

EMPOWEREDbyNEIA

(Grant Agreement: 101134912)

Ecosystems Mapping and Planning through Open dialogue for Wider cooperation across EU Regions based on the Entrepreneurial Discovery

D.3.2 Public Funding Repository

Grant Agreement number	101134912
Project Acronym	EMPOWEREDbyNEIA
Type of Action	HORIZON – Coordination and Support Action
Start date of the project	01/01/2024
Duration of the project (months)	12 months
Workpackage N° and Title	WP3 – Alignment on a Joint Programme and Action Plans
Task N° and Title	Task 3.2 – Identifying resources to support the implementation of the Action Plans
Deliverable N° and Title	D3.2 Public Funding Repository
Planned date of delivery	31/12/2024
Date of submission	24/12/2024
Deliverable Lead Partner	Venture Booster
Authors	Antonela Marincat, Fahimeh Mousavi, All partners
Version, Status (Draft, Final, Released to EC)	V1.0 - Final
Dissemination level	PU - Public

History of changes

Version	Date	Action/Change	Authors
V0.1	30/07/2024	First draft of dataset	Antonela Marincat
V0.1	04/09/2024	Draft dataset shared with partners	Antonela Marincat
V0.2	19/11/2024	Final updates on dataset	Antonela Marincat
V0.2	16/12/2024	Final update shared with the Project Coordinator	Antonela Marincat
V0.3	16-24/12/2024	Final revision	Fahimeh Mousavi
V1.0	24/12/2024	Submission	Fahimeh Mousavi

1. Introduction

This deliverable, D.3.2 Public Funding Repository, represents the key output of ‘Task 3.2 – Identifying resources to support the implementation of the action plans’ under work package 3 (WP3) of the EMPOWEREDbyNEIA project. It provides a comprehensive overview of the primary public funding opportunities available (2024-2025) at European level and within the project partners’ national and regional level.

The core objective of Task 3.2 is to systematically map the existing funding landscape, spanning public funding sources across national, regional, and European levels. The result of this effort is a robust and accessible repository, designed as an actionable agenda of public funding opportunities. This repository serves as an essential tool for innovation stakeholders, fostering strategic connections with funding agencies, industry players, and local investors to drive impactful projects forward.

A distinctive element of this deliverable is its detailed documentation of funding opportunities specific to each partner region. The repository features tailored sections that highlight national, regional, and local funding programmes in Austria, Bulgaria, Croatia, Estonia, Italy, Poland, and Romania. By focusing on the unique funding landscapes of these regions, the deliverable ensures that stakeholders within diverse ecosystems can access relevant and context-specific information. This targeted approach helps address disparities in funding accessibility and promotes meaningful cross-border collaboration.

1.1 Background on EMPOWEREDbyNEIA project

The European Innovation Policy encompasses a range of initiatives, instruments, and investments addressing diverse challenges, needs, and opportunities. However, regional disparities, territorial inequalities, and limited connectivity between ecosystems highlight the need for stronger synergies and policy coherence to better align sectoral priorities, policies, and key innovation players. To address these issues, the New European Innovation Agenda (NEIA) aims to unify and harmonize policies to accelerate the development and scaling of innovation across Europe.

Aligned with NEIA, the EMPOWEREDbyNEIA project, a Horizon Europe-funded initiative under the European Innovation Ecosystems initiative, seeks to empower regional innovation ecosystems by facilitating the emergence of collaborative, community-based activities and co-designing of Joint Action Plan. This project aims to enhance connections within European innovation systems while fostering policy alignment at the broader European level. Additionally, EMPOWEREDbyNEIA strengthens cooperation among quadruple helix stakeholders through an inclusive, gender-sensitive, mutual learning process at national and regional levels. It envisions shared tools and resources to support startups and scale-ups in driving innovation.

The EMPOWEREDbyNEIA consortium comprises a diverse group of venture accelerators, regional innovation and development agencies, and support organizations from seven European countries—Italy, Austria, Poland, Romania, Bulgaria, Croatia, and Estonia. The consortium’s goal is to unite innovation ecosystem members across these regions, enabling them to identify the strengths, weaknesses, challenges, and gaps in each ecosystem. This collaboration aims to foster connections among key innovation actors, paving the way for implementing joint action plans. The project began in January 2024 and is set to conclude in December 2024.

2. Online repository of Funding opportunities

The funding opportunities identified in this deliverable have been published on the EMPOWEREDbyNEIA project website, under the dedicated section “**Fundings**” (Link: <https://www.empoweredbyneia.eu/fundings/>).

This online repository provides an accessible and user-friendly platform for stakeholders to explore a wide range of public funding opportunities at European, national, and regional levels. The Fundings section of the website includes:

- **Comprehensive listings:** a well-organized repository categorizing funding opportunities by region, funding type, and sector focus to facilitate easy navigation.
- **Search and filtering tools:** interactive features to help users locate relevant opportunities based on specific criteria such as geographic location, type of funding, or upcoming deadlines.
- **Ongoing updates:** regular maintenance and updates ensure that the repository reflects the latest funding calls, modifications, or new opportunities as they become available.

This publication on the EMPOWEREDbyNEIA website ensures that the funding repository is widely accessible, maximizing its impact by supporting innovation actors in accessing crucial resources.

3. List of Public Fundings

3.1 Available European Grants (2024-2025)

#	Topic name	Programme	Deadline	Budget (EUR/project)	Type	Call document/link
1	Support to the activities of the SET Plan Key Action area Renewable fuels and bioenergy	HORIZON-CL5-2024-D3-02-13	04/02/2025	600,000	Lump sum CSA	EU Funding & Tenders Portal (europa.eu)
2	Development of next generation synthetic renewable fuel technologies	HORIZON-CL5-2024-D3-02-02	04/02/2025	4 mil	RIA	EU Funding & Tenders Portal (europa.eu)

1	ecoplus Regionalförderung	Supports sustainable regional projects, especially those in Green Tech and Clean Tech sectors. The program supports initiatives under the "Green Transformation & Bioeconomy" platform, aiming to foster sustainability and the circular economy.	ongoing submissions.	not stated on website.	Regionalförderung (ecoplus.at)
2	COIN (Cooperation & Innovation)	Is designed to support applied research and development, focusing on fostering cooperation between companies and research institutions, particularly small and medium-sized enterprises (SMEs). This program encourages innovation and technology transfer, promoting the development of innovative products, services, and processes.	yearly submissions, last deadline was on March 27, 2024.	For the 2024 calls, a total of €4 million is available for funding innovative projects.	COIN (bmaw.gv.at)
3	aws Energie & Klima	Aimed at supporting start-ups and small to medium-sized enterprises (SMEs) in implementing energy and environmental projects, with a focus on energy management systems and transitioning innovative energy and environmental technologies to industrial-scale production.	Applications can be submitted anytime until 30 June 2025.	Funding up to €200,000 for projects, with up to 50% for energy management systems and 25% for the industrialization of start-ups' technologies. Project duration can last between 1 to 2 years.	aws Energie & Klima - Austria Wirtschaftsservice
4	aws Building(s) Tomorrow	This initiative supports radical and disruptive innovations in the building sector, aiming to drive significant advancements in sustainability and the circular economy. It focuses on both technological and social innovations in building construction, operation, and demolition to reduce resource consumption and lower greenhouse gas emissions.	The next call is expected to open on February 22, 2025.	The program offers a non-repayable grant of up to €100,000, covering up to 80% of eligible project costs.	aws Building(s) Tomorrow - Austria Wirtschaftsservice

#	Topic name	Programme	Deadline	Budget (EUR)	Call document/link
5	TWIN Transition – Sustainable and Digital Transformation of Businesses	This program supports companies that are pioneers in their industries by helping them transition towards sustainable and digitalized production processes and products.	Applications are open continuously from November 8, 2023.	Up to €200 million is available for funding. Individual project budgets start at a minimum of €4 million, with funding tailored according to project scope and EU aid rules.	TWIN Transition - Austria Wirtschaftsservice (aws.at)
6	aws Green Frontrunner - Wachstumsinvestition	This program supports Austrian companies aiming to become market or technological leaders with a focus on sustainability. It encourages projects that align with climate and environmental goals as part of the European Green Deal.	Applications are open on a rolling basis.	Up to €1 million in funding is available for each project, covering investment and development costs. Projects can also be combined with an aws ERP loan for additional financial support.	Green Frontrunner - Austria Wirtschaftsservice (aws.at)
7	aws Innovationsschutz mit Selbstbehalt	Protecting and fostering innovation within Austrian companies in the Green Tech sector.	Applications can be submitted at any time.	Funding covers up to €200,000, with eligible project costs ranging from €20,000 to €150,000. The grant covers 50-80% of the costs depending on the specific module.	IP Management, Intellectual Property, Schutzrechte, Green IP, GreenIP, Green Tech, grüne Technologien - Austria Wirtschaftsservice (aws.at)
8	Klima- und Energiefonds - Stadt der Zukunft	Klima- und Energiefonds	typically annual, last deadline was Q4 2023, new call to be	varies per project (previous calls allocated up to 50 million per project)	

#	Topic name	Programme	Deadline	Budget (EUR)	Call document/link
			expected Q4 2024		
9	Produktion der Zukunft (Production of the Future)	FTI-Initiative (Research and Technology Initiative) initiated by the Austrian Ministry for Climate Action	Regular calls; specific deadlines vary per call (check the ongoing opportunities)	Total funding depends on the call, typically in millions (for example, €2.5 million for a recent call)	Produktion der Zukunft – die FTI-Initiative FFG
10	Öko-Scheck	FFG, supported by the Austrian Ministry for Climate Action	05 March 2024 - 08 April 2024 (expeted again in 2025)	Maximum €12,000 per project, covering 80% of project costs, with total eligible costs capped at €15,000. The program focuses on small and medium-sized enterprises (SMEs) and non-profits aiming to adopt sustainable business practices	Öko-Scheck FFG
11	Internationale Energieagentur (IEA) – Forschungsk Kooperation	IEA Technology Collaboration Programmes (TCPs), with a focus on Austria's participation in global energy research and development initiatives	Typically runs between May and July each year.	In previous years, the total budget was around €2.7–2.8 million, with funding provided for Austrian participation in IEA projects, including research services and development activities.	Forschungsk Kooperation Internationale Energieagentur FFG
12	Energy Transition 2050	FFG - Focuses on societal and economic transitions towards a carbon-neutral and sustainable future,	The 5th call was open from 7	Up to €432,000 in total funding was	Energy Transition 2050 FFG

#	Topic name	Programme	Deadline	Budget (EUR)	Call document/link
		emphasizing social innovations and transition processes that facilitate the energy transition and mitigate climate change impacts.	November 2022 to 22 February 2023. New deadlines should be checked based on current calls.	available for the 5th call, with funding distributed across different research and development services.	
13	FFG - AI for Green (part of AI Ökosysteme 2024)	AI for Green aims to support cooperative R&D projects that utilize or develop AI technologies to contribute to Austria's climate goals. The program focuses on reducing resource and energy consumption, avoiding greenhouse gas emissions, and preserving ecosystems.	Open for submissions from May 15, 2024, to October 8, 2024.	The total budget is approximately €9 million, with individual project funding based on project needs and specific instruments. Each R&D service can receive up to €100,000 (excluding VAT).	AI Ökosysteme 2024: AI for Tech, AI for Green und AIM AT FFG
14	FTI-Initiative für die Transformation der Industrie	This program is part of Austria's Klima- und Transformationsoffensive and aims to support the transformation of Austria's industrial sector by funding innovative technological solutions that reduce greenhouse gas emissions and enhance sustainability in production processes.	The call will be open from June 19, 2024, to October 31, 2024.	The total budget for the 2024 call is €25 million, with the potential to increase by another €25 million from the 2025 budget.	FTI-Initiative für die Transformation der Industrie 2024 FFG
15	FFG Basisprogramm	The program is open to all companies, including startups and SMEs, and covers research and development (R&D) projects. It supports the development of products, processes, or services that have high market potential. The program is technology-neutral and open to all sectors, including Green Tech and Clean Tech.	Applications can be submitted at any time on a rolling basis.	Typically, the program funds 50% of project costs, with startups receiving up to 70%. Project volumes can go up to €3 million, and financing is often a mix of grants	Basisprogramm - Förderung, Bedingungen FFG

#	Topic name	Programme	Deadline	Budget (EUR)	Call document/link
				and low-interest loans.	
16	FFG Impact Innovation	This program supports projects that aim to solve a problem for which no satisfactory solution currently exists. It promotes the use of innovation methods to generate new ideas and develop impactful solutions in any industry or field.	Applications can be submitted on an ongoing basis, with no specific deadline.	The program provides funding of up to 50% of eligible project costs, with a maximum grant of €75,000. The total project budget can be up to €150,000.	Impact Innovation – Funding, Guidelines FFG
17	Vienna Planet Fund	With the Vienna Planet Fund, we support companies from Austria and abroad as well as start-ups from all sectors in the development of climate-friendly products, technologies or services. Come to Vienna with your national or international company and let our team advise you free of charge.	application on a rolling basis, twice a year funding decision 31. August 30. November	max 250.000 per project and max 45% of total project costs, project duration max 2 years	Förderung Vienna Planet Fund - Wirtschaftsagentur
