

This MDS plot shows the relationship between MDS 1 (x-axis) and MDS 2 (y-axis). The x-axis ranges from approximately -150 to 150, and the y-axis ranges from approximately -100 to 100. A large, dense cluster of red points is centered around MDS 1 = 0 and MDS 2 = 0. A smaller, distinct cluster of cyan points is located in the upper-left quadrant, around MDS 1 = -50 and MDS 2 = 50. The plot includes a light gray grid.

MDS 2
