1.1 INTRODUCTION

The following is the Annual Environmental Report (AER) for the period January 2018 to December 2018 at Bimeda Animal Health Ltd.

The company are licensed by means of Integrated Pollution Control Licence Register Number P0357-01, for;

- The manufacture of pesticides, pharmaceutical or veterinary products and their intermediates

under the First Schedule of the Environmental Protection Agency Act, 1992 to which the activity relates as per Class 5.6.

The Integrated Pollution Control Licence No. 357 which was granted on the 16th June 1998 to Cross Vetpharm Ltd was transferred to Bimeda Animal Health Ltd on the 13th of June 2018. A copy of the transfer notification from the EPA is included in appendix 2. This is the 2018 Annual Environmental Report of Bimeda Animal Health Limited and detailed within is a summary of all activities on-site during this period that has had an influence on the environmental performance of the company.

Bimeda Animal Health Ltd, located at Airton Close, Tallaght, Dublin 24 (Grid Ref. E3091, N2282) are manufacturers of veterinary, pharmaceutical and animal health products.

The average number of people employed is 16

Normal operating hours are:

The normal operating hours of the facility is 07:00 to 21:00 p.m. Monday to Friday; With some limited operations on Saturday.

This AER reflects company's commitment to achieving objectives of a documented ongoing improvement programme at the site.

Environmental Policy

Bimeda Animal Health Ltd.

Environmental Policy

Introduction:

Bimeda Animal Health facility at Units 2,3 and 4 Airtown Close, Tallaght, Dublin 24 (Grid Ref: E3091, N2282) are manufacturers of veterinary, pharmaceutical and animal health products.

The products manufactured at the facility fall into four main categories namely:

Drenches: These are for oral administration to animals to control internal parasites.

Dairy Hygiene: These are dairy parlour cleaning / hygiene products.

Nutritionals: These are vitamin / mineral type supplements for horse and cattle.

Ectoparasiticides: These are used for the control of skin parasites on the sheep and cattle. These products are presented as dips and pour on's.

Bimeda Animal Health Ltd has been improving its environmental management system in conjunction with managing its Integrated Pollution Control Licence.

Policy

Environmental care is a Bimeda Animal Health Ltd core value. Bimeda Animal Health Ltd's environmental programmes shall be an integrated approach focused on continuous improvement, involvement of all functions and towards contributing to sustainable development. The environmental programmes in Bimeda Animal Health Ltd will seek to achieve the following:

- Surpass minimum compliance requirements of government environmental regulations
- Continually review and improve the environmental performance of our manufacturing facility
- Review aspects, prioritise and establish environmental goals and objectives on an annual basis
- Minimise negative environmental impacts through activities that are designed for the prevention of pollution
- Support research, training or agencies engaged in environmental improvement
- Encourage the involvement of employees to promote and ensure an environmentally friendly workplace
- Develop employee environmental awareness and be open to the community on our environmental efforts and performance
- Audit practices and programmes to help ensure continuous improvement

The company values and promotes environmental leadership, responsibility and innovation in the management of all company facilities and operations. All managers are expected to provide sound environmental leadership, to maintain appropriate records and demonstrate compliance with programmes, permits and practices.

The environmental function will lead the development and implementation of appropriate programmes, policies, audits, compliance monitoring, general awareness, supervision of the environmental management system and provide public access to environmental information. Bimeda Animal Health Ltd's environmental programmes and their results shall be communicated in an open and factual manner.

Each function head is responsible for implementing action programmes based on this policy.

Authorised by:

Declan Dempsey
Plant Manager

Date: 05/07/18

1.2 SITE DESCRIPTION

The Bimeda Animal Health site is located at Airton Close, Tallaght, Dublin 24. Surrounding land use is primarily industrial in nature, with industrial developments to the north, east and west boundaries.

The products formulated at the facility fall into four categories namely:

- | | |
|--------------------|---|
| Drenches: | These are for oral administration to animals to control internal Parasites. |
| Dairy Hygiene: | These are dairy parlour cleaning/hygiene products. |
| Nutritionals: | These are vitamin/mineral type supplements for horse and cattle. |
| Ectoparasiticides: | These are used for the control of skin parasites on the sheep and cattle. These products are presented as Dips and Pour On's. |

These products are prepared and packed in dedicated suites and in accordance with the requirements of the Irish Medicines Board.

1.2.1 DESCRIPTION OF ACTIVITY

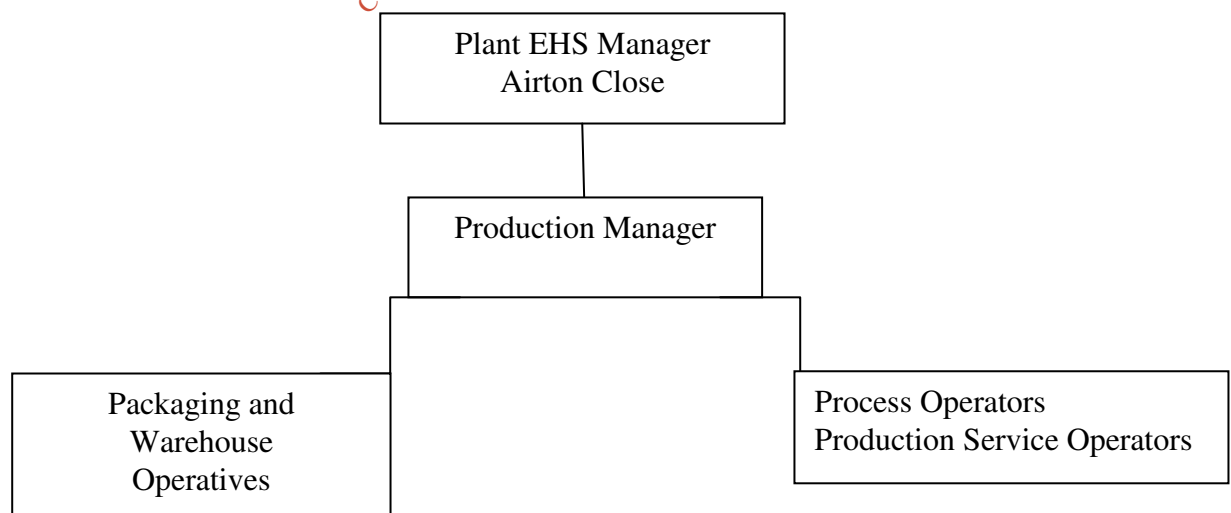

Production consists of the following steps:

- Materials are received in the drum store and plant in bags, drums etc, as required (Keeping stocks on-site to a minimum)
- Raw materials are subjected to quality control before use.
- The various product ingredients are made up in vessels equipped with stirrers, heating/cooling jackets, etc.
- Formulated products are then subject to further quality controls.
- Finished products are packed and dispatched.

1.2.2 ECONOMIC CONTRIBUTION

Bimeda Animal Health Ltd have been specialists in the manufacture of animal health products and are now a leading supplier to major domestic and overseas customers and currently employs a staff of 16.

ENVIRONMENTAL PROTECTION AGENCY ACT 1992 AS AMENDED

TRANSFER OF AN IPC LICENCE

Decision of the Agency, under Section 94 of the Environmental Protection Agency Act 1992 as amended

Licence Register No: P0357-01

The Agency, in exercise of the powers conferred on it by the Environmental Protection Agency Act 1992, as amended, for the reasons hereinafter set out, hereby transfers licence Register No P0357-01 and any associated amendments from Cross Vetpharm Group Limited, Airtown Close, Tallaght, Dublin 24, to Bimeda Animal Health Limited, Unit 2/3/4 Airtown Close, Tallaght, Dublin 24, CRO No. 556610.

Licence Register No: P0357-01 licenses the carrying on of the activities at Airtown Close, Tallaght, Dublin 24, subject to thirteen conditions, as set out in the Licence.

In accordance with Section 94 of the Act, Bimeda Animal Health Limited, is deemed to have assumed and accepted all liabilities, requirements and obligations provided for in or arising under the licence, regardless of how and in respect of what period, including a period prior to the transfer of the licence, that may arise.

REASONS FOR THE DECISION

Pursuant to Section 94(5)(a) of the Act, the Agency is satisfied, on the basis of the information available, that Bimeda Animal Health Limited is entitled to be regarded as a fit and proper person to be granted a like IPC licence. Pursuant to Section 94(5)(b) of the Act, the Agency is satisfied, on the basis of the information available, that Bimeda Animal Health Limited has made adequate financial provision to discharge the financial commitments or liabilities that will be entered into or incurred in carrying on each of the activities to which the licence relates, or in consequence of ceasing to carry on any of those activities. In reaching this decision the Agency has considered the application and supporting documentation received from the joint applicants and the Programme Officer's report.

Sealed by the seal of the Agency on this the 13th day of June 2018

PRESENT when the seal of the Agency
was affixed hereto:

Mary Turner, Authorised Person
