

## 140.(m) AGREEMENT ON SAFEGUARDS

Done at Marrakesh on 15 April 1994

Entry into force: 1 January 1995

United Nations, *Treaty Series*, vol. 1869, p. 153; Reg. No. 31874

*Members,*

*Having* in mind the overall objective of the Members to improve and strengthen the international trading system based on GATT 1994;

*Recognizing* the need to clarify and reinforce the disciplines of GATT 1994, and specifically those of its Article XIX (Emergency Action on Imports of Particular Products), to reestablish multilateral control over safeguards and eliminate measures that escape such control;

*Recognizing* the importance of structural adjustment and the need to enhance rather than limit competition in international markets; and

*Recognizing* further that, for these purposes, a comprehensive agreement, applicable to all Members and based on the basic principles of GATT 1994, is called for;

Hereby *agree* as follows:

### Article 1. General provision

This Agreement establishes rules for the application of safeguard measures which shall be understood to mean those measures provided for in Article XIX of GATT 1994.

### Article 2. Conditions

1. A Member<sup>1</sup> may apply a safeguard measure to a product only if that Member has determined, pursuant to the provisions set out below, that such product is being imported into its territory in such increased quantities, absolute or relative to domestic production, and under such conditions as to cause or threaten to cause serious injury to the domestic industry that produces like or directly competitive products.

2. Safeguard measures shall be applied to a product being imported irrespective of its source.

### Article 3. Investigation

1. A Member may apply a safeguard measure only following an investigation by the competent authorities of that Member pursuant to procedures previously established and made public in consonance with Article X of GATT 1994. This investigation shall include reasonable public notice to all interested parties and public hearings or other appropriate means in which importers, exporters and other interested parties could present evidence and their views, including the opportunity to respond to the presentations of other parties and to submit their views, *inter alia*, as to whether or not the application of a safeguard measure would be in the public interest. The competent authorities shall publish a report setting forth their findings and reasoned conclusions reached on all pertinent issues of fact and law.

---

<sup>1</sup> A customs union may apply a safeguard measure as a single unit or on behalf of a member State. When a customs union applies a safeguard measure as a single unit, all the requirements for the determination of serious injury or threat thereof under this Agreement shall be based on the conditions existing in the customs union as a whole. When a safeguard measure is applied on behalf of a member State, all the requirements for the determination of serious injury or threat thereof shall be based on the conditions existing in that member State and the measure shall be limited to that member State. Nothing in this Agreement prejudices the interpretation of the relationship between Article XIX and paragraph 8 of Article XXIV of GATT 1994.

2. Any information which is by nature confidential or which is provided on a confidential basis shall, upon cause being shown, be treated as such by the competent authorities. Such information shall not be disclosed without permission of the party submitting it. Parties providing confidential information may be requested to furnish non-confidential summaries thereof or, if such parties indicate that such information cannot be summarized, the reasons why a summary cannot be provided. However, if the competent authorities find that a request for confidentiality is not warranted and if the party concerned is either unwilling to make the information public or to authorize its disclosure in generalized or summary form, the authorities may disregard such information unless it can be demonstrated to their satisfaction from appropriate sources that the information is correct.

#### **Article 4. Determination of serious injury or threat thereof**

1. For the purposes of this Agreement:

(a) “serious injury” shall be understood to mean a significant overall impairment in the position of a domestic industry;

(b) “threat of serious injury” shall be understood to mean serious injury that is clearly imminent, in accordance with the provisions of paragraph 2. A determination of the existence of a threat of serious injury shall be based on facts and not merely on allegation, conjecture or remote possibility; and

(c) in determining injury or threat thereof, a “domestic industry” shall be understood to mean the producers as a whole of the like or directly competitive products operating within the territory of a Member, or those whose collective output of the like or directly competitive products constitutes a major proportion of the total domestic production of those products.

2. (a) In the investigation to determine whether increased imports have caused or are threatening to cause serious injury to a domestic industry under the terms of this Agreement, the competent authorities shall evaluate all relevant factors of an objective and quantifiable nature having a bearing on the situation of that industry, in particular, the rate and amount of the increase in imports of the product concerned in absolute and relative terms, the share of the domestic market taken by increased imports, changes in the level of sales, production, productivity, capacity utilization, profits and losses, and employment.

(b) The determination referred to in subparagraph (a) shall not be made unless this investigation demonstrates, on the basis of objective evidence, the existence of the causal link between increased imports of the product concerned and serious injury or threat thereof. When factors other than increased imports are causing injury to the domestic industry at the same time, such injury shall not be attributed to increased imports.

(c) The competent authorities shall publish promptly, in accordance with the provisions of Article 3, a detailed analysis of the case under investigation as well as a demonstration of the relevance of the factors examined.

#### **Article 5. Application of safeguard measures**

1. A Member shall apply safeguard measures only to the extent necessary to prevent or remedy serious injury and to facilitate adjustment. If a quantitative restriction is used, such a measure shall not reduce the quantity of imports below the level of a recent period which shall be the average of imports in the last three representative years for which statistics are available, unless clear justification is given that a different level is necessary to prevent or remedy serious injury. Members should choose measures most suitable for the achievement of these objectives.

2. (a) In cases in which a quota is allocated among supplying countries, the Member applying the restrictions may seek agreement with respect to the allocation of shares in the quota with all other Members having a substantial interest in supplying the product concerned. In cases in which this method is not reasonably practicable, the Member concerned shall allot to Members having a substantial interest in supplying the product shares based upon the proportions, supplied by such Members during a previous representative period, of the total quantity or value of imports of the

product, due account being taken of any special factors which may have affected or may be affecting the trade in the product.

(b) A Member may depart from the provisions in subparagraph (a) provided that consultations under paragraph 3 of Article 12 are conducted under the auspices of the Committee on Safeguards provided for in paragraph 1 of Article 13 and that clear demonstration is provided to the Committee that (i) imports from certain Members have increased in disproportionate percentage in relation to the total increase of imports of the product concerned in the representative period, (ii) the reasons for the departure from the provisions in subparagraph (a) are justified, and (iii) the conditions of such departure are equitable to all suppliers of the product concerned. The duration of any such measure shall not be extended beyond the initial period under paragraph 1 of Article 7. The departure referred to above shall not be permitted in the case of threat of serious injury.

#### **Article 6. Provisional safeguard measures**

In critical circumstances where delay would cause damage which it would be difficult to repair, a Member may take a provisional safeguard measure pursuant to a preliminary determination that there is clear evidence that increased imports have caused or are threatening to cause serious injury. The duration of the provisional measure shall not exceed 200 days, during which period the pertinent requirements of Articles 2 through 7 and 12 shall be met. Such measures should take the form of tariff increases to be promptly refunded if the subsequent investigation referred to in paragraph 2 of Article 4 does not determine that increased imports have caused or threatened to cause serious injury to a domestic industry. The duration of any such provisional measure shall be counted as a part of the initial period and any extension referred to in paragraphs 1, 2 and 3 of Article 7.

#### **Article 7. Duration and review of safeguard measures**

1. A Member shall apply safeguard measures only for such period of time as may be necessary to prevent or remedy serious injury and to facilitate adjustment. The period shall not exceed four years, unless it is extended under paragraph 2.

2. The period mentioned in paragraph 1 may be extended provided that the competent authorities of the importing Member have determined, in conformity with the procedures set out in Articles 2, 3, 4 and 5, that the safeguard measure continues to be necessary to prevent or remedy serious injury and that there is evidence that the industry is adjusting, and provided that the pertinent provisions of Articles 8 and 12 are observed.

3. The total period of application of a safeguard measure including the period of application of any provisional measure, the period of initial application and any extension thereof, shall not exceed eight years.

4. In order to facilitate adjustment in a situation where the expected duration of a safeguard measure as notified under the provisions of paragraph 1 of Article 12 is over one year, the Member applying the measure shall progressively liberalize it at regular intervals during the period of application. If the duration of the measure exceeds three years, the Member applying such a measure shall review the situation not later than the mid-term of the measure and, if appropriate, withdraw it or increase the pace of liberalization. A measure extended under paragraph 2 shall not be more restrictive than it was at the end of the initial period, and should continue to be liberalized.

5. No safeguard measure shall be applied again to the import of a product which has been subjected to such a measure, taken after the date of entry into force of the WTO Agreement, for a period of time equal to that during which such measure had been previously applied, provided that the period of non-application is at least two years.

6. Notwithstanding the provisions of paragraph 5, a safeguard measure with a duration of 180 days or less may be applied again to the import of a product if:

(a) at least one year has elapsed since the date of introduction of a safeguard measure on the import of that product; and

(b) such a safeguard measure has not been applied on the same product more than twice in the five-year period immediately preceding the date of introduction of the measure.

### **Article 8. Level of concessions and other obligations**

1. A Member proposing to apply a safeguard measure or seeking an extension of a safeguard measure shall endeavour to maintain a substantially equivalent level of concessions and other obligations to that existing under GATT 1994 between it and the exporting Members which would be affected by such a measure, in accordance with the provisions of paragraph 3 of Article 12. To achieve this objective, the Members concerned may agree on any adequate means of trade compensation for the adverse effects of the measure on their trade.

2. If no agreement is reached within 30 days in the consultations under paragraph 3 of Article 12, then the affected exporting Members shall be free, not later than 90 days after the measure is applied, to suspend, upon the expiration of 30 days from the day on which written notice of such suspension is received by the Council for Trade in Goods, the application of substantially equivalent concessions or other obligations under GATT 1994, to the trade of the Member applying the safeguard measure, the suspension of which the Council for Trade in Goods does not disapprove.

3. The right of suspension referred to in paragraph 2 shall not be exercised for the first three years that a safeguard measure is in effect, provided that the safeguard measure has been taken as a result of an absolute increase in imports and that such a measure conforms to the provisions of this Agreement.

### **Article 9. Developing country Members**

1. Safeguard measures shall not be applied against a product originating in a developing country Member as long as its share of imports of the product concerned in the importing Member does not exceed 3 per cent, provided that developing country Members with less than 3 per cent import share collectively account for not more than 9 per cent of total imports of the product concerned.<sup>2</sup>

2. A developing country Member shall have the right to extend the period of application of a safeguard measure for a period of up to two years beyond the maximum period provided for in paragraph 3 of Article 7. Notwithstanding the provisions of paragraph 5 of Article 7, a developing country Member shall have the right to apply a safeguard measure again to the import of a product which has been subject to such a measure, taken after the date of entry into force of the WTO Agreement, after a period of time equal to half that during which such a measure has been previously applied, provided that the period of non-application is at least two years.

### **Article 10. Pre-existing Article XIX measures**

Members shall terminate all safeguard measures taken pursuant to Article XIX of GATT 1947 that were in existence on the date of entry into force of the WTO Agreement not later than eight years after the date on which they were first applied or five years after the date of entry into force of the WTO Agreement, whichever comes later.

### **Article 11. Prohibition and elimination of certain measures**

1. (a) A Member shall not take or seek any emergency action on imports of particular products as set forth in Article XIX of GATT 1994 unless such action conforms with the provisions of that Article applied in accordance with this Agreement.

<sup>2</sup> A Member shall immediately notify an action taken under paragraph 1 of Article 9 to the Committee on Safeguards.

(b) Furthermore, a Member shall not seek, take or maintain any voluntary export restraints, orderly marketing arrangements or any other similar measures on the export or the import side.<sup>3,4</sup> These include actions taken by a single Member as well as actions under agreements, arrangements and understandings entered into by two or more Members. Any such measure in effect on the date of entry into force of the WTO Agreement shall be brought into conformity with this Agreement or phased out in accordance with paragraph 2.

(c) This Agreement does not apply to measures sought, taken or maintained by a Member pursuant to provisions of GATT 1994 other than Article XIX, and Multilateral Trade Agreements in Annex 1A other than this Agreement, or pursuant to protocols and agreements or arrangements concluded within the framework of GATT 1994.

2. The phasing out of measures referred to in paragraph 1(b) shall be carried out according to timetables to be presented to the Committee on Safeguards by the Members concerned not later than 180 days after the date of entry into force of the WTO Agreement. These timetables shall provide for all measures referred to in paragraph 1 to be phased out or brought into conformity with this Agreement within a period not exceeding four years after the date of entry into force of the WTO Agreement, subject to not more than one specific measure per importing Member<sup>5</sup>, the duration of which shall not extend beyond 31 December 1999. Any such exception must be mutually agreed between the Members directly concerned and notified to the Committee on Safeguards for its review and acceptance within 90 days of the entry into force of the WTO Agreement. The Annex to this Agreement indicates a measure which has been agreed as falling under this exception.

3. Members shall not encourage or support the adoption or maintenance by public and private enterprises of non-governmental measures equivalent to those referred to in paragraph 1.

#### Article 12. Notification and consultation

1. A Member shall immediately notify the Committee on Safeguards upon:

- (a) initiating an investigatory process relating to serious injury or threat thereof and the reasons for it;
- (b) making a finding of serious injury or threat thereof caused by increased imports; and
- (c) taking a decision to apply or extend a safeguard measure.

2. In making the notifications referred to in paragraphs 1(b) and 1(c), the Member proposing to apply or extend a safeguard measure shall provide the Committee on Safeguards with all pertinent information, which shall include evidence of serious injury or threat thereof caused by increased imports, precise description of the product involved and the proposed measure, proposed date of introduction, expected duration and timetable for progressive liberalization. In the case of an extension of a measure, evidence that the industry concerned is adjusting shall also be provided. The Council for Trade in Goods or the Committee on Safeguards may request such additional information as they may consider necessary from the Member proposing to apply or extend the measure.

3. A Member proposing to apply or extend a safeguard measure shall provide adequate opportunity for prior consultations with those Members having a substantial interest as exporters of the product concerned, with a view to, *inter alia*, reviewing the information provided under paragraph 2, exchanging views on the measure and reaching an understanding on ways to achieve the objective set out in paragraph 1 of Article 8.

<sup>3</sup> An import quota applied as a safeguard measure in conformity with the relevant provisions of GATT 1994 and this Agreement may, by mutual agreement, be administered by the exporting Member.

<sup>4</sup> Examples of similar measures include export moderation, export-price or import-price monitoring systems, export or import surveillance, compulsory import cartels and discretionary export or import licensing schemes, any of which afford protection.

<sup>5</sup> The only such exception to which the European Communities is entitled is indicated in the Annex to this Agreement.

4. A Member shall make a notification to the Committee on Safeguards before taking a provisional safeguard measure referred to in Article 6. Consultations shall be initiated immediately after the measure is taken.

5. The results of the consultations referred to in this Article, as well as the results of mid-term reviews referred to in paragraph 4 of Article 7, any form of compensation referred to in paragraph 1 of Article 8, and proposed suspensions of concessions and other obligations referred to in paragraph 2 of Article 8, shall be notified immediately to the Council for Trade in Goods by the Members concerned.

6. Members shall notify promptly the Committee on Safeguards of their laws, regulations and administrative procedures relating to safeguard measures as well as any modifications made to them.

7. Members maintaining measures described in Article 10 and paragraph 1 of Article 11 which exist on the date of entry into force of the WTO Agreement shall notify such measures to the Committee on Safeguards not later than 60 days after the date of entry into force of the WTO Agreement.

8. Any Member may notify the Committee on Safeguards of all laws, regulations, administrative procedures and any measures or actions dealt with in this Agreement that have not been notified by other Members that are required by this Agreement to make such notifications.

9. Any Member may notify the Committee on Safeguards of any non-governmental measures referred to in paragraph 3 of Article 11.

10. All notifications to the Council for Trade in Goods referred to in this Agreement shall normally be made through the Committee on Safeguards.

11. The provisions on notification in this Agreement shall not require any Member to disclose confidential information the disclosure of which would impede law enforcement or otherwise be contrary to the public interest or would prejudice the legitimate commercial interests of particular enterprises, public or private.

### Article 13. Surveillance

1. A Committee on Safeguards is hereby established, under the authority of the Council for Trade in Goods, which shall be open to the participation of any Member indicating its wish to serve on it. The Committee will have the following functions:

(a) to monitor, and report annually to the Council for Trade in Goods on, the general implementation of this Agreement and make recommendations towards its improvement;

(b) to find, upon request of an affected Member, whether or not the procedural requirements of this Agreement have been complied with in connection with a safeguard measure, and report its findings to the Council for Trade in Goods;

(c) to assist Members, if they so request, in their consultations under the provisions of this Agreement;

(d) to examine measures covered by Article 10 and paragraph 1 of Article 11, monitor the phase-out of such measures and report as appropriate to the Council for Trade in Goods;

(e) to review, at the request of the Member taking a safeguard measure, whether proposals to suspend concessions or other obligations are "substantially equivalent," and report as appropriate to the Council for Trade in Goods;

(f) to receive and review all notifications provided for in this Agreement and report as appropriate to the Council for Trade in Goods; and

(g) to perform any other function connected with this Agreement that the Council for Trade in Goods may determine.

2. To assist the Committee in carrying out its surveillance function, the Secretariat shall prepare annually a factual report on the operation of this Agreement based on notifications and other reliable information available to it.

#### Article 14. Dispute settlement

The provisions of Articles XXII and XXIII of GATT 1994 as elaborated and applied by the Dispute Settlement Understanding shall apply to consultations and the settlement of disputes arising under this Agreement.

2.1 Each Member shall make available, and update to the extent possible and as appropriate, the following through the internet:

3.4 The enquiry points shall answer enquiries and provide the forms and documents within a reasonable time period set by each Member, which may vary depending on the nature or complexity of the request.

---

<sup>1</sup> Each Member has the discretion to state on its website the legal limitations of this description.

- (b) the Uniform Resource Locators of website(s) referred to in paragraph 2.1; and
- (c) the contact information of the enquiry points referred to in paragraph 3.1.

### **Article 2. Opportunity to comment, information before entry into force, and consultations**

#### **1. Opportunity to comment and information before entry into force**

1.1 Each Member shall, to the extent practicable and in a manner consistent with its domestic law and legal system, provide opportunities and an appropriate time period to traders and other interested parties to comment on the proposed introduction or amendment of laws and regulations of general application related to the movement, release, and clearance of goods, including goods in transit.

1.2 Each Member shall, to the extent practicable and in a manner consistent with its domestic law and legal system, ensure that new or amended laws and regulations of general application related to the movement, release, and clearance of goods, including goods in transit, are published or information on them made otherwise publicly available, as early as possible before their entry into force, in order to enable traders and other interested parties to become acquainted with them.

1.3 Changes to duty rates or tariff rates, measures that have a relieving effect, measures the effectiveness of which would be undermined as a result of compliance with paragraphs 1.1 or 1.2, measures applied in urgent circumstances, or minor changes to domestic law and legal system are each excluded from paragraphs 1.1 and 1.2.

#### **2. Consultations**

Each Member shall, as appropriate, provide for regular consultations between its border agencies and traders or other stakeholders located within its territory.

### **Article 3. Advance rulings**

1. Each Member shall issue an advance ruling in a reasonable, time-bound manner to the applicant that has submitted a written request containing all necessary information. If a Member declines to issue an advance ruling, it shall promptly notify the applicant in writing, setting out the relevant facts and the basis for its decision.

2. A Member may decline to issue an advance ruling to the applicant where the question raised in the application:

- (a) is already pending in the applicant’s case before any governmental agency, appellate tribunal, or court; or
- (b) has already been decided by any appellate tribunal or court.

3. The advance ruling shall be valid for a reasonable period of time after its issuance unless the law, facts, or circumstances supporting that ruling have changed.

4. Where the Member revokes, modifies, or invalidates the advance ruling, it shall provide written notice to the applicant setting out the relevant facts and the basis for its decision. Where a Member revokes, modifies, or invalidates advance rulings with retroactive effect, it may only do so where the ruling was based on incomplete, incorrect, false, or misleading information.

5. An advance ruling issued by a Member shall be binding on that Member in respect of the applicant that sought it. The Member may provide that the advance ruling is binding on the applicant.

6. Each Member shall publish, at a minimum:

- (a) the requirements for the application for an advance ruling, including the information to be provided and the format;
- (b) the time period by which it will issue an advance ruling; and
- (c) the length of time for which the advance ruling is valid.

7. Each Member shall provide, upon written request of an applicant, a review of the advance ruling or the decision to revoke, modify, or invalidate the advance ruling.<sup>2</sup>

8. Each Member shall endeavour to make publicly available any information on advance rulings which it considers to be of significant interest to other interested parties, taking into account the need to protect commercially confidential information.

9. Definitions and scope:

(a) An advance ruling is a written decision provided by a Member to the applicant prior to the importation of a good covered by the application that sets forth the treatment that the Member shall provide to the good at the time of importation with regard to:

- (i) the good's tariff classification; and
- (ii) the origin of the good.<sup>3</sup>

(b) In addition to the advance rulings defined in subparagraph (a), Members are encouraged to provide advance rulings on:

- (i) the appropriate method or criteria, and the application thereof, to be used for determining the customs value under a particular set of facts;
- (ii) the applicability of the Member's requirements for relief or exemption from customs duties;
- (iii) the application of the Member's requirements for quotas, including tariff quotas; and
- (iv) any additional matters for which a Member considers it appropriate to issue an advance ruling.

(c) An applicant is an exporter, importer or any person with a justifiable cause or a representative thereof.

(d) A Member may require that the applicant have legal representation or registration in its territory. To the extent possible, such requirements shall not restrict the categories of persons eligible to apply for advance rulings, with particular consideration for the specific needs of small and medium-sized enterprises. These requirements shall be clear and transparent and not constitute a means of arbitrary or unjustifiable discrimination.

---

<sup>2</sup> Under this paragraph: (a) a review may, either before or after the ruling has been acted upon, be provided by the official, office, or authority that issued the ruling, a higher or independent administrative authority, or a judicial authority; and (b) a Member is not required to provide the applicant with recourse to paragraph 1 of Article 4.

<sup>3</sup> It is understood that an advance ruling on the origin of a good may be an assessment of origin for the purposes of the Agreement on Rules of Origin where the ruling meets the requirements of this Agreement and the Agreement on Rules of Origin. Likewise, an assessment of origin under the Agreement on Rules of Origin may be an advance ruling on the origin of a good for the purposes of this Agreement where the ruling meets the requirements of both agreements. Members are not required to establish separate arrangements under this provision in addition to those established pursuant to the Agreement on Rules of Origin in relation to the assessment of origin provided that the requirements of this Article are fulfilled.

#### **Article 4. Procedures for appeal or review**

1. Each Member shall provide that any person to whom customs issues an administrative decision<sup>4</sup> has the right, within its territory, to:

- (a) an administrative appeal to or review by an administrative authority higher than or independent of the official or office that issued the decision; and/or
- (b) a judicial appeal or review of the decision.

2. The legislation of a Member may require that an administrative appeal or review be initiated prior to a judicial appeal or review.

3. Each Member shall ensure that its procedures for appeal or review are carried out in a non-discriminatory manner.

4. Each Member shall ensure that, in a case where the decision on appeal or review under subparagraph 1(a) is not given either:

- (a) within set periods as specified in its laws or regulations; or
- (b) without undue delay

the petitioner has the right to either further appeal to or further review by the administrative authority or the judicial authority or any other recourse to the judicial authority.<sup>5</sup>

5. Each Member shall ensure that the person referred to in paragraph 1 is provided with the reasons for the administrative decision so as to enable such a person to have recourse to procedures for appeal or review where necessary.

6. Each Member is encouraged to make the provisions of this Article applicable to an administrative decision issued by a relevant border agency other than customs.

#### **Article 5. Other measures to enhance impartiality, non-discrimination and transparency**

##### **1. Notifications for enhanced controls or inspections**

Where a Member adopts or maintains a system of issuing notifications or guidance to its concerned authorities for enhancing the level of controls or inspections at the border in respect of foods, beverages, or feedstuffs covered under the notification or guidance for protecting human, animal, or plant life or health within its territory, the following disciplines shall apply to the manner of their issuance, termination, or suspension:

- (a) the Member may, as appropriate, issue the notification or guidance based on risk;
- (b) the Member may issue the notification or guidance so that it applies uniformly only to those points of entry where the sanitary and phytosanitary conditions on which the notification or guidance are based apply;
- (c) the Member shall promptly terminate or suspend the notification or guidance when circumstances giving rise to it no longer exist, or if changed circumstances can be addressed in a less trade-restrictive manner; and

<sup>4</sup> An administrative decision in this Article means a decision with a legal effect that affects the rights and obligations of a specific person in an individual case. It shall be understood that an administrative decision in this Article covers an administrative action within the meaning of Article X of the GATT 1994 or failure to take an administrative action or decision as provided for in a Member's domestic law and legal system. For addressing such failure, Members may maintain an alternative administrative mechanism or judicial recourse to direct the customs authority to promptly issue an administrative decision in place of the right to appeal or review under subparagraph 1(a).

<sup>5</sup> Nothing in this paragraph shall prevent a Member from recognizing administrative silence on appeal or review as a decision in favor of the petitioner in accordance with its laws and regulations.

(d) when the Member decides to terminate or suspend the notification or guidance, it shall, as appropriate, promptly publish the announcement of its termination or suspension in a non-discriminatory and easily accessible manner, or inform the exporting Member or the importer.

## **2. Detention**

A Member shall promptly inform the carrier or importer in case of detention of goods declared for importation, for inspection by customs or any other competent authority.

## **3. Test procedures**

3.1 A Member may, upon request, grant an opportunity for a second test in case the first test result of a sample taken upon arrival of goods declared for importation shows an adverse finding.

3.2 A Member shall either publish, in a non-discriminatory and easily accessible manner, the name and address of any laboratory where the test can be carried out or provide this information to the importer when it is granted the opportunity provided under paragraph 3.1.

3.3 A Member shall consider the result of the second test, if any, conducted under paragraph 3.1, for the release and clearance of goods and, if appropriate, may accept the results of such test.

## **Article 6. Disciplines on fees and charges imposed on or in connection with importation and exportation and penalties**

### **1. General disciplines on fees and charges imposed on or in connection with importation and exportation**

1.1 The provisions of paragraph 1 shall apply to all fees and charges other than import and export duties and other than taxes within the purview of Article III of GATT 1994 imposed by Members on or in connection with the importation or exportation of goods.

1.2 Information on fees and charges shall be published in accordance with Article 1. This information shall include the fees and charges that will be applied, the reason for such fees and charges, the responsible authority and when and how payment is to be made.

1.3 An adequate time period shall be accorded between the publication of new or amended fees and charges and their entry into force, except in urgent circumstances. Such fees and charges shall not be applied until information on them has been published.

1.4 Each Member shall periodically review its fees and charges with a view to reducing their number and diversity, where practicable.

### **2. Specific disciplines on fees and charges for customs processing imposed on or in connection with importation and exportation fees and charges for customs processing:**

- (i) shall be limited in amount to the approximate cost of the services rendered on or in connection with the specific import or export operation in question; and
- (ii) are not required to be linked to a specific import or export operation provided they are levied for services that are closely connected to the customs processing of goods.

### **3. Penalty disciplines**

3.1 For the purpose of paragraph 3, the term “penalties” shall mean those imposed by a Member’s customs administration for a breach of the Member’s customs laws, regulations, or procedural requirements.

3.2 Each Member shall ensure that penalties for a breach of a customs law, regulation, or procedural requirement are imposed only on the person(s) responsible for the breach under its laws.

3.3 The penalty imposed shall depend on the facts and circumstances of the case and shall be commensurate with the degree and severity of the breach.

3.4 Each Member shall ensure that it maintains measures to avoid:

- (a) conflicts of interest in the assessment and collection of penalties and duties; and
- (b) creating an incentive for the assessment or collection of a penalty that is inconsistent with paragraph 3.3.

3.5 Each Member shall ensure that when a penalty is imposed for a breach of customs laws, regulations, or procedural requirements, an explanation in writing is provided to the person(s) upon whom the penalty is imposed specifying the nature of the breach and the applicable law, regulation or procedure under which the amount or range of penalty for the breach has been prescribed.

3.6 When a person voluntarily discloses to a Member's customs administration the circumstances of a breach of a customs law, regulation, or procedural requirement prior to the discovery of the breach by the customs administration, the Member is encouraged to, where appropriate, consider this fact as a potential mitigating factor when establishing a penalty for that person.

3.7 The provisions of this paragraph shall apply to the penalties on traffic in transit referred to in paragraph 3.1.

## **Article 7. Release and clearance of goods**

### **1. Pre-arrival processing**

1.1 Each Member shall adopt or maintain procedures allowing for the submission of import documentation and other required information, including manifests, in order to begin processing prior to the arrival of goods with a view to expediting the release of goods upon arrival.

1.2 Each Member shall, as appropriate, provide for advance lodging of documents in electronic format for pre-arrival processing of such documents.

### **2. Electronic payment**

Each Member shall, to the extent practicable, adopt or maintain procedures allowing the option of electronic payment for duties, taxes, fees, and charges collected by customs incurred upon importation and exportation.

### **3. Separation of release from final determination of customs duties, taxes, fees and charges**

3.1 Each Member shall adopt or maintain procedures allowing the release of goods prior to the final determination of customs duties, taxes, fees, and charges, if such a determination is not done prior to, or upon arrival, or as rapidly as possible after arrival and provided that all other regulatory requirements have been met.

3.2 As a condition for such release, a Member may require:

- (a) payment of customs duties, taxes, fees, and charges determined prior to or upon arrival of goods and a guarantee for any amount not yet determined in the form of a surety, a deposit, or another appropriate instrument provided for in its laws and regulations; or
- (b) a guarantee in the form of a surety, a deposit, or another appropriate instrument provided for in its laws and regulations.

3.3 Such guarantee shall not be greater than the amount the Member requires to ensure payment of customs duties, taxes, fees, and charges ultimately due for the goods covered by the guarantee.

3.4 In cases where an offence requiring imposition of monetary penalties or fines has been detected, a guarantee may be required for the penalties and fines that may be imposed.

3.5 The guarantee as set out in paragraphs 3.2 and 3.4 shall be discharged when it is no longer required.

3.6 Nothing in these provisions shall affect the right of a Member to examine, detain, seize or confiscate or deal with the goods in any manner not otherwise inconsistent with the Member's WTO rights and obligations.

#### 4. Risk management

4.1 Each Member shall, to the extent possible, adopt or maintain a risk management system for customs control.

4.2 Each Member shall design and apply risk management in a manner as to avoid arbitrary or unjustifiable discrimination, or a disguised restriction on international trade.

4.3 Each Member shall concentrate customs control and, to the extent possible other relevant border controls, on high-risk consignments and expedite the release of low-risk consignments. A Member also may select, on a random basis, consignments for such controls as part of its risk management.

4.4 Each Member shall base risk management on an assessment of risk through appropriate selectivity criteria. Such selectivity criteria may include, *inter alia*, the Harmonized System code, nature and description of the goods, country of origin, country from which the goods were shipped, value of the goods, compliance record of traders, and type of means of transport.

#### 5. Post-clearance audit

5.1 With a view to expediting the release of goods, each Member shall adopt or maintain post-clearance audit to ensure compliance with customs and other related laws and regulations.

5.2 Each Member shall select a person or a consignment for post-clearance audit in a risk-based manner, which may include appropriate selectivity criteria. Each Member shall conduct post-clearance audits in a transparent manner. Where the person is involved in the audit process and conclusive results have been achieved the Member shall, without delay, notify the person whose record is audited of the results, the person's rights and obligations, and the reasons for the results.

5.3 The information obtained in post-clearance audit may be used in further administrative or judicial proceedings.

5.4 Members shall, wherever practicable, use the result of post-clearance audit in applying risk management.

#### 6. Establishment and publication of average release times

6.1 Members are encouraged to measure and publish their average release time of goods periodically and in a consistent manner, using tools such as, *inter alia*, the Time Release Study of the World Customs Organization (referred to in this Agreement as the "WCO").<sup>6</sup>

6.2 Members are encouraged to share with the Committee their experiences in measuring average release times, including methodologies used, bottlenecks identified, and any resulting effects on efficiency.

#### 7. Trade facilitation measures for authorized operators

7.1 Each Member shall provide additional trade facilitation measures related to import, export, or transit formalities and procedures, pursuant to paragraph 7.3, to operators who meet specified criteria, hereinafter called authorized operators. Alternatively, a Member may offer such trade facilitation measures through customs procedures generally available to all operators and is not required to establish a separate scheme.

7.2 The specified criteria to qualify as an authorized operator shall be related to compliance, or the risk of non-compliance, with requirements specified in a Member's laws, regulations or procedures.

(a) Such criteria, which shall be published, may include:

- (i) an appropriate record of compliance with customs and other related laws and regulations;

---

<sup>6</sup> Each Member may determine the scope and methodology of such average release time measurement in accordance with its needs and capacity.

- (ii) a system of managing records to allow for necessary internal controls;
  - (iii) financial solvency, including, where appropriate, provision of a sufficient security or guarantee; and
  - (iv) supply chain security.
- (b) Such criteria shall not:
- (i) be designed or applied so as to afford or create arbitrary or unjustifiable discrimination between operators where the same conditions prevail; and
  - (ii) to the extent possible, restrict the participation of small and medium-sized enterprises.

7.3 The trade facilitation measures provided pursuant to paragraph 7.1 shall include at least three of the following measures:<sup>7</sup>

- (a) low documentary and data requirements, as appropriate;
- (b) low rate of physical inspections and examinations, as appropriate;
- (c) rapid release time, as appropriate;
- (d) deferred payment of duties, taxes, fees, and charges;
- (e) use of comprehensive guarantees or reduced guarantees;
- (f) a single customs declaration for all imports or exports in a given period; and
- (g) clearance of goods at the premises of the authorized operator or another place authorized by customs.

7.4 Members are encouraged to develop authorized operator schemes on the basis of international standards, where such standards exist, except when such standards would be an inappropriate or ineffective means for the fulfilment of the legitimate objectives pursued.

7.5 In order to enhance the trade facilitation measures provided to operators, Members shall afford to other Members the possibility of negotiating mutual recognition of authorized operator schemes.

7.6 Members shall exchange relevant information within the Committee about authorized operator schemes in force.

## **8. Expedited shipments**

8.1 Each Member shall adopt or maintain procedures allowing for the expedited release of at least those goods entered through air cargo facilities to persons who apply for such treatment, while maintaining customs control.<sup>8</sup> If a Member employs criteria<sup>9</sup> limiting who may apply, the Member may, in published criteria, require that the applicant shall, as conditions for qualifying for the application of the treatment described in paragraph 8.2 to its expedited shipments:

- (a) provide adequate infrastructure and payment of customs expenses related to processing of expedited shipments in cases where the applicant fulfils the Member's requirements for such processing to be performed at a dedicated facility;
- (b) submit in advance of the arrival of an expedited shipment the information necessary for the release;
- (c) be assessed fees limited in amount to the approximate cost of services rendered in providing the treatment described in paragraph 8.2;

<sup>7</sup> A measure listed in subparagraphs 7.3 (a) to (g) will be deemed to be provided to authorized operators if it is generally available to all operators.

<sup>8</sup> In cases where a Member has an existing procedure that provides the treatment in paragraph 8.2, this provision does not require that Member to introduce separate expedited release procedures.

<sup>9</sup> Such application criteria, if any, shall be in addition to the Member's requirements for operating with respect to all goods or shipments entered through air cargo facilities.

- (d) maintain a high degree of control over expedited shipments through the use of internal security, logistics, and tracking technology from pick-up to delivery;
- (e) provide expedited shipment from pick-up to delivery;
- (f) assume liability for payment of all customs duties, taxes, fees, and charges to the customs authority for the goods;
- (g) have a good record of compliance with customs and other related laws and regulations;
- (h) comply with other conditions directly related to the effective enforcement of the Member's laws, regulations, and procedural requirements, that specifically relate to providing the treatment described in paragraph 8.2.

8.2 Subject to paragraphs 8.1 and 8.3, Members shall:

- (a) minimize the documentation required for the release of expedited shipments in accordance with paragraph 1 of Article 10 and, to the extent possible, provide for release based on a single submission of information on certain shipments;
- (b) provide for expedited shipments to be released under normal circumstances as rapidly as possible after arrival, provided the information required for release has been submitted;
- (c) endeavour to apply the treatment in subparagraphs (a) and (b) to shipments of any weight or value recognizing that a Member is permitted to require additional entry procedures, including declarations and supporting documentation and payment of duties and taxes, and to limit such treatment based on the type of good, provided the treatment is not limited to low value goods such as documents; and
- (d) provide, to the extent possible, for a *de minimis* shipment value or dutiable amount for which customs duties and taxes will not be collected, aside from certain prescribed goods. Internal taxes, such as value added taxes and excise taxes, applied to imports consistently with Article III of the GATT 1994 are not subject to this provision.

8.3 Nothing in paragraphs 8.1 and 8.2 shall affect the right of a Member to examine, detain, seize, confiscate or refuse entry of goods, or to carry out post-clearance audits, including in connection with the use of risk management systems. Further, nothing in paragraphs 8.1 and 8.2 shall prevent a Member from requiring, as a condition for release, the submission of additional information and the fulfilment of non-automatic licensing requirements.

## 9. Perishable goods<sup>10</sup>

9.1 With a view to preventing avoidable loss or deterioration of perishable goods, and provided that all regulatory requirements have been met, each Member shall provide for the release of perishable goods:

- (a) under normal circumstances within the shortest possible time; and
- (b) in exceptional circumstances where it would be appropriate to do so, outside the business hours of customs and other relevant authorities.

9.2 Each Member shall give appropriate priority to perishable goods when scheduling any examinations that may be required.

9.3 Each Member shall either arrange or allow an importer to arrange for the proper storage of perishable goods pending their release. The Member may require that any storage facilities arranged by the importer have been approved or designated by its relevant authorities. The movement of the goods to those storage facilities, including authorizations for the operator moving the goods, may be subject to the approval, where required, of the relevant authorities. The Member shall, where practicable and consistent with domestic legislation, upon the request of the importer, provide for any procedures necessary for release to take place at those storage facilities.

<sup>10</sup> For the purposes of this provision, perishable goods are goods that rapidly decay due to their natural characteristics, in particular in the absence of appropriate storage conditions.

9.4 In cases of significant delay in the release of perishable goods, and upon written request, the importing Member shall, to the extent practicable, provide a communication on the reasons for the delay.

#### **Article 8. Border agency cooperation**

1. Each Member shall ensure that its authorities and agencies responsible for border controls and procedures dealing with the importation, exportation, and transit of goods cooperate with one another and coordinate their activities in order to facilitate trade.

2. Each Member shall, to the extent possible and practicable, cooperate on mutually agreed terms with other Members with whom it shares a common border with a view to coordinating procedures at border crossings to facilitate cross-border trade. Such cooperation and coordination may include:

- (a) alignment of working days and hours;
- (b) alignment of procedures and formalities;
- (c) development and sharing of common facilities;
- (d) joint controls;
- (e) establishment of one stop border post control.

#### **Article 9. Movement of goods intended for import under customs control**

Each Member shall, to the extent practicable, and provided all regulatory requirements are met, allow goods intended for import to be moved within its territory under customs control from a customs office of entry to another customs office in its territory from where the goods would be released or cleared.

#### **Article 10. Formalities connected with importation, exportation and transit**

##### **1. Formalities and documentation requirements**

1.1 With a view to minimizing the incidence and complexity of import, export, and transit formalities and to decreasing and simplifying import, export, and transit documentation requirements and taking into account the legitimate policy objectives and other factors such as changed circumstances, relevant new information, business practices, availability of techniques and technology, international best practices, and inputs from interested parties, each Member shall review such formalities and documentation requirements and, based on the results of the review, ensure, as appropriate, that such formalities and documentation requirements are:

- (a) adopted and/or applied with a view to a rapid release and clearance of goods, particularly perishable goods;
- (b) adopted and/or applied in a manner that aims at reducing the time and cost of compliance for traders and operators;
- (c) the least trade restrictive measure chosen where two or more alternative measures are reasonably available for fulfilling the policy objective or objectives in question; and
- (d) not maintained, including parts thereof, if no longer required.

1.2 The Committee shall develop procedures for the sharing by Members of relevant information and best practices, as appropriate.

##### **2. Acceptance of copies**

2.1 Each Member shall, where appropriate, endeavour to accept paper or electronic copies of supporting documents required for import, export, or transit formalities.

2.2 Where a government agency of a Member already holds the original of such a document, any other agency of that Member shall accept a paper or electronic copy, where applicable, from the agency holding the original in lieu of the original document.

2.3 A Member shall not require an original or copy of export declarations submitted to the customs authorities of the exporting Member as a requirement for importation.<sup>11</sup>

### **3. Use of international standards**

3.1 Members are encouraged to use relevant international standards or parts thereof as a basis for their import, export, or transit formalities and procedures, except as otherwise provided for in this Agreement.

3.2 Members are encouraged to take part, within the limits of their resources, in the preparation and periodic review of relevant international standards by appropriate international organizations.

3.3 The Committee shall develop procedures for the sharing by Members of relevant information, and best practices, on the implementation of international standards, as appropriate.

The Committee may also invite relevant international organizations to discuss their work on international standards. As appropriate, the Committee may identify specific standards that are of particular value to Members.

### **4. Single window**

4.1 Members shall endeavour to establish or maintain a single window, enabling traders to submit documentation and/or data requirements for importation, exportation, or transit of goods through a single entry point to the participating authorities or agencies. After the examination by the participating authorities or agencies of the documentation and/or data, the results shall be notified to the applicants through the single window in a timely manner.

4.2 In cases where documentation and/or data requirements have already been received through the single window, the same documentation and/or data requirements shall not be requested by participating authorities or agencies except in urgent circumstances and other limited exceptions which are made public.

4.3 Members shall notify the Committee of the details of operation of the single window.

4.4 Members shall, to the extent possible and practicable, use information technology to support the single window.

### **5. Preshipment inspection**

5.1 Members shall not require the use of preshipment inspections in relation to tariff classification and customs valuation.

5.2 Without prejudice to the rights of Members to use other types of preshipment inspection not covered by paragraph 5.1, Members are encouraged not to introduce or apply new requirements regarding their use.<sup>12</sup>

### **6. Use of customs brokers**

6.1 Without prejudice to the important policy concerns of some Members that currently maintain a special role for customs brokers, from the entry into force of this Agreement Members shall not introduce the mandatory use of customs brokers.

6.2 Each Member shall notify the Committee and publish its measures on the use of customs brokers. Any subsequent modifications thereof shall be notified and published promptly.

6.3 With regard to the licensing of customs brokers, Members shall apply rules that are transparent and objective.

---

<sup>11</sup> Nothing in this paragraph precludes a Member from requiring documents such as certificates, permits or licenses as a requirement for the importation of controlled or regulated goods.

<sup>12</sup> This paragraph refers to preshipment inspections covered by the Agreement on Preshipment Inspection, and does not preclude preshipment inspections for sanitary and phytosanitary purposes.

## **7. Common border procedures and uniform documentation requirements**

7.1 Each Member shall, subject to paragraph 7.2, apply common customs procedures and uniform documentation requirements for release and clearance of goods throughout its territory.

7.2 Nothing in this Article shall prevent a Member from:

- (a) differentiating its procedures and documentation requirements based on the nature and type of goods, or their means of transport;
- (b) differentiating its procedures and documentation requirements for goods based on risk management;
- (c) differentiating its procedures and documentation requirements to provide total or partial exemption from import duties or taxes;
- (d) applying electronic filing or processing; or
- (e) differentiating its procedures and documentation requirements in a manner consistent with the Agreement on the Application of Sanitary and Phytosanitary Measures.

## **8. Rejected goods**

8.1 Where goods presented for import are rejected by the competent authority of a Member on account of their failure to meet prescribed sanitary or phytosanitary regulations or technical regulations, the Member shall, subject to and consistent with its laws and regulations, allow the importer to re-consign or to return the rejected goods to the exporter or another person designated by the exporter.

8.2 When such an option under paragraph 8.1 is given and the importer fails to exercise it within a reasonable period of time, the competent authority may take a different course of action to deal with such non-compliant goods.

## **9. Temporary admission of goods and inward and outward processing**

### **9.1 Temporary admission of goods**

Each Member shall allow, as provided for in its laws and regulations, goods to be brought into its customs territory conditionally relieved, totally or partially, from payment of import duties and taxes if such goods are brought into its customs territory for a specific purpose, are intended for re-exportation within a specific period, and have not undergone any change except normal depreciation and wastage due to the use made of them.

### **9.2 Inward and outward processing**

(a) Each Member shall allow, as provided for in its laws and regulations, inward and outward processing of goods. Goods allowed for outward processing may be reimported with total or partial exemption from import duties and taxes in accordance with the Member's laws and regulations.

(b) For the purposes of this Article, the term "inward processing" means the customs procedure under which certain goods can be brought into a Member's customs territory conditionally relieved, totally or partially, from payment of import duties and taxes, or eligible for duty drawback, on the basis that such goods are intended for manufacturing, processing, or repair and subsequent exportation.

(c) For the purposes of this Article, the term "outward processing" means the customs procedure under which goods which are in free circulation in a Member's customs territory may be temporarily exported for manufacturing, processing, or repair abroad and then re-imported.

## **Article 11. Freedom of transit**

1. Any regulations or formalities in connection with traffic in transit imposed by a Member shall not be:

(a) maintained if the circumstances or objectives giving rise to their adoption no longer exist or if the changed circumstances or objectives can be addressed in a reasonably available less trade-restrictive manner;

(b) applied in a manner that would constitute a disguised restriction on traffic in transit.

2. Traffic in transit shall not be conditioned upon collection of any fees or charges imposed in respect of transit, except the charges for transportation or those commensurate with administrative expenses entailed by transit or with the cost of services rendered.

3. Members shall not seek, take, or maintain any voluntary restraints or any other similar measures on traffic in transit. This is without prejudice to existing and future national regulations, bilateral or multilateral arrangements related to regulating transport, consistent with WTO rules.

4. Each Member shall accord to products which will be in transit through the territory of any other Member treatment no less favourable than that which would be accorded to such products if they were being transported from their place of origin to their destination without going through the territory of such other Member.

5. Members are encouraged to make available, where practicable, physically separate infrastructure (such as lanes, berths and similar) for traffic in transit.

6. Formalities, documentation requirements, and customs controls in connection with traffic in transit shall not be more burdensome than necessary to:

(a) identify the goods; and

(b) ensure fulfilment of transit requirements.

7. Once goods have been put under a transit procedure and have been authorized to proceed from the point of origination in a Member's territory, they will not be subject to any customs charges nor unnecessary delays or restrictions until they conclude their transit at the point of destination within the Member's territory.

8. Members shall not apply technical regulations and conformity assessment procedures within the meaning of the Agreement on Technical Barriers to Trade to goods in transit.

9. Members shall allow and provide for advance filing and processing of transit documentation and data prior to the arrival of goods.

10. Once traffic in transit has reached the customs office where it exits the territory of a Member, that office shall promptly terminate the transit operation if transit requirements have been met.

11. Where a Member requires a guarantee in the form of a surety, deposit or other appropriate monetary or non-monetary<sup>13</sup> instrument for traffic in transit, such guarantee shall be limited to ensuring that requirements arising from such traffic in transit are fulfilled.

12. Once the Member has determined that its transit requirements have been satisfied, the guarantee shall be discharged without delay.

13. Each Member shall, in a manner consistent with its laws and regulations, allow comprehensive guarantees which include multiple transactions for same operators or renewal of guarantees without discharge for subsequent consignments.

14. Each Member shall make publicly available the relevant information it uses to set the guarantee, including single transaction and, where applicable, multiple transaction guarantee.

15. Each Member may require the use of customs convoys or customs escorts for traffic in transit only in circumstances presenting high risks or when compliance with customs laws and regulations cannot be ensured through the use of guarantees. General rules applicable to customs convoys or customs escorts shall be published in accordance with Article 1.

---

<sup>13</sup> Nothing in this provision shall preclude a Member from maintaining existing procedures whereby the means of transport can be used as a guarantee for traffic in transit.

16. Members shall endeavour to cooperate and coordinate with one another with a view to enhancing freedom of transit. Such cooperation and coordination may include, but is not limited to, an understanding on:

- (a) charges;
- (b) formalities and legal requirements; and
- (c) the practical operation of transit regimes.

17. Each Member shall endeavour to appoint a national transit coordinator to which all enquiries and proposals by other Members relating to the good functioning of transit operations can be addressed.

## **Article 12. Customs cooperation**

### **1. Measures promoting compliance and cooperation**

1.1 Members agree on the importance of ensuring that traders are aware of their compliance obligations, encouraging voluntary compliance to allow importers to self-correct without penalty in appropriate circumstances, and applying compliance measures to initiate stronger measures for non-compliant traders.<sup>14</sup>

1.2 Members are encouraged to share information on best practices in managing customs compliance, including through the Committee. Members are encouraged to cooperate in technical guidance or assistance and support for capacity building for the purposes of administering compliance measures and enhancing their effectiveness.

### **2. Exchange of information**

2.1 Upon request and subject to the provisions of this Article, Members shall exchange the information set out in subparagraphs 6.1(b) and/or (c) for the purpose of verifying an import or export declaration in identified cases where there are reasonable grounds to doubt the truth or accuracy of the declaration.

2.2 Each Member shall notify the Committee of the details of its contact point for the exchange of this information.

### **3. Verification**

A Member shall make a request for information only after it has conducted appropriate verification procedures of an import or export declaration and after it has inspected the available relevant documentation.

### **4. Request**

4.1 The requesting Member shall provide the requested Member with a written request, through paper or electronic means in a mutually agreed official language of the WTO or other mutually agreed language, including:

- (a) the matter at issue including, where appropriate and available, the number identifying the export declaration corresponding to the import declaration in question;
- (b) the purpose for which the requesting Member is seeking the information or documents, along with the names and contact details of the persons to whom the request relates, if known;
- (c) where required by the requested Member, confirmation<sup>15</sup> of the verification where appropriate;
- (d) the specific information or documents requested;

---

<sup>14</sup> Such activity has the overall objective of lowering the frequency of non-compliance, and consequently reducing the need for exchange of information in pursuit of enforcement.

<sup>15</sup> This may include pertinent information on the verification conducted under paragraph 3. Such information shall be subject to the level of protection and confidentiality specified by the Member conducting the verification.

- (e) the identity of the originating office making the request;
- (f) reference to provisions of the requesting Member's domestic law and legal system that govern the collection, protection, use, disclosure, retention, and disposal of confidential information and personal data.

4.2 If the requesting Member is not in a position to comply with any of the subparagraphs of paragraph 4.1, it shall specify this in the request.

## 5. Protection and confidentiality

5.1 The requesting Member shall, subject to paragraph 5.2:

- (a) hold all information or documents provided by the requested Member strictly in confidence and grant at least the same level of such protection and confidentiality as that provided under the domestic law and legal system of the requested Member as described by it under subparagraphs 6.1(b) or (c);
- (b) provide information or documents only to the customs authorities dealing with the matter at issue and use the information or documents solely for the purpose stated in the request unless the requested Member agrees otherwise in writing;
- (c) not disclose the information or documents without the specific written permission of the requested Member;
- (d) not use any unverified information or documents from the requested Member as the deciding factor towards alleviating the doubt in any given circumstance;
- (e) respect any case-specific conditions set out by the requested Member regarding retention and disposal of confidential information or documents and personal data; and
- (f) upon request, inform the requested Member of any decisions and actions taken on the matter as a result of the information or documents provided.

5.2 A requesting Member may be unable under its domestic law and legal system to comply with any of the subparagraphs of paragraph 5.1. If so, the requesting Member shall specify this in the request.

5.3 The requested Member shall treat any request and verification information received under paragraph 4 with at least the same level of protection and confidentiality accorded by the requested Member to its own similar information.

## 6. Provision of information

6.1 Subject to the provisions of this Article, the requested Member shall promptly:

- (a) respond in writing, through paper or electronic means;
- (b) provide the specific information as set out in the import or export declaration, or the declaration, to the extent it is available, along with a description of the level of protection and confidentiality required of the requesting Member;
- (c) if requested, provide the specific information as set out in the following documents, or the documents, submitted in support of the import or export declaration, to the extent it is available: commercial invoice, packing list, certificate of origin and bill of lading, in the form in which these were filed, whether paper or electronic, along with a description of the level of protection and confidentiality required of the requesting Member;
- (d) confirm that the documents provided are true copies;
- (e) provide the information or otherwise respond to the request, to the extent possible, within 90 days from the date of the request.

6.2 The requested Member may require, under its domestic law and legal system, an assurance prior to the provision of information that the specific information will not be used as evidence in criminal investigations, judicial proceedings, or in non-customs proceedings without the specific

written permission of the requested Member. If the requesting Member is not in a position to comply with this requirement, it should specify this to the requested Member.

### **7. Postponement or refusal of a request**

7.1 A requested Member may postpone or refuse part or all of a request to provide information, and shall inform the requesting Member of the reasons for doing so, where:

- (a) it would be contrary to the public interest as reflected in the domestic law and legal system of the requested Member;
- (b) its domestic law and legal system prevents the release of the information. In such a case it shall provide the requesting Member with a copy of the relevant, specific reference;
- (c) the provision of the information would impede law enforcement or otherwise interfere with an on-going administrative or judicial investigation, prosecution or proceeding;
- (d) the consent of the importer or exporter is required by its domestic law and legal system that govern the collection, protection, use, disclosure, retention, and disposal of confidential information or personal data and that consent is not given; or
- (e) the request for information is received after the expiration of the legal requirement of the requested Member for the retention of documents.

7.2 In the circumstances of paragraphs 4.2, 5.2, or 6.2, execution of such a request shall be at the discretion of the requested Member.

### **8. Reciprocity**

If the requesting Member is of the opinion that it would be unable to comply with a similar request if it was made by the requested Member, or if it has not yet implemented this Article, it shall state that fact in its request. Execution of such a request shall be at the discretion of the requested Member.

### **9. Administrative burden**

9.1 The requesting Member shall take into account the associated resource and cost implications for the requested Member in responding to requests for information. The requesting Member shall consider the proportionality between its fiscal interest in pursuing its request and the efforts to be made by the requested Member in providing the information.

#### Article 13. General principles

1. The provisions contained in Articles 1 to 12 of this Agreement shall be implemented by developing and least-developed country Members in accordance with this Section, which is based on the modalities agreed in Annex D of the July 2004 Framework Agreement (WT/L/579) and in paragraph 33 of and Annex E to the Hong Kong Ministerial Declaration (WT/MIN(05)/DEC).

3. Developing country Members and least-developed country Members experiencing difficulties in submitting definitive dates for implementation within the deadlines set out in paragraphs 1 and 2 because of the lack of donor support or lack of progress in the provision of assistance and support for capacity building should notify the Committee as early as possible prior to the expiration of those deadlines. Members agree to cooperate to assist in addressing such difficulties, taking into account the particular circumstances and special problems facing the Member concerned. The Committee shall, as appropriate, take action to address the difficulties including, where necessary, by extending the deadlines for the Member concerned to notify its definitive dates.

Three months before the deadline stipulated in subparagraphs 1(b) or (e), or in the case of a least-developed country Member, subparagraphs 2(b) or (f), the Secretariat shall remind a Member if that Member has not notified a definitive date for implementation of provisions that it has designated in Category B or C. If the Member does not invoke paragraph 3, or in the case of a developing country Member subparagraph 1(b), or in the case of a least-developed country Member subparagraph 2(b), to extend the deadline and still does not notify a definitive date for implementation, the Member shall implement the provisions within one year after the deadline stipulated in subparagraphs 1(b) or (e), or in the case of a least-developed country Member, subparagraphs 2(b) or (f), or extended by paragraph 3.

5. No later than 60 days after the dates for notification of definitive dates for implementation of Category B and Category C provisions in accordance with paragraphs 1, 2, or 3, the Committee shall take note of the annexes containing each Member's definitive dates for implementation of Category B and Category C provisions, including any dates set under paragraph 4, thereby making these annexes an integral part of this Agreement.

#### **Article 17. Early warning mechanism: extension of implementation dates for provisions in Categories B and C**

1. Developing country Members shall notify the Committee no later than 120 days before the expiration of the implementation date. Least-developed country Members shall notify the Committee no later than 90 days before such date.

(b) The notification to the Committee shall indicate the new date by which the developing country Member or least-developed country Member expects to be able to implement the provision concerned. The notification shall also indicate the reasons for the expected delay in implementation. Such reasons may include the need for assistance and support for capacity building not earlier anticipated or additional assistance and support to help build capacity.

2. Where a developing country Member's request for additional time for implementation does not exceed 18 months or a least-developed country Member's request for additional time does not exceed 3 years, the requesting Member is entitled to such additional time without any further action by the Committee.

3. Where a developing country or least-developed country Member considers that it requires a first extension longer than that provided for in paragraph 2 or a second or any subsequent extension, it shall submit to the Committee a request for an extension containing the information described in subparagraph 1(b) no later than 120 days in respect of a developing country Member and 90 days in respect of a least-developed country Member before the expiration of the original definitive implementation date or that date as subsequently extended.

4. The Committee shall give sympathetic consideration to granting requests for extension taking into account the specific circumstances of the Member submitting the request. These circumstances may include difficulties and delays in obtaining assistance and support for capacity building.

#### **Article 18. Implementation of Category B and Category C**

1. In accordance with paragraph 2 of Article 13, if a developing country Member or a least-developed country Member, having fulfilled the procedures set forth in paragraphs 1 or 2 of Article 16 and in Article 17, and where an extension requested has not been granted or where the developing country Member or least-developed country Member otherwise experiences unforeseen circumstances that prevent an extension being granted under Article 17, self-assesses that its capacity to implement a provision under Category C continues to be lacking, that Member shall notify the Committee of its inability to implement the relevant provision.

2. The Committee shall establish an Expert Group immediately, and in any case no later than 60 days after the Committee receives the notification from the relevant developing country Member or least-developed country Member. The Expert Group will examine the issue and make a recommendation to the Committee within 120 days of its composition.

3. The Expert Group shall be composed of five independent persons that are highly qualified in the fields of trade facilitation and assistance and support for capacity building. The composition of the Expert Group shall ensure balance between nationals from developing and developed country Members. Where a least-developed country Member is involved, the Expert Group shall include at least one national from a least-developed country Member. If the Committee cannot agree on the composition of the Expert Group within 20 days of its establishment, the Director-General, in consultation with the chair of the Committee, shall determine the composition of the Expert Group in accordance with the terms of this paragraph.

4. The Expert Group shall consider the Member's self-assessment of lack of capacity and shall make a recommendation to the Committee. When considering the Expert Group's recommendation concerning a least-developed country Member, the Committee shall, as appropriate, take action that will facilitate the acquisition of sustainable implementation capacity.

5. The Member shall not be subject to proceedings under the Dispute Settlement Understanding on this issue from the time the developing country Member notifies the Committee of its inability to implement the relevant provision until the first meeting of the Committee after it receives the recommendation of the Expert Group. At that meeting, the Committee shall consider the recommendation of the Expert Group. For a least-developed country Member, the proceedings under the Dispute Settlement Understanding shall not apply to the respective provision from the date of notification to the Committee of its inability to implement the provision until the Committee makes a decision on the issue, or within 24 months after the date of the first Committee meeting set out above, whichever is earlier.

6. Where a least-developed country Member loses its ability to implement a Category C commitment, it may inform the Committee and follow the procedures set out in this Article.

#### **Article 19. Shifting between Categories B and C**

Developing country Members and least-developed country Members who have notified provisions under Categories B and C may shift provisions between such categories through the submission of a notification to the Committee. Where a Member proposes to shift a provision from Category B to Category C, the Member shall provide information on the assistance and support required to build capacity.

2. In the event that additional time is required to implement a provision shifted from Category B to Category C, the Member may:

- (a) use the provisions of Article 17, including the opportunity for an automatic extension; or

(b) request an examination by the Committee of the Member's request for extra time to implement the provision and, if necessary, for assistance and support for capacity building, including the possibility of a review and recommendation by the Expert Group under Article 18; or

(c) in the case of a least-developed country Member, any new implementation date of more than four years after the original date notified under Category B shall require approval by the Committee. In addition, a least-developed country Member shall continue to have recourse to Article 17. It is understood that assistance and support for capacity building is required for a least-developed country Member so shifting.

**Article 20. Grace period for the application of the Understanding on rules and procedures governing the settlement of disputes**

- (iii) Members should also promote internal coordination between their trade and development officials, both in capitals and in Geneva, in the implementation of this Agreement and technical assistance.

(e) encourage use of existing in-country and regional coordination structures such as round-tables and consultative groups to coordinate and monitor implementation activities; and

(f) encourage developing country Members to provide capacity building to other developing and least-developed country Members and consider supporting such activities, where possible.

4. The Committee shall hold at least one dedicated session per year to:
