National FAIR practices in a European context: the case of the Library of University of Patras

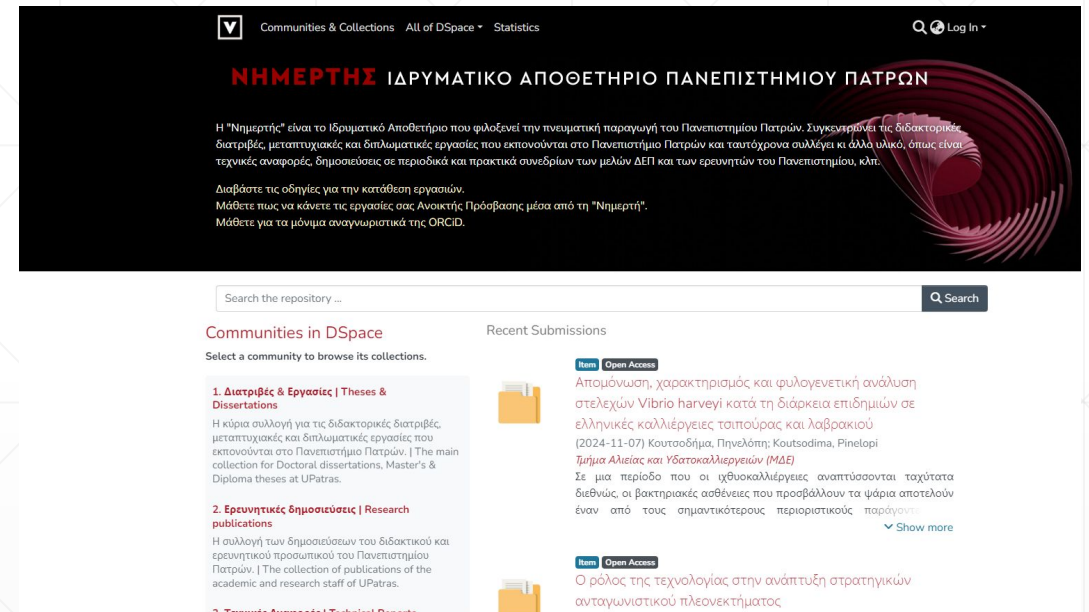

Theodora Karaiskou, University of Patras (karaiskou@upatras.gr)
Monday 18 November 2024

A research intensive ecosystem

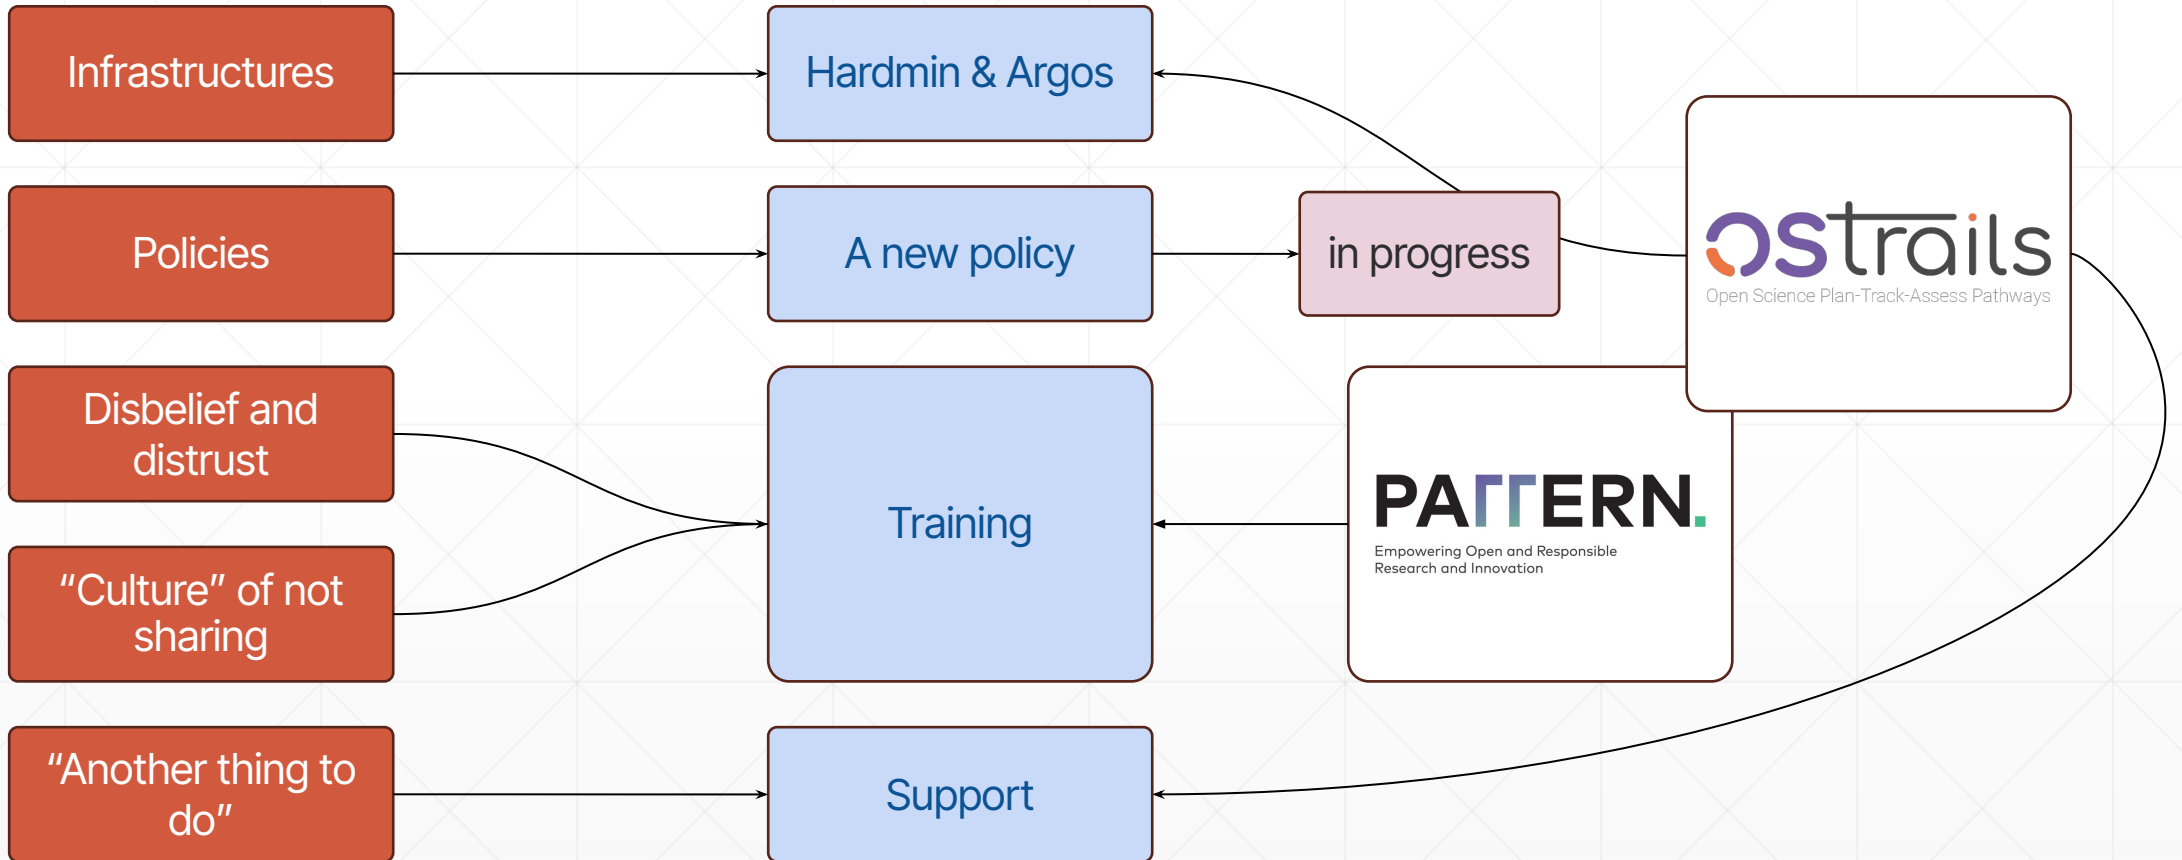

- A University with high research activity
 - University Research Centers
 - Research Centers at its periphery
 - Public Private Partnerships ("industrial" PhDs included)
 - Largest regional research library (open to society)
-

Current FAIR practices

- The “**Nemertes**” institutional repository
 - Theses and dissertations must be deposited to the repository
 - Research publications, technical reports, publications of administration units
- Handles as PIDs
- Encouraging the use and creation of ORCID
- Open Access
- Research data?

Challenges and ways to address them

THANK YOU!
