

A background image of a wetland with several flamingos standing in shallow water. The water is calm, reflecting the flamingos and the sky. The sky is a pale blue. In the foreground, there are some colorful, abstract lines and dots in shades of red, orange, and yellow, resembling a circuit board or a data network. The overall background is a mix of blue and purple geometric shapes.

Welcome! Selamat Datang!

CODE OF CONDUCT

At Crossref, we assume that most people are intelligent and well-intentioned, and we're not inclined to tell people what to do. However, we want all engagement with Crossref to be safe and productive for everyone involved. To that end, this Code of Conduct frames our expectations for behavior when interacting with Crossref staff and our community—in person and online—including when enquiring about membership, at our events, during meetings and webinars, through social media, email, support tickets, and forum discussions.

Crossref is dedicated to providing a harassment-free experience for everyone. We welcome your questions, concerns, and feedback relating to any aspect of our work and offer many opportunities to do so.

<https://www.crossref.org/code-of-conduct/>

CODE OF CONDUCT

Expected behavior

While interacting within a Crossref environment in any way, we expect you to respect all staff and community members, regardless of any diversity characteristics which include but are not limited to:

- age
- citizenship status
- disability
- ethnicity
- family and other caring responsibilities
- gender
- geographic location
- military/veteran status
- national origin
- physical appearance
- political beliefs
- pregnancy/parental status
- professional career level
- race
- religion/value system
- sex
- sexual orientation
- socio-economic background/social class

List of Speakers

Dr. Fauzan Adziman, S.T., M.Eng

Dr. M. Fauzan Adziman, S.T., M.Eng., Ph.D., is a prominent Indonesian technopreneur and academic known for his work in advanced manufacturing and materials science. He completed his undergraduate studies at Institut Teknologi Bandung (ITB) in 2003 and later pursued graduate education in engineering. His career has been marked by a strong focus on technology commercialization, including the founding of Alloyed Ltd — a research-driven spinout from Oxford University. His areas of expertise include innovation ecosystems, industrial technologies, and the transfer of scientific advancements into practical applications. In January 2025, he was appointed as the Director General of Research and Development at Indonesia's Ministry of Higher Education, Science, and Technology (Kemendikristek), where he contributes to shaping the country's research and innovation strategy.

An Introduction to Crossref

ROR IDs, ORCID iDs, dan Similarity Check URLs

Mochammad Tanzil Multazam dan Robbykha Rosalien

List of Speakers

Mochammad Tanzil Multazam

Tanzil is the Head of Library Universitas Muhammadiyah Sidoarjo Law Department. He has been a pivotal figure at Universitas Muhammadiyah Sidoarjo Law Department since 2013. His journey in academia began with a Master's degree in Notarial Law from Universitas Airlangga, laying the foundation for a career marked by expertise and innovation in Business Law and Information Technology Law. Since 2016, he has been a Board of Supervisor for Relawan Jurnal Indonesia and involved with the Asosiasi Pengelola Jurnal Hukum. His role at Relawan Jurnal Indonesia as the leader in providing Digital Object Identifier services from Crossref is particularly notable. Under his guidance, the organization handles over 13,000 academic journals and 3,000 publishers, making it the largest Crossref Sponsoring Organization globally.

**Siapa saja
Anggota
Crossref?**

Perkembangan Anggota Crossref

SCALE OF CROSSREF TODAY

23,500 anggota Crossref dari **163** negara

- **50%** anggota berasal dari Asia
- **40%** berasal dari Universitas atau akademik

4371 (18.6%) member dari Indonesia, jumlah member paling terbanyak dibandingkan negara lain

120 Sponsor orgs; **50** Ambassadors

163 million open metadata records with DOIs

1.3 billion DOI resolutions per month (**94%** of all DOI use)

2 billion calls to our API every month by **0000s** (?) systems ingesting and reusing this open metadata

USD \$12.5 million operating expenses in 2025

Apa kewajiban sebagai Anggota Crossref?

- Melakukan registrasi DOIs yang unik untuk setiap item publikasinya
- Memberikan metadata yang kaya dan akurat
- Menayangkan DOI nya pada unique landing page nya untuk setiap item yang dipublikasikan
- Menjaga data metadata untuk selalu terkini/mutakhir

25

Crossref
CELEBRATING 25 YEARS

**Kenapa sebuah
organisasi daftar
Crossref?**

Manfaat menjadi Anggota Crossref

- Buat dan kelola catatan metadata yang lengkap untuk ikut menciptakan Research Nexus.
- Meningkatkan peluang konten yang Anda terbitkan dilihat dan dikutip
- Metadata dibagikan secara bebas dan terbuka dengan ribuan sistem lain dalam ekosistem penelitian global.

Board elections

- All members can stand for a seat on the board
- All members can vote for the board
- Board a mix of small member organizations, and larger member organization
- Current board: USA, Germany, Netherlands, South Korea, France, Kenya, Chile, UK, Lithuania.
- Do vote in September, and maybe stand for the board next year.

Kesimpulan

- As a Crossref member, you can create persistent identifiers and rich metadata records for your published content.
- These metadata records are freely and openly shared with the global scholarly community in a machine readable way, maximizing your content's discoverability.
- As a member, you have a key part to play in creating The Research Nexus, so we can all work together towards a scholarly record that the global community can build on forever, for the benefit of society

Metadata

Mochammad Tanzil Multazam dan Robbykha Rosalien

Apa itu metadata?

- **Basic:** titles, dates, author names, abstracts, DOI, location URL
- **Full-text URLs:** e.g. for text-mining and Similarity Check
- **Crossmark:** updates, retractions, corrections
- **Relationships:** versions, translations, data, references, citation
- **Provenance:** publisher/funder/steward information
- **Subject-specific:** e.g. clinical trial info
- **Funding information:** Funder Registry ID, award numbers/Grant DOIs
- **Contributor & Affiliations:** ORCID iDs and ROR IDs preferred

Mendaftarkan DOIs

- Pastikan registrasi berhasil, link DOIs nya dapat di klik dan muncul ke artikel yang dituju
- Perhatikan terhadap unregistered DOI

Unregistered DOIs

VISIT DOI.ORG

DOI NOT FOUND

10.52166/tasyri.v31i01.553

This DOI cannot be found in the DOI System. Possible reasons are:

- The DOI is incorrect in your source. Search for the item by name, title, or other metadata using a search engine.
- The DOI was copied incorrectly. Check to see that the string includes all the characters before and after the slash and no sentence punctuation marks.
- The DOI has not been activated yet. Please try again later, and report the problem if the error continues.

Metadata should be:

Compatible: for use by machines and people

Complete: include as much data as possible

Credible: error-free

Maintained: make updates, add new data

Getting your metadata right

- **Clean:** identify and correct any errors.
- **Complete:** add more when available (references, ORCID iDs, funding data, licence information}
- **Up-to-date:** metadata may change over time, such as when a URL is updated, so make sure your metadata is updated with these changes.

But what if it is wrong?

Common errors

- Missing or incorrectly spelled author names
- Out-of-date metadata
 - URL changes that mean the DOI no longer works
 - Missing publication dates
- Incorrect ORCIDs
- Titles that don't match
- Spelling mistakes

RESEARCH NEXUS

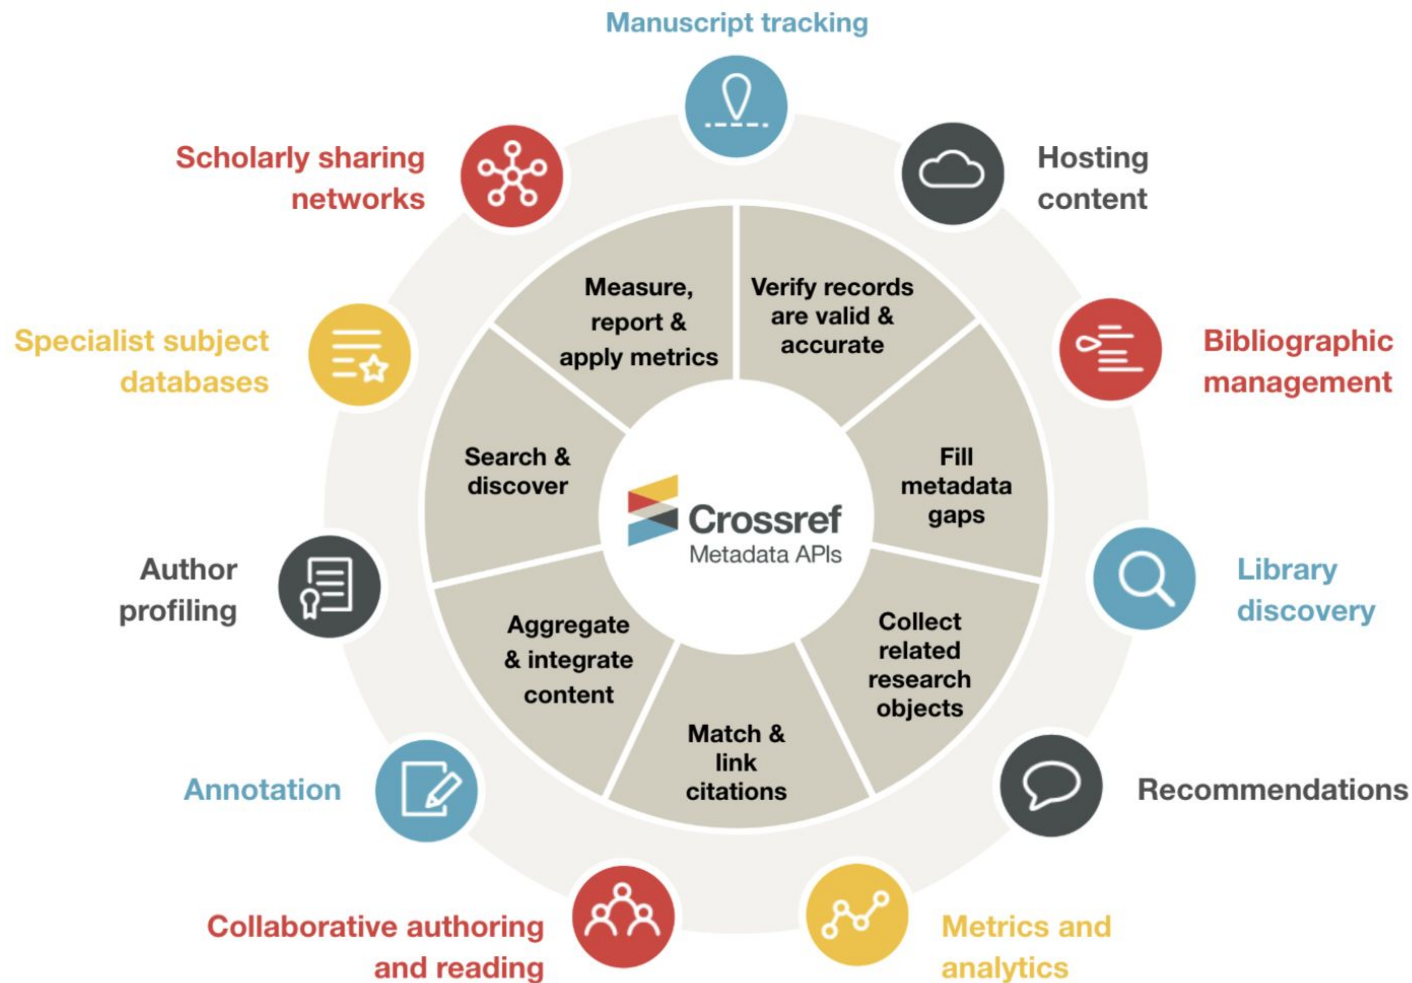

Like others,

"we envision a rich and reusable open network of relationships connecting research organizations, people, things, and actions;

a scholarly record that the global community can build on forever, for the benefit of society."

Metode Registrasi Konten

Cara update DOI pada konten yang sudah dipublikasi

Memperbarui catatan DOI satu per satu

- Jika Anda menggunakan OJS Plugin: buka artikel yang relevan, batalkan publikasi, tambahkan elemen yang hilang, simpan, dan publikasikan ulang.
- Jika Anda menggunakan New Record Registration form: *re-deposit the whole record with the missing element.*
- Jika Anda mengirimkan XML kepada kami: kirimkan catatan XML Anda dengan elemen yang hilang. Jangan lupa untuk memperbarui timestamp Anda.

New Record Registration form

Kelebihan New Record Registration form dibandingkan Web Deposit Form:

- Kemampuan untuk registrasi referensi
- Kemampuan untuk registrasi metadata afiliasi (termasuk ID ROR)
- Validasi input untuk mencegah kesalahan pengiriman
- Pengalaman pengguna yang lebih sederhana

Catatan: pastikan jurnal Anda memiliki ISSN apabila mau menggunakan New Record Registration form

New Record Registration form

The screenshot shows the Crossref Record Registration interface. At the top, there is a header bar with the Crossref logo on the left, a user profile section in the center showing a question mark icon, the email 'lstoll@crossref.org', and a language dropdown set to 'EN'. Below the header is a dark blue navigation bar with a hamburger menu icon and the text 'RECORD REGISTRATION'. The main content area is white and contains the heading 'Start record submission' followed by the instruction 'Register your metadata with Crossref by filling out a simple form.' There are two buttons: a dark blue 'NEW RECORD' button and a white 'LOAD RECORD' button with a blue border. At the bottom, there is a note: 'Select or drag & drop a record you have previously downloaded from this tool, then re-submit it to make changes to your metadata.' A vertical 'Feedback' button is located on the right side of the main content area.

- Silahkan klik web ini <https://manage.crossref.org/records> dan log in
- Klik “New record”, kemudian pilih “Journal article”

Crossmark

- The DOI of the journal's Crossmark policy page can be registered using the new tool.
- The Web Deposit Form can be used to register additional Crossmark metadata, including post-publication updates, for journal articles.

Titles

Full title of
journal*

The unabbreviated title of the journal. Note that if you have previously registered articles in this journal with Crossref, you will need to enter the exact same journal title that was registered with previous articles. You can also search for your journal title on the Crossref title list. [Learn more](#)

Full title of journal* —

URLs for other purposes

- License URLs
- Similarity Check URLs

License URL (optional)

A link to a license that explains the terms and conditions under which readers can access or use the article, starting with http:// or https://. [Learn more](#)

License URL (optional)

<https://www.example.com/1>

Similarity Check full text URL (optional)

A full-text URL for indexing the article in the iThenticate database, starting with http:// or https://. Provide this if you participate or plan to participate in Similarity Check to prevent plagiarism. [Learn more](#)

Similarity Check full text URL (optional)

<https://www.example.com/2>

References (optional)

Paste the article's reference list here. After you submit your record, we will match the references against existing Crossref DOIs where possible. Each reference needs to start on a new line, with no line breaks within an individual reference. You can use any reference style and don't need to remove any numbering. [Learn more](#)
