Household Roster: Household Members and Schooling Status

NOTE: This roster should be used to record responses to Indicators 2 and 4.

Write down the first name or nickname and age of each household member. Then record the total number of members in the roster and mark the response to the second scorecard indicator.

For each household member who is 7 to 14-years-old, ask: Did <name> attend formal school during the last school year? Based on the responses, circle the response for the fourth indicator.
