

Distribution of scores for rol Prosumer
Intraclass correlation coefficient: agreement 0.071
Inter-rater agreement 0.022 (0.0021)
Homogeneity of Variances 0.43
Average interquartile range 2.1
Standard Deviation of interquartile ranges 1.4
Friedman test p-value 2e-05
Average power post hoc 0.39

Distribution of scores for rol DER
Intraclass correlation coefficient: agreement -0.039
Inter-rater agreement 0.036 ($1.7e-06$)
Homogeneity of Variances 0.33
Average interquartile range 2.6
Standard Deviation of interquartile ranges 0.92
Friedman test p-value 0.00018
Average power post hoc 0.31

Distribution of scores for rol Aggregator
Intraclass correlation coefficient: agreement -0.0043
Inter-rater agreement 0.026 (0.0026)
Homogeneity of Variances 0.36
Average interquartile range 2
Standard Deviation of interquartile ranges 1.9
Friedman test p-value $1.3e-06$
Average power post hoc 0.31

Distribution of scores for rol ESCO
Intraclass correlation coefficient: agreement 0.14
Inter-rater agreement 0.012 (0.16)
Homogeneity of Variances 0.22
Average interquartile range 1.3
Standard Deviation of interquartile ranges 0.36
Friedman test p-value 1.8e-06
Average power post hoc 0.18

Distribution of scores for rol BRP
Intraclass correlation coefficient: agreement 0.074
Inter-rater agreement 0.018 (0.015)
Homogeneity of Variances 0.0048
Average interquartile range 2.6
Standard Deviation of interquartile ranges 1.9
Friedman test p-value 9.2e-07
Average power post hoc 0.5

Distribution of scores for rol Supplier
Intraclass correlation coefficient: agreement 0.12
Inter-rater agreement 0.038 (2.6e-06)
Homogeneity of Variances 0.29
Average interquartile range 2.4
Standard Deviation of interquartile ranges 2
Friedman test p-value 0.00013
Average power post hoc 0.43

Distribution of scores for rol DSO
Intraclass correlation coefficient: agreement 0.2
Inter-rater agreement 0.014 (0.07)
Homogeneity of Variances 0.17
Average interquartile range 1.8
Standard Deviation of interquartile ranges 0.56
Friedman test p-value 0.00016
Average power post hoc 0.27

Distribution of scores for rol TSO
Intraclass correlation coefficient: agreement -0.017
Inter-rater agreement 0.033 ($1.6e-05$)
Homogeneity of Variances 0.11
Average interquartile range 2
Standard Deviation of interquartile ranges 1
Friedman test p-value $5.9e-05$
Average power post hoc 0.46
