Welcome to the 11th CBEES Annual Conference!

Knowing Eastern Europe and the Baltics

Södertörn University, Stockholm

4–5 December 2025

At a time when knowledge is increasingly contested and fragmented, this year's conference invites critical reflection on how knowledge is produced, situated, and challenged—particularly in relation to Eastern Europe and the Baltics. Through panels, roundtables, and individual presentations, we explore shifting epistemic landscapes, geopolitical tensions, and the emergence of new ways of knowing.

We look forward to engaging discussions and shared insights across disciplines.
