

SMART ERA

YOUR COMMUNITY, OUR FUTURE

REVITALIZING RURAL COMMUNITIES: DISCOVER HOW WE MAKE A DIFFERENCE!

SMART ERA is dedicated to revitalising rural landscapes by addressing depopulation and tackling socio-economic and environmental challenges. The project will drive a community-centered transformation over the next four years.

Our impacts will span across technology, governance, business, society, and policymaking, fostering sustainable development and growth.

OUR VISION IS NOTHING SHORT OF TRANSFORMATIVE: WE'RE FOSTERING CHANGE IN RURAL AREAS ACROSS EUROPE

In every rural region, distinct socio-economic and environmental hurdles demand immediate action. With our partners leading the charge, Smart Innovation Packages (SIPs) are being crafted and tested in our pilot regions.
