijtimoiy-iqtisodiy holatiga va iqtisodiyotni davlat tomonidan tartibga solish va boshqarish xususiyatlariga bog'liqdir. Shuning uchun har birmamlakat iqtisodiyotida xufyona iqtisodiyotning o'rni va roli ham turlichadir.

Tadqiqotlar va kuzatishlar shuni ko'rsatmoqdaki, xufyona iqtisodiyotning miqyoslari rivojlangan mamlakatlarda birmuncha kamroq, rivojlanayotgan, shuningdek, bozor iqtisodiyotiga o'tish maqsadida chuqur islohotlarni amalga oshirayotgan sobiq sotsialistik mamlakatlarda kengdir.

Shu boisdan xufyona iqtisodiyotning mohiyati, vujudga kelish

va rivojlanish sabablarini, ijtimoiy-iqtisodiy taraqqiyotga ta'sirini, uni ko'lamlarini keskin kamaytirish, unga qarshi kurash masalalarini o'rganish, tadqiq qilish barcha davlatlar uchun dolzarb ahamiyatga ega. Iqtisodiy adabiyotlarda bu masalalar XX asrning 70-yillaridan boshlab ilmiy jihatdan tadqiq etilmoqda.

Hozirgi kumda dunyoda xufyona iqtisodiyot ko'rsatkichi past bo'lgan mamlakatlar ro'yxatida AQSH yetakchi o'rin egallab turibdi. Buning asosiy sabablaridan biri aholining turmush darajasi yaxshi ekanligi va qonunlarning haqqoniy qo'llanilishi. Xuddi shunday yetakchi o'rinlarda Singapur va Yaponiyani misol qilish mumkin. Mamlakatda aholining yashash sharoiti yaxshiligi uchun xufyona iqtisodiyotga o'rin yo'q. Yana bir muxim sabablaridan biri mamlakat aholisining vatanparvarligi va haloligidir.

Xufyona iqtisodiyotning namoyon bo'lish shakllaridan biri bo'lgan korrupsiya jamiyat taraqqiyotiga nihoyatda salbiy ta'sir etadi. Shu boisdan korrupsiyaga qarshi kurash va uning oldini olish masalalari barcha mamlakatlar uchun dolzarb hisoblanadi. Korrupsiyaga qarshi kurashishda aholining barcha qatlamlari, eng yaxshi mutaxassislar jalb qilinmas ekan, jamiyatimizning barcha a'zolari, ta'bir joiz bo'lsa, "halollik vaksinasi" bilan emlanmas ekan, o'z oldimizga qo'ygan yuksak marralarga erisha olmaymiz. Biz korrupsiyaning oqibatlari bilan kurashishdan uning barvaqt oldini olishga o'tishimiz kerak",-deb jamiyat oldiga muhim vazifani belgilab berdi.

Mamlakatimiz aholisini "halollik vaksinasi" bilan emlash uchun xufyona iqtisodiyot, korrupsiya masalalari bo'yicha zaruriy barcha ta'lim tizimlarida o'quvchi va talabalarnin yosh xususiyatlaridan kelib chiqib o'qitish, ularning ongiga singdirib borish maqsadga muvofiqdir. Keyingi yillarda Oliy ta'lim muassasalarida xufyona iqtisodiyot fanini o'qitish boshlanda. Bu fanni asosiy o'qitiladigan fanlar jumlasiga kiritib, darslik va o'quv qo'llanmalarini ishlab chiqish va nashr qilish dolzarb ahamiyat kasb etmoqda.
