Start of Block: Tables and Choice

Below are two lists of different contemporary Israeli songs. The lists were created by two different people, Mike and Dave.

Each list is ranked from the best song (i.e., the #1 song) at the top to the worst song at the bottom.

We've highlighted one song from each list.

**Choose the song that you want to listen to. On the next page, you'll listen to a clip from the song that you chose.**

Which of these songs would you like to listen to?

- ☐ "{e://Field/randomizedList3\_1}" (the song ranked #2 out of 8) (1)
- ☐ "{e://Field/randomizedList3\_11}" (the song ranked #4 out of 16) (2)
- ☐ "{e://Field/randomizedList3\_1}" (the song ranked #2 out of 8) (3)

[The song creator and whether the song was on the left or right side was counterbalanced. All 24 potential songs were randomized across the lists.

If the short list was on the left, then participants chose between options 1 and 2; if on the right, they chose from options 2 and 3. This was so the presented options matched the list order.]
