

Parental Authorization – Minors

The project “SOCPacific2R - A Sea of Connections: Valuing Reef Passages in the South Pacific Region”, led by researchers from the University of the South Pacific (USP), the French National Research Institute for Sustainable Development (IRD), and the Leibniz Centre for Tropical Marine Research (ZMT), is both an interdisciplinary research and educational project. One of its objectives is to understand, through various productions (such as drawings and oral or written descriptions), children’s representations, knowledges, and practices concerning reef passages. These data will feed into a scientific database.
