【# 吉林确 识 第一 例New case of pneumonia #】 According to the Jilin Health Commission: Yesterday, a suspected case returning from Wuhan to Changchun was confirmed by the National Health and Health Commission to be the first imported pneumonia infected by new type coronavirus Confirmed cases.

The patient was a 42-year-old female. She returned from Wuhan on January 19 due to fever and cough to a designated medical institution. The medical institution highly suspected that it was a suspected case and treated it in isolation. After reviewing the laboratory of the Chinese Center for Disease Control and Prevention, combined with the clinical manifestations and epidemiological history of the patient, the diagnostic expert group of the National Health and Health Commission evaluated and confirmed that it was a confirmed case of pneumonia with new coronavirus infection. At present, the patient's condition is stable. Medical observation has been carried out on those who have been in close contact with him, and no abnormalities such as fever have been found.

The Jilin Provincial Party Committee and Provincial Government attach great importance to the prevention and control of pneumonia outbreaks of new coronavirus infection, strengthen the leadership of epidemic prevention and control organizations, strictly implement territorial responsibilities and departmental responsibilities, and take strict work discipline. The health and health department has strengthened prevention and control throughout the entire process, all fields, and all hours. The province has set up provincial, city and county three-level medical treatment expert groups to determine 68 new-type coronavirus-infected pneumonia designated treatment medical institutions. , Refining and realizing early detection, early reporting, early isolation, early treatment and centralized cases, centralized experts, centralized resources, and centralized treatment measures, fully block input and prevent proliferation.

If you are returning from Wuhan, or have contacted people from Wuhan, please be honest, try not to contact others, and pay attention to whether you have a fever, a dry cough, or fatigue, if you go to the hospital in time. This is not for you, this is a realization, it is also a responsibility, but also for your family, friends, and the whole country!

Super invincible big snow : the three eastern provinces are all back from Wuhan😭😭

Qin Lu slowly twisted : Knowing that they are eager to go home, but happy to bring the virus home?

簪花少年西门庆

突然想到大年初一之后全国各地都有很多庙会.....持续到元宵节 可以管控一下吗..... 不要再进行大型庙会人口聚集了!!!

百景Clothy:中央台还在给这些集会活动宣传呢，体现年味🤔

簪花少年西门庆:庙会人口聚集！中老年多！

阿kikikiki

湖北不止有武汉，还有很多市区县州，目前三大运营商没有短信提醒，街上也没有什么宣传册，坐标武汉周边黄石市，街上一堆人不戴口罩，照样买年货走亲戚，请政府采取有效措施，统计湖

阿kikikiki:湖北同胞们一起来发声吧，我们需要自救，我们也需要公众的视线🙏

就是这名患者, 19号当天长春市吉大一院就通报过, 并且作为疑似将患者转到长春市传染病医院隔离排查。当日患者拿着武汉当地医院门诊的病例返回长春, 武汉的诊断为甲流1型感染! 真不知道武汉那边是怎么查的! 在干什么! 相信这个患者不是偶然, 也不是第一个误诊返乡的😭

腾元张:我看报道说她有证明不是呢.....太气人了
as公主团:@as公主团: 我的微博有当天患者到吉大一院后急诊大夫的接诊情况, 和医院声明

Today, I will take a train from Jiangsu to Jilin for 26 hours. The masks sold out are red all the way.🙄🙄🙄

Youth does not give up w : Jilin is not so urgent before, so masks are relatively easy to buy, and there is no price increase. I bought them easily this morning, both ordinary and N95, pay attention to safety❤️
Silly, not stupid : There are quite a few masks on Jilin. . You can go hungry me first to find where. Then get off and go to that pharmacy
