AAP Gang War Intensifies

In a historic blow to AAP, seven of its ten Rajya Sabha MPs, led by Raghav Chadha, announced their decision to quit the party and join the BJP. [Read More](#)

AAP Corruption Model

The “AAP Corruption Model” is a 16-step operational cycle designed to maintain a veneer of populism while executing large-scale fiscal extraction. [Read More](#)

The Great Silicon Valley Pivot

The global corporation is evolving from a community of people into a streamlined architecture of Artificial Intelligence and software algorithms. [Read More](#)

Modernizing India's Education

The Constructive Education Framework is the only viable path to transforming India's “dependent, idle society” into a moral, employable workforce. [Read More](#)

Council of Europe Chief Issues Call to Action

Secretary General Alain Berset issued a rallying cry to the Parliamentary Assembly, asserting that “democracy is still alive” and urging lawmakers to maintain momentum despite a backdrop of profound geopolitical tension. [Read More](#)

AAP Corruption Probes

Sources reveal a “gang war” within the party, alleging that Raghav Chadha refused to return over ₹1,000 crore in “dirty money” to the Kejriwal leadership. [Read More](#)

केजरीवाल के भ्रष्टाचार का मॉडल

एक हालिया रिपोर्ट ने आम आदमी पार्टी (AAP) के भीतर एक व्यवस्थित “भ्रष्टाचार मॉडल” का खुलासा किया है। यह रिपोर्ट बताती है कि कैसे राज्य मशीनरी का उपयोग व्यक्तिगत लाभ के लिए किया जा रहा है। [Read More](#)

Warner Bros.-Paramount Merger

More than 4,369 film and television professionals, including over 75 Academy Award winners and nominees, signed an open letter opposing the deal. [Read More](#)

Rodrigo Duterte ICC Case

The Appeals Chamber of the Criminal Court (ICC) confirmed that the Court maintains jurisdiction in the case of The Prosecutor v. Rodrigo Roa Duterte. [Read More](#)

Systemic Failures in ICICI Bank’s KYC Protocols

An audit of ICICI Bank’s recent conduct reveals a “systemic rot” characterized by a failure of internal control systems and a disregard for procedural accuracy. The competency of the institution’s human capital is equally suspect. [Read More](#)

New CEOs at Apple and LinkedIn

The appointment of John Ternus as Apple's next CEO represents more than a simple change in personnel; it signals the definitive conclusion of the "Post-Jobs" era. [Read More](#)

Violence Against Politicians

Council of Europe: Rising violence and hate speech targeting politicians pose a direct threat to the foundations of democratic life and pluralism. [Read More](#)

Pope Leo Downplays Feud with Trump

Pope Leo sought to de-escalate a public rift with U.S. President Donald Trump, stating that it is "not in my interest" to debate the American leader. [Read More](#)

Rising Impunity in Detention Centers

The Council of Europe has released a report, sounding an alarm over the deteriorating treatment and living conditions of detainees across Europe. [Read More](#)

The Rise of Frontier AI Models in Global Cyber-Defense

By April 2026, the artificial intelligence landscape has undergone a fundamental architectural pivot. For years, general-purpose Large Language Models (LLMs) operated under rigid safety guardrails. However... [Read More](#)

Petra Bayr Calls for Principled European Leadership

Petra Bayr, the President of the Parliamentary Assembly of the Council of Europe (PACE), opened the assembly's spring plenary session with a forceful call for European leaders to defend universal human rights and the rule of law. [Read More](#)

AAP Leadership Boycotts Court

In a dramatic escalation of the legal battle surrounding the Delhi excise policy, former Deputy Chief Minister Manish Sisodia has joined Arvind Kejriwal in a total boycott of judicial proceedings before Justice Swarna Kanta Sharma. [Read More](#)

5 Ways OpenAI is Quietly Reshaping Your Reality in 2026

OpenAI's principle of "Resilience" posits that the only responsible way to handle a tectonic technology is to let society "co-evolve" with it. Sam Altman's "Universal Prosperity" principle addresses the "weird" paradox of OpenAI's current business model. [Read More](#)

Forensic Analysis of Bollywood Box Office Data Laundering

The core issue, identified as "The Data Currency Fraud," involves the laundering of unverified Bollywood box office figures through international tracking agencies, a process that results in "Information Poisoning." [Read More](#)

Bisleri Under Scrutiny: Water Purity in Question

Is Your Bisleri Water Safe to Drink?

File Your Complaint Against Bisleri

www.rmnnnews.com

FSSAI's Silence and Bisleri's Lapses

India's food safety framework is designed to protect consumers. Yet, the ongoing case involving Bisleri and the inaction of the Food Safety and Standards Authority of India (FSSAI) reveals how easily this framework can fail when enforcement collapses. [Read More](#)

A Student's Guide to EVMs and Electoral Integrity

When the mechanics of an election are shielded from public view, the foundation of the state itself begins to erode. As we examine the shift from paper to digital systems, we must apply a forensic lens to the tools that facilitate our most fundamental right. [Read More](#)

Delhi Excise Policy Case

Legal Case Memorandum: The protection of the public exchequer and the integrity of the excise system require the judiciary to exercise significant “spine” in addressing high-stakes political corruption. [Read More](#)

Simulation-First Revolution

Guide for Small Manufacturers: Transitioning to a simulation-first workflow allows manufacturers to shift from physical guesswork to software-defined precision. This paradigm offers several advantages. [Read More](#)
