

## Biosynthesis and Metabolism of Anthraquinone Derivatives

**Authors :** Dmitry Yu. Korulkin, Raissa A. Muzychkina

**Abstract :** In review the generalized data about biosynthetic routes formation anthraquinone molecules in natural cells. The basic possibilities of various ways of biosynthesis of different quinoid substances are shown.

**Keywords :** anthraquinones, biochemical evolution, biosynthesis, metabolism

**Conference Title :** ICBBBE 2014 : International Conference on Biochemical, Biomolecular and Biopharmaceutical Engineering

**Conference Location :** Stockholm, Sweden

**Conference Dates :** July 14-15, 2014
