

Oracle feedback

Hello, you had been receiving emails from the Oracle virtual assistant during your first year at the university. The Oracle has been improved to provide new information for students. Now, it can analyze your code, find issues, and provide advices on fixing them. Besides that, it will show you the correct formatting for your code so you can keep practicing clean code using coding conventions.

* Označuje povinnú otázku

I think that this kind of feedback is a great idea. *

	1	2	3	4	5	
Disagree	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	Agree

I think that Oracle feedbacks would help me to improve my results and working skills. *

	1	2	3	4	5	
Disagree	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	Agree

Reading emails from Oracle is just a waste of time. *

	1	2	3	4	5	
Disagree	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	Agree

Oracle feedbacks would motivate me to get better. *

	1	2	3	4	5	
Disagree	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	Agree

I would recommend to use Oracle every year during ZAP and PVJC course. *

	1	2	3	4	5	
Disagree	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	Agree
