Data/  
Publications

Profiles

Projects

### WHY TRIPLE PROJECT?

- Strong fragmentation of SSH research
- SSH open scholarly resources (data, publications, other researchers' profiles and projects) currently scattered across local repositories
- Low use and reuse of SSH research
- Interdisciplinary collaboration possibilities are missed
- Societal impact is limited

[www.gotriple.eu](http://www.gotriple.eu)

*TRIPLE will be a dedicated service of the OPERAS RI*

**OPERAS**

open access in the european research area through scholarly communication

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement number 863420.

Institute for Computational Linguistics
