Abstract:

Navamsha has very high importance in Vedic Astrology. Brihat Parashara Hora Shastra while analysing Shotasha Varga (16 divisions of the Rasi Chart) states that Navamsha Chart is the most important one, after the Rasi Chart. While calculating the vimshopaka bala, the Navamsha chart is considered in all the Vargas. Rasi Chart gets the maximum points of strength in the calculation and the next divisional chart is the Navamsha Chart. This indicates the position of planets in the Navamsha chart which is very important in any type of predictions. Every astrologer and the books of astrology stress the use of Navamsha. Navamsha is added in every horoscope. Normally it remains over looked and often remains just a decorative chart. Therefore, budding astrologers are at a loss to understand the use of Navamsha. Navamsha chart is of tremendous predictive use. Profound astrologers even say that a prediction given without considering Navamsha is like committing a crime. Although navamsha is seen to predict marriage, this is not the only use of Navamsha. In fact it has been given more weight than even the birth chart by Parashara. It is a complete chart to assess the strength of planets. It is called the perpetual chart. It helps in confirmation of any promise of birth chart. The understanding of dasha results are finetuned with the help of Navamsha. The religious devotion is also seen from Navamsha.

Key Words: Nakshatra, Pada, Zodiac, Rasi, Lagna, Natal chart, Planets, Navamsha, Vargottam, Puskaramsha, Longitudes, Aspects, Malefic, Benefic, Exalted, Debilitated, Combust, Retrograde

Navamsha is the ninth division of a sign. Each Navamsha division measures $3^{\circ} - 20'$ which is also the one fourth of a nakshatra called pada. There are 108 Navamshas in total. It is also known as Dharmamsha. It is an important divisional chart. There are four methods of casting Navamsha chart.

First Method:

The counting of Navamsha starts from the movable sign of the triad in which the planet is placed in the birth chart. There are four triads namely: fiery, earthy, airy, and watery. Each next Navamsha occupy next sign in direct order.

Triad	Signs	Sequence of Navamsha
Fiery	Aries, Leo, Sagittarius	Aries, Taurus, Gemini, Cancer, Leo, Virgo, Libra, Scorpio, Sagittarius
Earthy	Taurus, Virgo, Capricorn	Capricorn, Aquarius, Pisces, Aries, Taurus, Gemini, Cancer, Leo, Virgo
Airy	Gemini, Libra, Aquarius	Libra, Scorpio, Sagittarius, Capricorn, Aquarius, Pisces, Aries, Taurus, Gemini
Watery	Cancer, Scorpio, Pisces	Cancer, Leo, Virgo, Libra, Scorpio, Sagittarius, Capricorn, Aquarius, Pisces

Second Method:

For movable signs, the first Navamsha occupy the sign itself. For fixed signs, the first Navamsha occupy the ninth sign from itself. For dual signs, the first Navamsha occupy the fifth sign from itself. The other Navamsha follows in direct order.

Third Method:

Multiply the longitude of the planet (including sign) by nine. Expunge multiples of 12 signs. The resultant is the longitude of the planet in navamsha. For example we take Sun placed at $16^{\circ} 20'$ in Aries. Multiply $16^{\circ} 20'$ by 9. We get 147 degrees. It is four signs completed and current sign is fifth. Sun is in Leo Navamsha.

Fourth Method:

Note the number of signs in the previous house to the planet. Multiply this number by nine. Add the number of Navamsha occupied by planet. Expunge multiples of 12 from the sum, so obtained. The result is the sign occupied by planet in Navamsha. For example we take Sun placed at $16^{\circ} 20'$ in Aries. Pisces is the previous sign to Aries. Multiply by 9. We get 108 degrees. Sun is in fifth Navamsha. Add five to 108° to get 113° . Expunge 108° and the sign occupied by Sun in Navamsha is 5. Thus Sun is in Leo in navamsha.

Pushkar Navamsha:

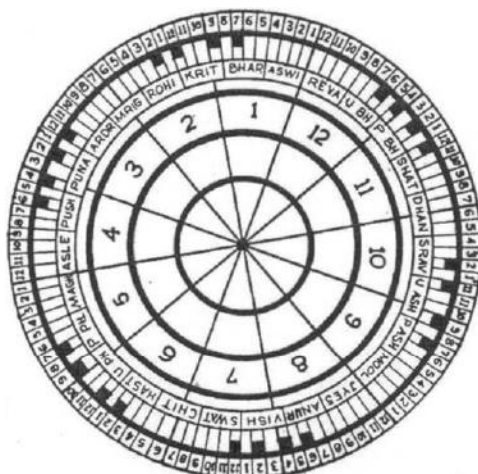

Pushkar Navamsha are twenty four. Each sign has two Pushkar Navamsha and are the special areas of a sign. Any planet placed in this area gets its qualities enhanced and acquire the potential to give good results of its significations. These are the benefic Navamsha and lorded by the benefics in Navamsha. Any planet

occupying this Navamsha goes to the signs of four benefics Jupiter, Mercury, Venus, and Moon. Jupiter and Venus have nine each. Moon and Mercury have three each of the 24 Pushkar Navamshas. No Pushkar Navamsha falls in the sign of Sun, Mars and Saturn in D9.

- The outer circle of the disc indicates Navamshas, marked numerically.
- The third circle shows constellations or nakshatras.
- Signs and Navamsas are marked numerically from 1 to 12, in anti-clockwise manner.
- All Pushkar Navamsas of the zodiac are marked with a black dot, below the Navamsha signs.
 - Out of the 108 Nakshatra-quarters 24 are considered Pushkar Navamsha highly auspicious.
 - Each Rasi contains two Pushkar Navamshas ruled by Moon, Venus, Mercury, and Jupiter.
 - Of the 24 Pushkar Navamshas, 3 are further strengthened by being vargottama.

Pushkar Navamshas in Tabular form:

Pushkar Navamsa Chart:

S.No	Planet	Nakshatras			Pada	Sign	Pada	Sign
1	Ketu	Aswini	Magha	Mula	No Pushkaramsha			
2	Venus	Bharani	Purva Phalguni	Purva Ashada	3	Libra		
3	Sun	Kritika	Uttara Phalguni	Uthira Ashada	1	Sagittarius	4	Pisces
4	Moon	Rohini	Hasta	Shravana	2	Taurus		
5	Mars	Mrigashirsha	Chitra	Dhanishta	No Pushkaramsha			
6	Raghu	Arudra	Swati	Shatabhisha	4	Pisces		
7	Jupiter	Punarvasu	Vishka	Purva Badrapada	2	Taurus	4	Cancer
8	Saturn	Pushya	Anuradha	Uttara Badrapada	2	Virgo		
9	Mercury	Ashlesha	Jyesta	Revathy	No Pushkaramsha			

Nakshatra of Jupiter and Sun contain six Pushkar Navamsa each out of total twelve Navamsa. Nakshatra of Venus, Moon, Raghu, and Saturn contribute three Pushkar Navamsa each. The Nakshatra of Ketu, Mercury and Mars do not contain any Pushkar Navamsa. Only three Navamsa are vargottam and pushkar at the same time. These are fifth in Taurus, first in Cancer and ninth in Sagittarius.

Placement in pushkar Navamsa enhances the significations of the planet. For example Jupiter is the significator of wealth. When Jupiter is in pushkar Navamsa and the sign occupied by Jupiter in Navamsa falls in Kendra or trikona of the birth chart then the person is very wealthy and lucky. In case, this sign is in sixth, eighth or twelfth, then along with wealth, it gives disease, bereavement, or separation (Chandra kala nadi)

Thus the planet acquires the goodness and acts through the house occupied by its Navamsa in the birth chart. Planets in pushkar Navamsa are benefic and produce favourable results in Muhurat, Horary also. Some rules for application of pushkar Navamsa are as follows:

- Dasha of planets in Pushkar Navamsa is favourable and five results of the house of its placement.
- Planets aspected by planets in Pushkar Navamsa also give favourable results.
- More planets in Pushkar Navamsa lift the level of horoscope.
- Placement of Pushkar Navamsa planet is Navamsa is of maximum importance.

Vargottam Navamsa:

Vargottam Navamsa is also considered a highly favourable placement. When a planet occupies same sign in Navamsa which was occupied by it in birth chart then the placement is called Vargottam Navamsa. Even when a planet is debilitated in birth chart and remains debilitated in Navamsa still it is praised.

Vish Navamsa:

Certain Navamsa position of planets is termed as Vish Navamsa. These are:

- First Navamsa of Aries, Taurus, Virgo and Sagittarius. These are also called Sarp Navamsa.
- Fifth Navamsa of Gemini, Leo, Libra and Aquarius. These are also called Grida Navamsa.
- Ninth Navamsa of Cancer, Scorpio, Capricorn and Pisces. These are also called Shookar Navamsa.

Any planet placed in these Navamsa is harmful to the relative signified by the planet. If Moon occupy any of these Navamsa then it brings harm to mother.

Deities of Navamsa:

There are three lords of Navamsa chart. They are Deva, Nara, and Rakshasa. A planet in the movable Navamsa is Deva, in fixed Navamsa it is Nara and is Rakshasa in a dual sign.

Deva (Divine, godly) – A planet in Deva Navamsa is calm and have pious nature. He like to give and share his significations with others.

Nara (Human) - Her is next to Deva. The person is practical and has down to earth approach to life.

Rakshasa (Demon and evil) - He can be rash and sometime even turn violent. He is materialistic. He likes to possess everything for himself. He is hard working under any situation.

The most common use of Navamsa is to assess the strength of planet. Generally a well-placed planet and in status in Navamsa chart is considered strong and gives auspicious results.

- Planet exalted in the Navamsa chart is considered best even when it is debilitated in birth chart.
- Any planet debilitated in Navamsa give bad results even when it is exalted in birth chart.
- A vargottam planet is strong. It gives name and fame. Even a debilitated vargottam planet gives wealth, fame but with some problems like health or mental tensions.
- Planets in the signs of benefic planets are strong.
- Planets in Navamsa occupying the signs of Kendra/trikona of birth chart are auspicious.
- The Navamsa are further classified as Dhrid, Dhridh-adhrid and Adiridh. The fixed sign in Navamsa are dhrid, and dual are dridh-adhrid and the movable are adridh. The prarabdha signified by dridh cannot be changed, those signified by dual can be changed with effort and the one signified by movable signs can be changed with little effort.

Matters Related to Marriage:

There are some basic rules regarding marriage. In a horoscope 7th house is the house of marriage. We have Lord of seventh house and a karaka of seventh house. The significations and the area rules by each of them are:

- Seventh house is the house that governs marriage. The promise of marriage is seen from this house.
- The seventh lord is the owner of the house. His responsibility is to look after the house. An afflicted lord will not be able to look after the house. Well-connected lord will manage the house well.
- The karaka of marriage for male is Venus. The karaka of marriage for female is Jupiter. Venus also represents the lust and luxury for both sexes. The sexual energy of male is controlled by Venus. The sexual energy of female is controlled by Mars. Karaka is the inner beauty in marriage. It is not the physical charm but the caring attitude.

Kaala Purush:

Kaala purush chart is the basic chart. This chart gives a lot of information through the ownership, exaltation, and debilitation signs of planets in this chart. We may understand this in reference to seventh house. This applies to Navamsa as well.

- Exaltation – Saturn gets exalted in seventh house. Exalted planet gives ego and status in marriage.
- Debilitation – Sun is debilitated in seventh house. It gives no ego or status in marriage.
- Lord – Venus is the sign of seventh house in kaala purush chart. Venus is the owner and is responsible to maintain this house.
- Sign – Libra is the sign of seventh house in kaala purush chart. Libra is also seen for promise and quality of marriage.

- Jupiter – Jupiter is exalted in fourth house. It is therefore significator of happiness in marriage. Jupiter is debilitated in tenth house.
- Sun – Sun is exalted in lagna. Exalted Sun gives ego in marriage life.
- Mars – Mars is exalted in tenth house and gives authority in marriage life.
- Venus – Venus exalts in twelfth house of bed room.
- Mercury –Mercury is exalted in sixth house and causes rift in marriage life.

Conformity of Marriage:

Seventh house is the house of marriage. The promise is marriage is seen from seventh house. It is not the purview of seventh lord as seen by many. The promise is checked first in birth horoscope. The seventh house can be unoccupied and unaspected. There can be a malefic relation but it should have a benefic relation. The lagna lord and seventh lord even when a malefic their association with seventh house can still promise marriage. Association of only benefics with seventh house is good for promise of marriage. Now we check the lagna and seventh house of Navamsa. Lagna is the desire of marriage. The lagna should have benefic relation to make a person desirous of getting married. Seventh house of Navamsa is the house of marriage. It should meet conditions as discussed for birth horoscope. The sign Libra is also seen for its association and aspect.

Example Chart:

Birth Chart: DoB 22.12.1973 ToB 11.25.00			
	Ma 05.53		Ke 05.06 Sa 07.50
Asc 17.34			
Ju 18.5 Ve 15.09			
Su 6.44 Ra 05.06	Me 26.35 Mo 10.48		
Navamsa Chart			
As		Ra Ve Ma	Su Ju
Me			
(Sa)	Ke	Mo	

Seventh house of birth chart is not having any planet. It is accepted by Saturn. Saturn is considered malefic but not for this horoscope since it is lagna lord also. The promise of marriage is present. In Navamsa the seventh house is vacant and not aspected by any planet. It is not a denial but seventh house is average and have no malefic relation. Lagna also is vacant and not aspected. Libra is occupied by Moon and aspected by Jupiter. Jupiter is benefic and is lagna lord. Marriage is promised.

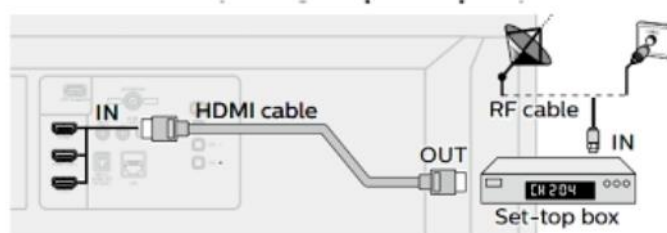

Quality of Marriage:

It is noted that karaka of marriage is the beauty of marriage and gives a clue about quality of marriage.

- The karaka of marriage is checked in birth horoscope and Navamsa. It should not have malefic association. It can be debilitated but should not be afflicted. One affliction is tolerable. More afflictions spoil the marriage. Benefic association improves the quality of marriage. Navamsa is the final outcome.
- Two or more benefic association with seventh house also enhances quality of marriage. This is seen in birth chart and Navamsa chart.
- A combination in Trimshamsha and birth horoscope provides good information about quality of marriage. When sign of Saturn or Mars or Sun rises in lagna of Trimshamsha and these planets also influence lagna of birth horoscope then the marriage is disturbed. The problem is manifold if Sun or Moon occupy birth lagna and have malefic relation. When these are replaced by benefics then marriage is a quality marriage.

Sometimes marriage starts on a happy relation but turns bad over a period. The reverse is also true. We should also check this. The birth horoscope and Navamsa are consulted for this. The Navamsa is Shashvat

chart and show the ultimate condition. When quality is good in birth chart and is bad in Navamsa then the relations turn sour over a period. When it is not so good in birth chart but is good in Navamsa then relations improve after some time. With a practical small example we can understand what is Navamsa. Television which we watch every day in our house is connected with a cable setup box. The setup box provided by the cable company is connected with the television using HDMI cable

The TV is the producer of the final result. The quality of picture is coming from the TV, it is high definition, good sound quality which makes you enjoy the complete picture what you are watching. So this TV is exhibiting the final result so that you can watch and enjoy. But this TV is depended on the cable setup box to receive its signal. If your cable setup box cannot send signal properly to your TV the picture quality will be poor inspite of you have a world class TV at our home. Expensive TV, LED, high definition TV at our home if the cable company which has provided the setup box to watch all the programs, we use to see there that does not have the good quality to render good picture, high definition picture you will not enjoy complete pictures on our TV watching all your favourite pictures even if the TV is most expensive one. We must understand that to enjoy complete picture which we want to watch three factors which play very important role:

- Quality of TV itself, picture tube, sound quality, speaker box and high definition LED.
- The broadcast which is coming from your cable setup box through our satellite dish antenna which is receiving the broadcast and then rendering it on our TV. If this is of bad quality you will not enjoy the quality of picture. If this is of a good quality you enjoy as well as our TV is also good.
- HDMI cable, if this cable is not good, inspite of you are getting a good broadcast our TV is receiving a good signal and high quality but the HDMI cable is not rendering the output quality of signal to our TV we will not be able to enjoy the good quality of picture.

These three important factors are must to enjoy best quality of picture you preferred, cable setup box connected to dish antenna, TV, and HDMI cable. Now in the world of astrology TV is our lagna chart exhibiting our karma shown in our lagna chart. What you receiving from the cosmos, how your soul is acting, what kind of strength and weakness we receive from the different planets in the zodiac, how your subconscious is feeling, how our mind is feeling, how our energy internally sending the signal to our physical body to go and act to be decided by this cable setup box i.e. Navamsa chart.

Navamsa chart becomes your cable setup box, which is sending you good quality of pictures, giving you the benefit and it is showing favourable time for you. The planets positioned in the D9 Navamsa chart are receiving the right energy which are exhibited and regularising right energy to our physical body i.e. our TV. That is all addresses seen in the Navamsa chart. Finally, the cable which has connection between your D9 Navamsa chart and D1 lagna chart. How they are connected. Especially when you want to read this significant of particular house. The physical body which is exhibiting the final result is your D1 chart. But where the desire coming from, who is deciding even do you have the picture, do you have the frequency, those planets, those channels with this example go and give you the result so that you can enjoy the complete picture of your life is shown from the D9 Navamsa chart. People have struggle in their careers not seen from the physical chart but from this Navamsa chart we can see the sign of depression, pain and fear not shown on the physical chart but D9 chart show completely. Your marriage, relationship, your children, and everything on D9 chart. You can see your fortune, what is the energy being exhibited by your soul – cable setup box which is receiving the energy

from the cosmic heaven of the planets which are placed during the time of your birth. What are they sending you to enjoy the complete picture. This is what the D9 Navamsa chart shows and the linkage between these two is HDMI cable. The D9 Navamsa chart is good and the lagna chart is also good but people have problem. Here this linkage through HDMI cable to reduce the leakage of the signal not able to receive the cosmic energy you want to see.

TV is your physical body giving you the result, cable setup box is your soul of your physical well which is receiving signal where the signs receiving energy from the different cosmic energy and rendering those to your physical body so that you can go and manifest your desires. How much of fire power, what is the signal strength you receiving is also seen from D9 Navamsa chart. The quality of picture is dependent on what your cable setup box is rendering. Similarly the quality of life is also dependent on the Navamsa chart D9. This is the chart of Shri Narendra Modi ji, our Prime Minister.

Three planets occupy Pushkar Navamsa in this horoscope. They also influence other planets.

- Saturn is in Leo in ninth Navamsa.
- Moon is in Scorpio in third Navamsa.
- Mars is in Scorpio in first Navamsa.
- Saturn and Mars aspect Jupiter.
- Saturn is with Venus.
- Six planets are related to Pushkar Navamsa.

Dasha of Venus started in 1985 and lasted till 2005. Again Moon Dasha started in 2011. In Moon/Jupiter he was elected to high post of Prime Minister of India.

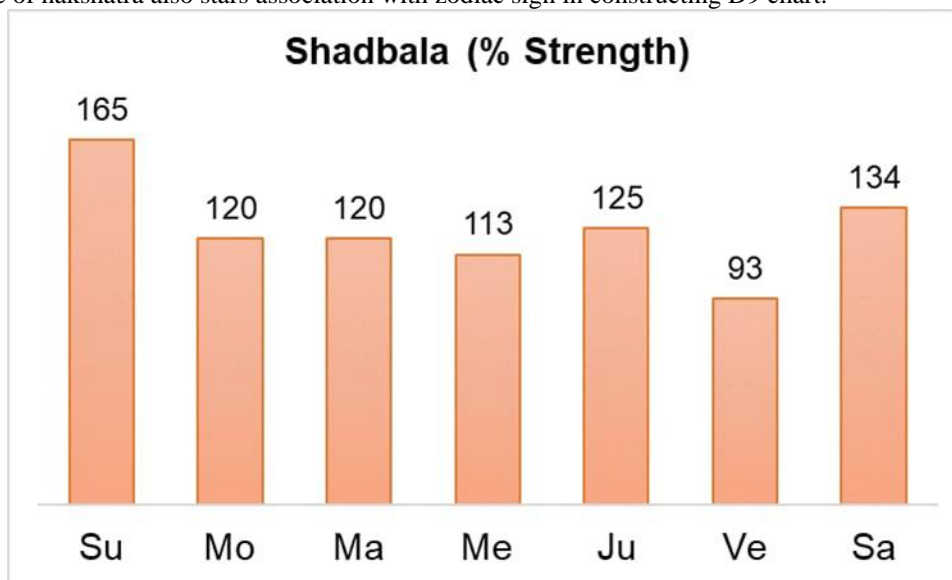

Normally the best way to read D9 chart is first overlay the D9 chart on the top of Lagna Chart. Inner chart is natal chart and outer chart is Navamsa chart. Then we may see what are the energy we receive on each house of life, each division of your life from the Navamsa chart. The first thing we have to see, do we have any planet in vargottam. Vargottam means a planet which is in the same sign in both lagna as well as in the Navamsa chart. In Shri Narendra Modi's chart Venus is in the sign of Leo in the lagna chart and it also in the sign of Leo in the D9 chart. How many planets you have in your chart as vargottam, that is very important point. Vargottam planets are the planets which give you good results. So, vargottam planets are considered to be high definition channel, they are receiving good energy, good light from the D9 and good signal in rendering it you physical soul. If you have one or more planets in vargottam you can say that are very auspicious. They will give you good results unless they connected themselves or through the nakshatras 6-8-12. You can also check the strength of the planet Venus in vargottam, the strength is 93, but still it gives good result, because it is as vargottam receiving the good energy and good rendering power to give auspicious results to this person Shri Narendra Modi because Venus is sitting in the same sign in both the charts of lagna chart as well as Navamsa chart. You see how many planets you have vargottam, it will give you the best that what are the planets situated in favourable in your chart. To see which planets in your chart are in vargottam all you have to do is overlay the lagna chart on Navamsa chart which planet is in the same sign in the same Rasi in zodiac sign. Venus in Shri Narendra Modi's chart is vargottam. Vargottam planets are high energy planets even if they have lesser strength is still it will give good results unless at the nakshatra level they are connected with 6-8-12 all each other.

After you looking vargottam planet who they are, where they are sitting you come to your basic chart Pushkaramsha. It is in certain degree in zodiac signs. If your planets sit in those points they are considered to be sitting in Pushkaramsha, which is another very auspicious degree arc on the zodiac belt. These planets are going to give you good result if they have no connection with 6-8-12 at the nakshatra level or at the planet level.

You have to see which of the planets are in that arc for you, which is considered to be in the auspicious arc. The planets in Pushkaramsha are very auspicious. In Shri Narendra Modi's chart, the moon is in Pushkaramsha and Mars in Pushkaramsha and Saturn is also in Pushkaramsha and they associating each other. Mars and moon are sitting in the first house which stands for dignity, brand, Saturn is sitting in the first house stands for strength, political, name, administrator, leadership. Once you go through this, you will understand why Mr. Modi is Modi. Shri Narendra Modi's chart, the TV – the physical well and his cable setup box. They both are very good a well-connected. How many planets are in your chart in Pushkaramsha, if they do not have any direct connection with 6-8-12, not only 6-8-12 it has to be the combination of 6-8-12, 6 & 8 sitting in 12, 8 & 12 sitting in 6. If they only have a connection with 12 in one house seems to be weaker but it will still give good result since it is in Pushkaramsha, the particular degree, the particular arc in the zodiac sign.

If we take one zodiac sign 30 degrees, divide it by 9, we get 3° 20'. So we divide a zodiac sign in to 9 equal house to construct the D9 chart and if we divide 30 by 9 we get approximately 3° 20' and this becomes

one pada of a nakshatra. One nakshatra is $13^{\circ} 20'$ divide it by 4 become each nakshatra have 4 parts, each part get $3^{\circ} 20'$. That is why the D9 Navamsa becomes very important. It is not only dividing the zodiac sign into 9 it is also dividing nakshatras into four and fitting the planet in those division of the star. That is why the soul of our life - the setup box - rendering connection to TV which is exhibiting the picture because it is taking importance of nakshatra also stars association with zodiac sign in constructing D9 chart.

In the lagna chart i.e. in the first house moon and mars are sitting together. In the second house no planet in the lagna chart but they will be rendering energy to Saturn and Jupiter. Jupiter is the lord of 5th house in the lagna chart and lord of 2nd house also in lagna chart. From the Navamsa chart it is exhibiting and rendering his energy to the 2nd house of gains, family values. Saturn sitting here also delays certain problems, issues, and challenges but the energies are coming flowing on 2nd house, after lagna chart from the Navamsa chart by Saturn and Jupiter. You can go deeper and understand what are the houses lordships Jupiter and Saturn sit as in D9 also. But to understand the way with a blink of your eye, see each house, who are the planets rendering energy to the house from the nakshatra chart. It is seen from 3rd house in the lagna chart and the D9 chart but the energy that the 3rd house is receiving from the D9 chart from sun and mercury. Mercury is highly intelligent. 3rd house is the house of your communication, branding and your image, sitting in 3rd house of your will power, so energy is being exhibited. Sun is the lord of 10th house in the lagna chart. Similarly you see the 4th house Jupiter is sitting here showing massive gain but the energy which is being exhibited from the soul is of Ketu, that is why he detached from his mother. In 5th house Raghu is sitting here, massive fame, no energy from Navamsa which is also blank. 6th to 9th houses are blank, Mars is exhibiting his energy in the 9th house of fortune and relationship with father also. Mars is the lord of 1st house in the lagna chart and its receiving its energy from 9th house from the Navamsa chart. 10th house Saturn and venus are sitting here. Venus is vargottam and Venus is receiving its own energy from the D9 chart also. Venus is lord of 7th and 12th. Moksha, spirituality, daily interaction. Sitting in the 10th house of Saturn, receiving the energy of Saturn, receiving harmonised energy of Saturn, So easily this person connected with people, Venus is harmonic, compassion, connection. Raghu is also here showing how much energy he is getting from his massive fame.

Raghu in lagna chart is sitting in 5th house and in the 10th house Raghu is exhibiting his energy from the Navamsa chart. 5th and 10th is your fame, your status, dignity, pride, leadership, management skill, political gain is his 10th house. 5th is the fame Raghu is sitting in the perfect position in lagna chart of 5th house and exhibiting his energy to the 10th house from Navamsa chart. Similarly 11th house is gain. Ketu, Sun, and Mercury are sitting here. Ketu sitting in 11th house shows that after some day he will be taking his Sannyasa and detach from his material life and political life. Moon is mind, his subconscious mind is exhibiting huge energy from the Navamsa chart to go for his gain. Mercury is sitting in his house, exalted Mercury in the lagna chart is receiving the rays of Moon from Navamsa chart. 12th is empty. Moon and Mars are sitting in the first house.

What we need to do as an astrologer, your thought process, how you think, how you analyse and your analytical skill that is what make you as an astrologer. Not by reading books, watching videos, you can watch videos unless you change your thought process. You have to condition your mind, condition your subconscious to think logically and understand the fundamental rules of astrology, without memorizing anything. If you memorize things friendly sign, enemy sign, debilitated, exalted, aspecting, non aspecting, functional benefic, functional malefic, the movement you open the chart you will be blank. Understand the logic, come to the logic, and then solve the problem. It will become a very smooth life for you as you sailing in the smooth water of ocean. It calm, cool and serenity on you. This is the first step how you see a Navamsa chart. Then to read a

particular area of life what we do is , because this has shown you all area of your life, which area of your life receiving energy from the Navamsa chart, planet situated there.

If we have to read a particular area of Shri Narendra modi, see the Rasi Chart and Navamsa Chart. Fame is coming from D1 and D9 chart. See the 10th house lord of Narendra Modi. 10th house is house of your career, karma, your gain. 5th is you fame also. 10th lord is Sun sitting in 11th house, gain in career, karma massive gains if the Sun is sitting in exalted Mercury in 10th house. Jupiter is aspecting the 10th house giving his exponential gain, wisdom and power of management skills in higher lengths. Jupiter and Saturn are aspecting is very strong Raja Yoga. Jupiter the lord of 5th house is aspecting the lord of 4th house. So Kendra house and Trikona house when they mutually aspect or conjunct give very good Raja Yoga. We can see the same combination in the Bhavachali chart . Jupiter is looking at the 10th house. All the planets are sitting here. Sun is here, political career, image, branding, Mercury is here intelligence Venus and Saturn also here , Ketu is also here which you show in some time in his career he will take a sannyasa and he will leave his post of being a prime minister because Ketu is detached. The lord of 5th which is Jupiter lord of fame is aspecting the whole combination in Bhavachali chart. Similarly in D1 chart Rasi chart, Lord of 5th lord of fame is aspecting the lord of karmas and there is one Raja Yoga here and there are several Raja Yogas are seen here. Jupiter with lord of 5th aspecting lord of 4th, this is one Raja Yoga. Jupiter lord of 5th is aspecting the lord of 10th Sun is 2nd Raja Yoga, Jupiter lord of 5th is aspecting Venus lord of 7th is the 3rd Raja Yoga. Which is very powerful combination. Three Raja Yogas in the 10th house of career in karma. In lagna chart the lord of 5th is aspecting the 11th house. Jupiter is aspecting it, the lord of 5th house. So 5th and 10th are massive fame. Your fortune, your fate is helping your gain right in the career, and lord sitting in the 11th house in Bhavachali chart is making you very strong Raja Yoga. That is why he is Prime Minister. Now how to see the same thing in D9 chart, the picture quality of TV is very awesome. The physical well looks very good for Narendra Modi. Saturn sitting in second house no denial. Strength of Sun, the lord of 10th house is very strong 165. Now looking at the D9, the TV looks good, how the cable receiver from the same rendering of the channel from the cable setup box or not. Who is lord of 10th house, Mars, sitting in first house. Self-efforts, self-branding it shows through the lord connected in the Navamsa chart also. So 5th, 10th and 1st houses are connected in Navamsa chart also. Jupiter and Saturn are making a very strong Raja Yoga in D9 chart also which are mutually aspecting here. Jupiter lord of 9th is sitting with lord of 7th is creating a very strong Raja Yoga in D9 chart also, The lord of 10th sitting in first, self-efforts, self-values self-image, self-branding is link to the career karmas and house of 6th. The lord of 10th house is connected with the 5th house of fame, and Mars is aspecting Sun which is lord of your 10th house in D1. So, the TV looks awesome, the cable set up box looks awesome, the connector HDMI cable is showing the good picture quality rendered very easily. 10th lord in D1 is Sun, sitting in 7th house, 10th lord of D9 is Mars, which is sitting in 1st house, In D9 they are mutually aspecting each other. Very powerful combination. This shows that the HDMI cable which is linking the TV and the cable setup box to render those channels to give him the best quality of picture is very good. Mars is the planet of his status and fame sitting in first house in his lagna chart and also in 1st house in D9 chart. His self-efforts, his own identity, his own image is going to be a exponential gain in the matter of career, karma and fame. It is the lord of fame aspecting this house creating Raja Yoga with the planet sitting in the 10th house Saturn. Same Raja Yoga is being stamped in the D9 chart also with the fortune house of 9th, Jupiter is connected with 7th house with the lord of 7th house. This also looks awesome. See the HDMI cable quality take the lord of 5th house lord of 10th house put it in the Navamsa chart which is Sun, Mars is the lord of 10th house also put it in Navamsa an in lagna chart and see the relationship with them, they are aspecting each other in Navamsa chart. So HDMI cable is also very good. That is the reason Mr. Narendra Modi politically so huge. This is the thought process, what we need to understand while reading a chart as an astrologer. Traditional astrologers use D9 chart for relationship analysis but it can be guaranteed if D9 chart is analyse anything in your life you will get precise and accurate answers even the remedies of D9 work more accurate. So, for the sake of those astrologers we can see D9 chart which is used to see the relationship. 7th house is Venus, is sitting in 10th house with lord of 12th, 7th and 12th are connected. Gap, separation, problems, issues in the matters of relationship. See the 10th of Venus D9 is only 93. So no interest in relationship. But when it comes to the Venus in the D1 and sitting in 10th house it is vargottam. Even D1 Venus has owned his power but that power is lower in relationship. But when we talk about the status Venus is vargottam sitting in same zodiac sign of Leo in D1 and D9. So for his status Venus is going to give him the instant connection with the people with the government because of his personality because its power to connect and being compassionate, and being attractive in his status which is the 5th because it has power to connect being compaction. But in relationship aspect the picture the TV is looking bad because 7th house is connected with 12th house separation, gaps and issues. Mars aspecting 7th house shows dominance in the matter of relationship. So the TV is not showing good picture about his marriage it is confirmed with D9 chart also. D9 chart 7th lord is Saturn sitting in 6th house it also lord of 8th house, 8th is pain, 7th is relationship and 6th is denial of marriage. 7th is your house of marriage. Any house which is 12th from his house negate the significance of that house. First is your body when you enter this world , 12th from your body the death house, you will exist from this world, 1st is being negated with 12th house. Similarly 7th house is being negated by 6th house because marriage is negative

from 6th house, the lord of 7th which is Saturn is sitting in the 6th house of sign of marriage, it is also showing connection with the 8th house. Ketu is sitting here is celebrity no intimate relationship. Ketu is detachment in intimacy and Saturn is the lord of 7th and 8th is sitting in 6th house shows 6th and 8th connection very strongly that no desire to marriage and lord of 10th which Mars is aspecting this relationship house. 6th, 8th and 10th are connected. 10th is your social status being considered to be as a single person, denial of marriage. 8th is whenever he tries to marriage relationship, he will find a pain and problem. From the Navamsa chart prospective also, the cable setup box the soul is also showing bad connection and from the lagna chart 7th is connection with 12th and sitting in 10th with no power it shows weakness. That is the reason reading D9 and D1 charts for marriage aspects and relationship aspects which is showing weak. He will not marry and even if he marry, he will not have desire in marriage affairs. His platform is weak, his cable setup box is rendering weak energy, his physical well is also getting the weakness the TV does not have the channel of marriage the set-up box does not show the channel of marriage which can render good results even if he tried to get married and find himself the pain and issues problems and gaps and separation. Now to see the HDMI cable which is connecting it there is no point in looking at HDMI because these two are denied it. But if you see it, take the 7th lord which is Venus and see where it is sitting and in the Navamsa chart and take the 7th lord which is Mars, where it is sitting in the D1 chart. Mars is sitting in 1st house and Venus is sitting in 2nd house, so it does not show any thing here. In 11th house we do not have anything here. TV and set-up box are idle. So HDMI cable, even signal is there they doesn't matter.

We can see anything in D1 and D9 charts, D9 chart confirm everything what is going to happen in your lagna chart, what is going to happen in your physical well. As an astrologer you have to unlearn many things and learn new things. What we have to do is to cherish certain things, this yoga and that yoga, my house is debilitated and exalted, this planet is functional malefic, functional benefic, it is in the friendly house or in enemy house - Do not do that. That is why we are confused. Try very simple systematic approach, complete understanding of our astrology by understanding the fundamental, use our common sense. That is most important. You do not have to go in to so much of analysis in strength of the planet and friendly house non friendly house functional benefic, functional malefic and everything is to pick from Shadbala. We are living in the era of logical, digital, analytical science. If something cannot be proved logically is not a point. We are living in the era we understand things logically, mathematically digitally using formulae which is taught in our school days. Our brain, our mind, our subconscious is more understanding thing logically, questioning them, putting the rationale behind it. We are not very spiritually evolved and we can just close our eyes chat some mantras and everything will come to us. So unlearn those things and learn the logical way of interpreting the chart. Use of formulae just like a theorem in mathematics. There is a logic to reach to the hypothesis. Use same logic every time to get the same result. The Navamsa chart if soul, core of our lagna chart reading this is a must by every astrologer. This is the same thing happen in the sub lord story also.
