

Distribution of scores for rol Prosumer
Intraclass correlation coefficient: agreement 0.066
Inter-rater agreement 0.031 (4.8e-05)
Homogeneity of Variances 0.52
Average interquartile range 2.1
Standard Deviation of interquartile ranges 1.2
Friedman test p-value 1.4e-06
Average power post hoc 0.41

Distribution of scores for rol DER
Intraclass correlation coefficient: agreement -0.044
Inter-rater agreement 0.04 ($2.1e-07$)
Homogeneity of Variances 0.42
Average interquartile range 2.6
Standard Deviation of interquartile ranges 0.89
Friedman test p-value $1.9e-05$
Average power post hoc 0.32

Distribution of scores for rol Aggregator
Intraclass correlation coefficient: agreement -0.032
Inter-rater agreement 0.029 (0.00052)
Homogeneity of Variances 0.57
Average interquartile range 1.8
Standard Deviation of interquartile ranges 1.2
Friedman test p-value $1.5e-06$
Average power post hoc 0.31

Distribution of scores for rol ESCO
Intraclass correlation coefficient: agreement 0.13
Inter-rater agreement 0.021 (0.018)
Homogeneity of Variances 0.36
Average interquartile range 1.3
Standard Deviation of interquartile ranges 0.39
Friedman test p-value 2.6e-07
Average power post hoc 0.19

Distribution of scores for rol BRP
Intraclass correlation coefficient: agreement 0.029
Inter-rater agreement 0.014 (0.049)
Homogeneity of Variances 0.019
Average interquartile range 2.6
Standard Deviation of interquartile ranges 1.7
Friedman test p-value 1.1e-06
Average power post hoc 0.5

Distribution of scores for rol Supplier
Intraclass correlation coefficient: agreement 0.12
Inter-rater agreement 0.032 (5e-05)
Homogeneity of Variances 0.77
Average interquartile range 2
Standard Deviation of interquartile ranges 1.5
Friedman test p-value 6.1e-05
Average power post hoc 0.44

Distribution of scores for rol DSO
Intraclass correlation coefficient: agreement 0.23
Inter-rater agreement 0.018 (0.018)
Homogeneity of Variances 0.094
Average interquartile range 1.8
Standard Deviation of interquartile ranges 0.49
Friedman test p-value 1.4e-05
Average power post hoc 0.26

Distribution of scores for rol TSO
Intraclass correlation coefficient: agreement -0.015
Inter-rater agreement 0.03 ($9.4e-05$)
Homogeneity of Variances 0.082
Average interquartile range 2.2
Standard Deviation of interquartile ranges 1.1
Friedman test p-value $7.1e-06$
Average power post hoc 0.44
