About the Book

THE REALITY OF EXISTENCE | حقيقة الوجود والمعنى is the foundation book of The Source of Truth System™ | نظام مصدر الحق

It begins before belief, before identity, before religious argument, and before moral responsibility. It begins with the first question beneath every serious human question:

Why does anything exist at all?

The book asks the reader to examine reality itself. What is existence? Why is there something rather than nothing? Can truth stand without a foundation? Can meaning survive without a Source? Can the human being understand life without first asking what is real?

The central burden of the book is simple:

Before belief, there is a question: what is real?

This overview introduces the book's purpose, position, and role as the opening stage of the wider Source of Truth System. It is not the full manuscript. It is a brief introduction to the foundation question that begins the journey.

Why This Book Matters

Many people today begin in the middle of the map. They debate belief, morality, identity, purpose, religion, and destiny before asking what kind of reality they are living inside.

But if the foundation is unclear, every later question becomes unstable.

- *If reality is accidental, meaning becomes fragile.*
- *If truth is only preference, morality becomes negotiation.*
- *If the human being is only matter, dignity becomes difficult to defend.*
- *If life has no Source, purpose becomes invention.*

The Reality of Existence is written as a return to the beginning.

It asks the reader to pause before conclusions and examine the ground beneath all conclusions. The book does not begin by demanding inherited belief. It begins by asking the human being to look carefully at existence, dependency, meaning, consciousness, morality, death, and the need for a foundation.

Place in the System

Within The Source of Truth System™ | نظام مصدر الحق, this book is Stage 0.

Its human function is:

What is real.

The system begins here because every later question depends on reality. Revelation, Tawheed, Qadar, identity, inner formation, responsibility, and prophetic guidance all require a foundation.

THE REALITY OF EXISTENCE opens that foundation.

The next stage of the system is THE BOOK | الكتاب -- Why Revelation Is Necessary, which continues the question: if reality has a Source, then has the Source spoken?

Closing Note

THE REALITY OF EXISTENCE | حقيقة الوجود والمعنى is not written as a casual philosophical exercise. It is written as a serious first audit of the human condition.

- *The reader exists.*
- *The reader did not create themselves.*
- *The reader moves through time.*
- *The reader faces death.*
- *The reader seeks meaning.*
- *The reader carries responsibility.*

The question cannot be avoided:

What is real?

Build carefully. Operate intelligently. Grow with purpose.
