

FAIR-IMPACT
Expanding FAIR solutions across EOSC

eosoc | FAIR-IMPACT National Roadshow Series

ONLINE WORKSHOP

Greece

18th November 2024

Partners: OPERAS, grnet, OpenAIRE, ATENA, HEAL-Link

**Implementing the FAIR principles:
Tools, Infrastructure and Guidelines
and the Greek Horizon**

3rd open call for financial support

Applicants can apply to join the following support actions.

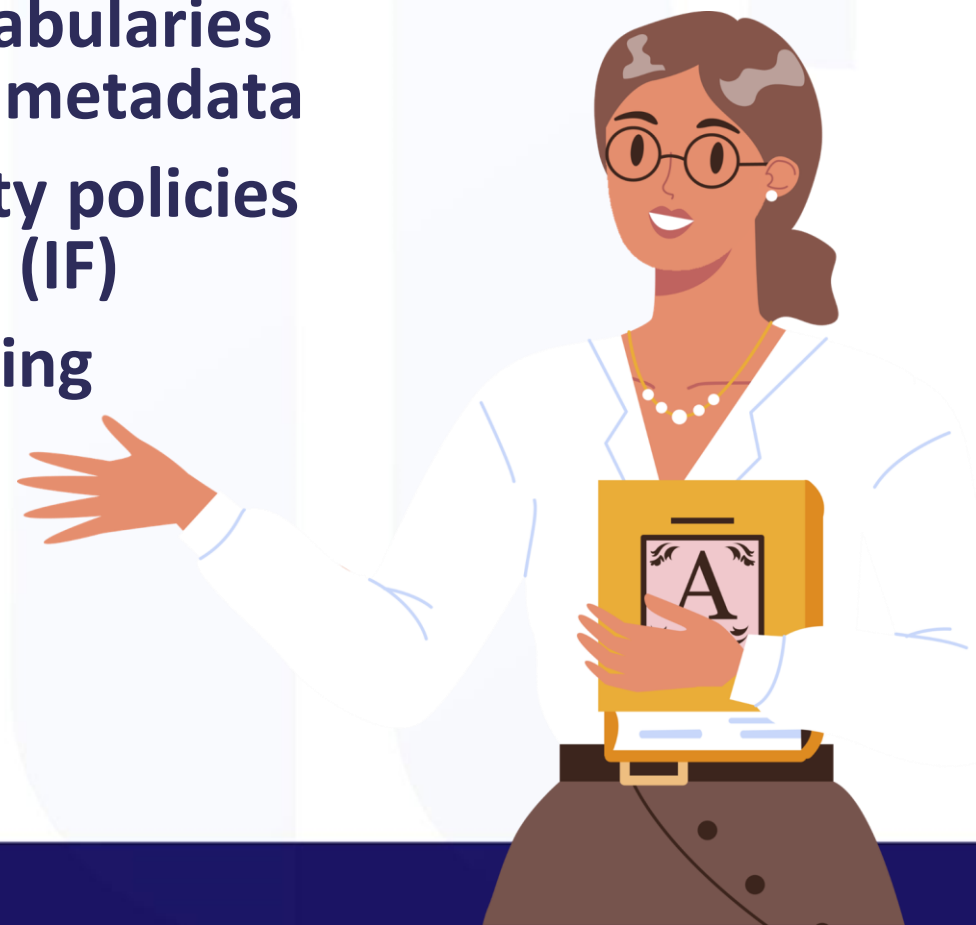

#1: Managing data types, schemas and vocabularies and crosswalks for FAIR researcher related metadata

#2: Creating EOSC compliant interoperability policies based on EOSC Interoperability Framework (IF)

#3: Testing the trustworthy and FAIR-enabling repositories prototype

#4: Implementation of a shared API for semantic catalogues

Successful applicants will receive between **5000 € and 8000 €** to support their participation

Reminder of Key Dates

fair-impact.eu/apply-financial-support

Open for applications from 11 October 2024

Virtual clinic for potential applicants 13 November

Deadline for applying is 04 December 2024

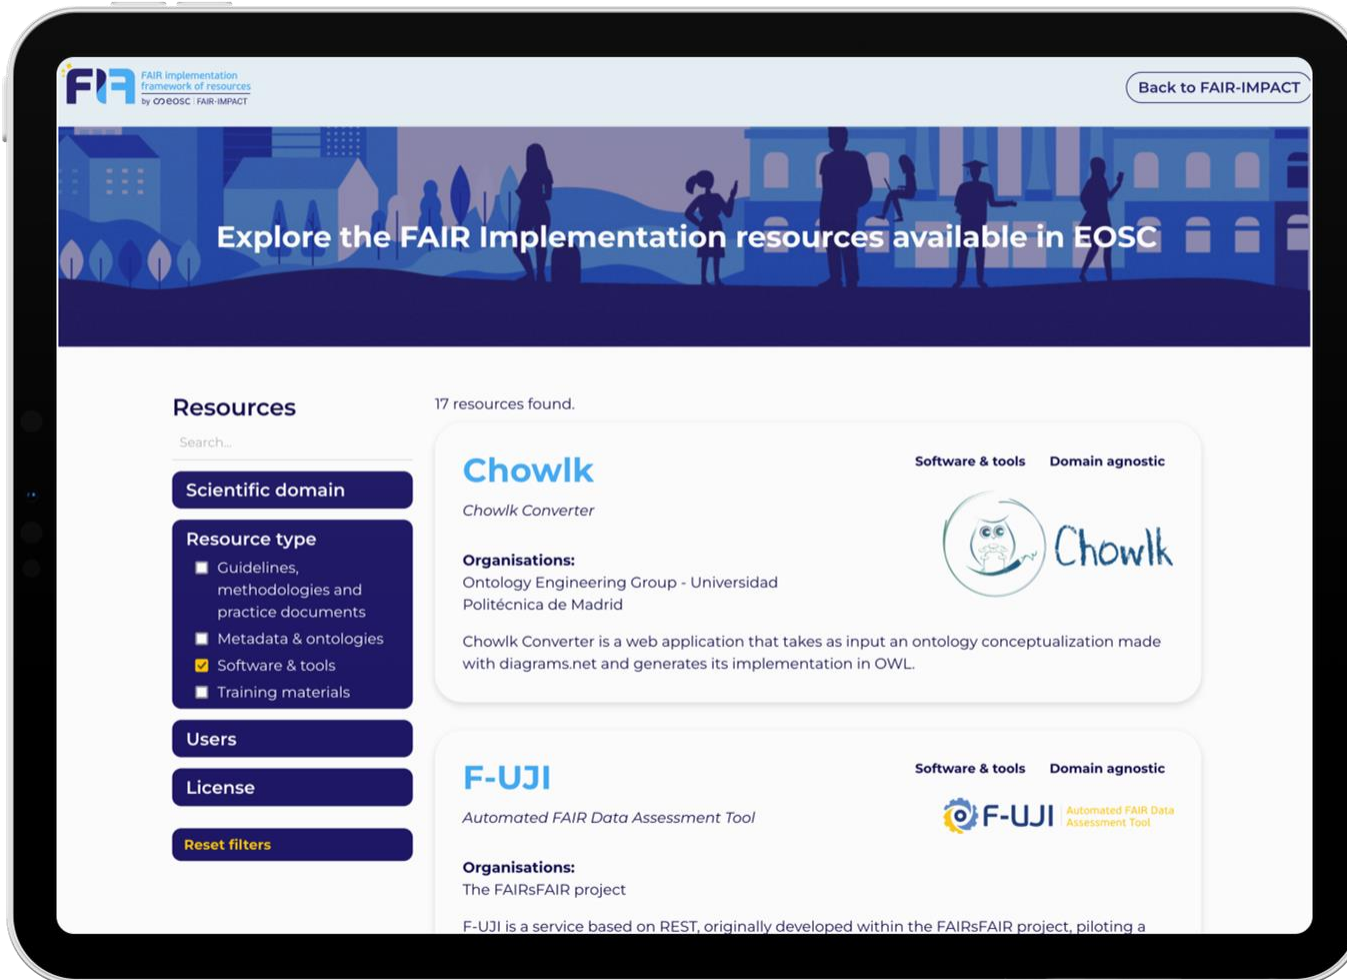

Evaluation during December 2024

Notifications to applicants of evaluation outcomes by 08 January 2025 and support actions begin in late Jan and run to April 2025

FAIR Implementation Catalogue

FAIR-IMPACT has developed the FAIR Implementation Framework (FIF) to help different stakeholders assess their drivers for becoming (more) FAIR-enabling and their current practices. A key component of the FIF is a **catalogue or resources that users can use to identify tools and solutions most appropriate for their use**, with direct links to the original resources.
