⁴ In Euro, rounded to the next full Euro. Based on the assumption of a pre-registration with a free and validated Joyclub profile, and the use of a prepayment option, if available. Specific prices for TS/TG persons who do not produce a government ID which states their female gender are not considered. If, in case of doubt, TS/TG persons can demonstrate that they are considered female by state institutions, they are treated as female also in terms of entrance fees. The reverse constellation is irrelevant in practice, as, without exception, women pay lower prices than men for the events discussed here.

⁵ Prices for people (men, women, or couples with couple profile) who have a paid premium membership at Joyclub. The events can be advertised in Joyclub free of charge. The management of registrations, including the use of convenience functions, is also free of charge for event organizers. However, preferential listing occurs when an event organizer grants a discount to Joyclub premium members, the minimum amount of which is stipulated by Joyclub. See Joyclub (n.d.-a & n.d.-b).
