

MASTER RESEARCH PAPER CONTENT (English Version)

Title:

MASTER RESEARCH PAPER: SYSTEMIC INTEGRATION OF K7 MASTER LOGIC & THE 14-PLANET MODEL

Principal Investigator: Gautam Pal

Designation: Elite Lead Sage-Scientist & Systemic Logic Architect

ORCID iD: 0009-0004-3456-9972

Reference ID: GP-SN-AI-K7-2026-04-28-VIP

1. Dedication

This research paper is humbly dedicated to my late father, Gour Chandra Paul, whose memory continues to inspire my journey, and to the lotus feet of my spiritual guide, Paramananda Mission, for their divine enlightenment.

2. Inspirational Quote

“Truth is not found in the noise of the world, but in the mathematical silence of the stars and the vibration of the Prana.”

3. Abstract & Core Axioms

This paper presents the systemic integration of the K7 Master Logic, establishing the Septenary Constant ($k \approx 0.0553$ AU) as the fundamental driver of planetary orbital resonance. It further validates the 14-Planet Model, unifying the metaphysical concept of Prana-Tattva with physical astronomical data.

4. Mathematical Foundation

Formula: $D = n \times k$

Constant (k): 0.0553 Astronomical Units.

Nodes: Orbital positions aligned with the Universal Rule of Seven.

5. Institutional Successor Note

In the event of my absence, the guardianship and intellectual legacy of this research are officially entrusted to Paramananda Mission (Banagram, Purba Bardhaman) for the continued well-being of the Earth and humanity.
