## **Back-Page Worksheet:** **Members of the Household**

Write down the name and identification number of the client and of yourself as the enumerator, as well as the service point that the client uses and the service point from which you work. Record the date of the interview and the date when the client first participated with the organization. Then read to the respondent:

Please tell me the names of all members of your household. Someone is a household member if he or she currently lives with the other household members (and has done so for at least six of the past 12 months or intends to do so for at least six months), eats with the other household members, and shares income and expenses with the other household members.

Write down the first names of all household members. Then write the total number of members in the scorecard header next to “# Household members:” and circle the response to the first indicator.

Keep in mind the full definition of household member in the “Guidelines for the Interpretation of Scorecard Indicators”.
