Paradoxically such non-ontologising/disontologising surreptitious knowledge-without-knowledge/knowledge-outside-knowledge/extra-knowledge manifestation as to their surreptitious claim of supposedly upholding given societal, cultural and economic values have in many ways because of their prospective surreptitious non-ontologising/disontologising undermining of veridical and consequential social criticism left the door open to surreptitious socio-econo-political disenfranchising with hardly any response to the recurrent aspirational crises underlying decadal institutional crises and social malaises. In many ways the inherent latency/lumbering/passivity of the public institutional form (increasingly bereft of veridical thoroughgoing/profound civil society social criticism) has effectively been enabling for such quick-moving and numbing/thought-deadening ‘socially radiating sway of non-ontologising/disontologising surreptitious knowledge-without-knowledge/knowledge-outside-knowledge/extra-knowledge desublimation (substituting over prospective veridical knowledge sublimation possibilities of social and institutional constructs as reflexively construable from veridical prospective ~~‘implicated-attendant-ontological-contiguity⁶⁷’~~~educated-existentialising/contextualising/textualising—‘intelligibility/epistemicity/reflexivity-contiguity_imbued-notional~cogency’⁴⁰)’. In many ways such a surreptitious claim to veridical societal and cultural

traditions that have to ‘supposedly be protected from prospective existence—as-the-absolute-a-priori-of-conceptualisation~and~existence—as-sublimating-withdrawal/unenframing/re-ontologising,-elicited-from-prospective-profound-supererogation⁹⁶-<as-to-perspective-ontological-normalcy/postconvergence-implied-‘prospective-aporeticism-overcoming/unovercoming’>’ speaks of a surreptitious self-anointedness that do not veridically reflect advantageously upon prospective individual, institutional and social emancipation/sublimation possibilities but rather speaks to an undercurrent of vague domineering that is not socially accounted-for (especially as can be reflected as from the ‘dragged-out nature or psychologismic-epistemic-acutisation-<as-to-postconverging-de-mentating/structuring/paradigming,-eliciting-of-existence’s-sublimating-nascence-in-prospective-aporeticism-overcoming/unovercoming> as to epistemic-growth,-as—{veridical/sound}-relative-reflexivity-in-existence/relativising-from-limited-mentation-as-its-deepening/psychologismic-epistemic-acutisation—residualising,—{decompulsing}delinearity-for-eogeny’ of ‘prospective⁸³reference-of-thought appraisal of sublimating-nascence comprehensiveness/nonimmediacy/indirectness’) but for a mere sense of social ascendancy which paradoxically leaves in its ‘non-ontologising/disontologising wake’ socio-econo-political crises and malaises to which the majority of the citizenry only come across in serenity as to their numbed/manipulatable/gullible underlying sense of common nation-belonging (and most critically manifests of a veridically suboptimal human-decisionality-<as-to-play-of-valid/invalid-decisionality-imbued-sublimation/desublimation> capacity). In this regards, it is herein contended that veridical thought do not need any protection from itself with such covert/underhanded/minioning attitude of non-ontologising/disontologising surreptitious knowledge-without-knowledge/knowledge-outside-knowledge/extra-knowledge manifestation which is very much paradoxical as it is rather more socially dangerous (as to when it implicitly posits to ‘covertly police’ right/sound thought) in the sense that it is exactly the need for

reflected geopolitically in many a developing country ‘relatively poorly-detached social

communioning socially-enculturated direct/indirect ontologising-capacity of good governance polity’ as so-enabling a prospering/self-sustaining/emancipating social-functioning-and-accordance—as-of—social-stake-contention-or-confliction (a reality which even many a developed country seem to be oblivious-to as to a naïve emphasis of an international relations largely skewed on the basis of mere governmental projection that a given developing country is of ‘supposedly relatively detached social enculturation of intellectualising/thinking-out/ontologising conception of overall sovereign polity design-and-implementation substantivity’ and in many ways such an orientation is relatively of poor assistance with regards to such a ‘requisite formation of an overall communioning socially-enculturated direct/indirect ontologising-capacity of good governance polity’ and rather sometimes ending up inducing a generalised political paranoia magnifying the poor dynamics of ‘overall communioning socially-enculturated direct/indirect ontologising-capacity of good governance polity’ as so-undermining the possibility of a prospectively prospering/self-sustaining/emancipating social-functioning-and-accordance—as-of—social-stake-contention-or-confliction). This again fundamentally underlines the patchwork nature of international relations that fails to delve into a sound appraisal of a coherent and creative global and multilateral institutions and systems ontologising-capacity expansion as to a sublimating re-thinking/re-rationalisation of what is the-human/humanity; as international politics and its attendant crises rather arises/manifests as of a crises-driven ‘secondary and mitigating contemplative concern’. Unsurprisingly, this is in many ways the reflection of the political and institutional processes of many a developing country ontologically-flawed ‘presumed incontrovertibility of the ontological-veracity-<as-to-prospective-ontologising-and-re-ontologising> of social-functioning-and-accordance—as-of—social-stake-contention-or-confliction’ in the face of their manifest palliative and collateralising ‘vague normalised/stereotyped/selfhelping/feel-good narratives’ of institutional and media contrivance as of ‘process/processive mere-formulaic—

of—referencing/registering/decisioning and the derived value-construction’ induced moronisation-<sublimating-nascence,-~~extricatory~~-desublimating-downstreaming/‘avalage’>).

It is rather the ‘existential constraining of the produced sublimating re-rationalisation-of-contentivity/argumentativity/dialecticism/discursivity’ (as for instance the existential-<~~disontologising/re-ontologising—aporeticism~~> constraining of positivistic prospective cure from the doctor, positivistic prospective technical transformation from the technician/engineer, positivistic prospective scientific breakthrough from the researcher, positivistic prospective social transformation from the social scientist/advocate/policymaker, etc.) that is ultimately bound cross-generationally to produce the prospective positivistic secondnatured institutionalisation superseding/overcoming of the human ontological-bad-faith/inauthenticity⁶⁴~preconverging-de-mentating/structuring/paradigming⁶⁵ of non-positivising ‘dominance/vested-interest structure in relative-ontological-incompleteness⁸⁸—presublimation-construct-of-⁵⁶meaningfulness-and-teleology⁹⁹ prospective desublimating rationalisation-of-contentivity/argumentativity/dialecticism/discursivity of social-and-institutional-frameworks-of—referencing/registering/decisioning and the derived value-construction’ induced disontologising/subontologising moronisation-<sublimating-nascence,-~~extricatory~~-desublimating-downstreaming/‘avalage’>. In other words, the ‘prompting of supposed rationalisation-of-contentivity/argumentativity/dialecticism/discursivity’ is secondary-to-and-derived-from ‘prospective existentially-<~~disontologising/re-ontologising—aporeticism~~> exuding sublimating-nascence’ with the implications that it is naïve to construe of ‘rationalisation-of-contentivity/argumentativity/dialecticism/discursivity of social-and-institutional-frameworks-of—referencing/registering/decisioning’ as superseding ‘prospective existentially-<~~disontologising/re-ontologising—aporeticism~~> exuding sublimating-nascence’; as rather ‘rationalisations-of-contentivity/argumentativity/dialecticism/discursivity of social-and-institutional-frameworks-of—referencing/registering/decisioning’ are the secondnatured

institutionalisation outcrop of ‘prospective existentially-<disontologising/re-ontologising—aporeticism> exuding sublimating-nascence’ and their prospective validation arises as of demonstrable ‘prospective existentially-<disontologising/re-ontologising—aporeticism> exuding sublimating-nascence’ validation of the given ‘rationalisation-of-contentivity/argumentativity/dialecticism/discursivity of social-and-institutional-frameworks-of—referencing/registering/decisioning’. The historicity of the matter (as of the undergirding overall ontological-contiguity⁶⁷—of-the-human-institutionalisation-process⁶⁸) speaks to the very fact that ‘prospective existentially-<disontologising/re-ontologising—aporeticism> exuding sublimating-nascence’ is exactly what (as undergirded by human profound-supererogation⁹⁶) precedingly and recurrently ‘invents’/‘creates’-and-‘nurtures’ prospective human re-rationalisations-of-contentivity/argumentativity/dialecticism/discursivity as of the <cumulating/recomposuring-attendant-ontological-contiguity >-successive registry-worldviews/dimensions; with the onus of veracity rather incumbent to the given ‘rationalisation-of-contentivity/argumentativity/dialecticism/discursivity of social-and-institutional-frameworks-of—referencing/registering/decisioning’ with respect to ‘prospective existentially-<disontologising/re-ontologising—aporeticism> exuding sublimating-nascence’. Critically in this regards, sublimating ‘rationalisations-of-contentivity/argumentativity/dialecticism/discursivity of social-and-institutional-frameworks-of—referencing/registering/decisioning’ are more readily acquiescent to demonstrate their ‘prospective existentially-<disontologising/re-ontologising—aporeticism> exuding sublimating-nascence’ (as of demoronisation-<sublimating-nascence, nonextricatory-sublimating-upstreaming/‘amontée’> however their ‘tepid problem-of-direction of sublimation’) whereas desublimating ‘rationalisations-of-contentivity/argumentativity/dialecticism/discursivity of social-and-institutional-frameworks-of—referencing/registering/decisioning’ are more readily prone to strategies undermining the

demonstration of ‘prospective existentially-~~<disontologising/re-ontologising—aporeticism>~~ exuding sublimating-nascence’ (as of moronisation-~~<sublimating-nascence, -extricatory-~~ desublimating-downstreaming/‘avalage’> induced blurriness-~~<sterilising/anecdotalising/trivialising-of-prospective-reontologising_by-preconverging, in-~~ disontologising-formulaic-dragging-out/hollowing-out> speaking of a ‘more profound problem-of-driving for sublimation’). This explains why the ‘genuine social intellectual-function/posture claim for prospective sublimating re-rationalisation-of-contentivity/argumentativity/dialecticism/discursivity of social-and-institutional-frameworks-of—referencing/registering/decisioning and the derived value-construction’ as of successive ‘demoronisation-~~<sublimating-nascence, -nonextricatory-~~ sublimating-upstreaming/‘amontée’> breaks’ is necessarily cross-generational as to the existential-~~<disontologising/re-ontologising—aporeticism>~~ impact of ‘prospective existentially-~~<disontologising/re-ontologising—aporeticism>~~ exuding sublimating-nascence’ rather than a naïve exercise of ‘punctual aposteriorising/logicising/deriving convincing wrongly implying the same pedestal of prospective re-ontologising contemplation with the prior desublimating rationalisation-of-contentivity/argumentativity/dialecticism/discursivity’.
