

DKZ.2R

Rhine-Ruhr Center for Scientific Data Literacy

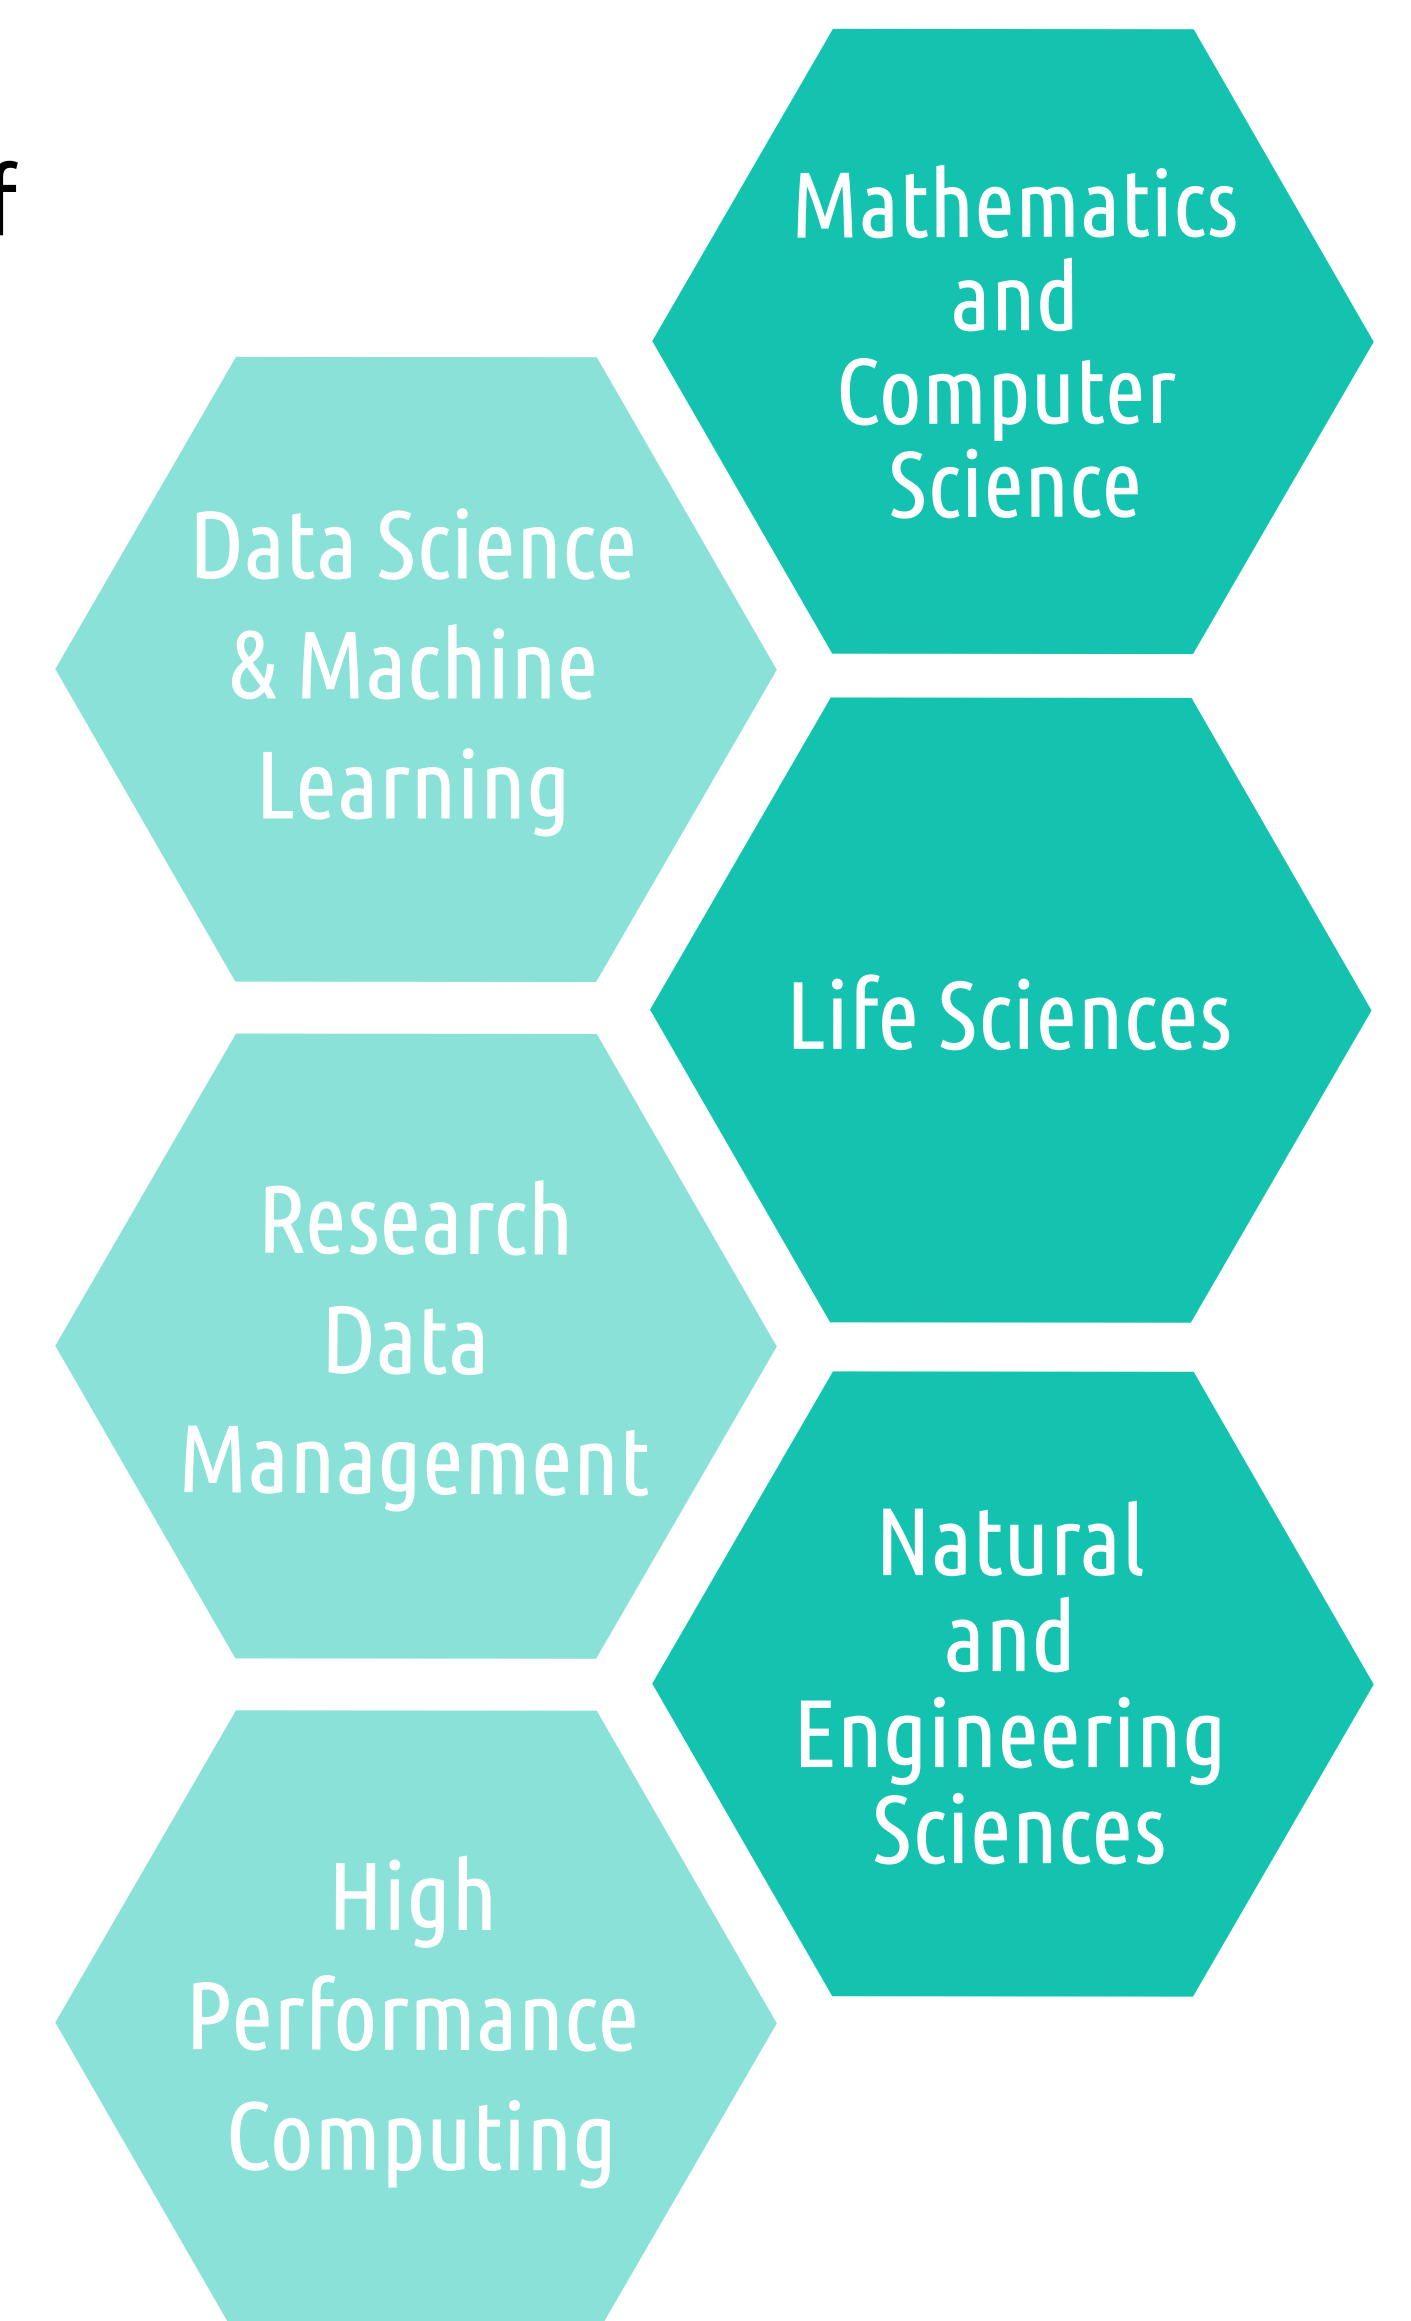

Who are we?

- 1 of 11 data literacy centers in Germany funded by the Federal Ministry of Education and Research (BMBF) in 2023
- Inter- and multidisciplinary data literacy center
- Consisting of 7 universities and 2 research centers in the Rhine-Ruhr region

What is our goal?

- Support researchers from a variety of research disciplines
- Reduce and break through data-related barriers
- Promote synergies between scientific domains
- Train and enhance methodological data literacy in a holistic manner
- Support and visibility of offers through exchange with, e.g., the German National Research Data Infrastructure (NFDI)

What do we offer?

Upcoming highlights!

The Carpentries Workshops

- The Carpentries teaches foundational coding and data science skills to researchers worldwide
- DKZ.2R is offering on-site workshops, e.g. python basics, introduction to git which are led by certified The Carpentries instructors

Data Competence College

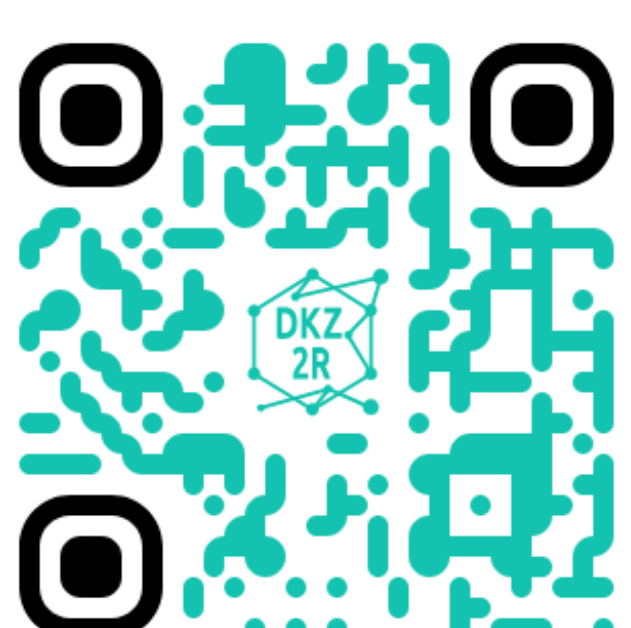

- Three days long on-site event, where early career researchers can learn from invited data experts
- Includes keynote presentations by data experts, poster presentations by participants, 1:1 sessions between data experts and early career researchers, and a variety of method- and data-related workshops

Data Cafés

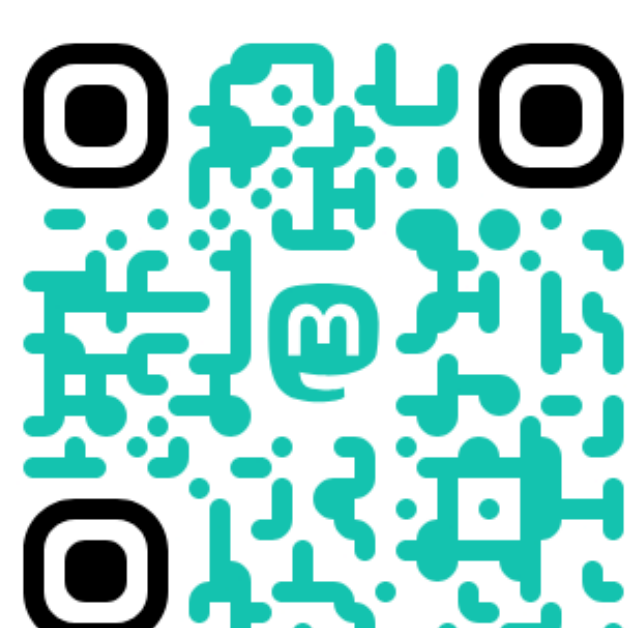

- Meet our consultants on campus at one of our institutions
- Bring your own code or questions and receive guidance in a casual setting
