

Readme

This additional material provides evidence in the form of screen captures extracted from the static analysis carried out concerning the banking applications mentioned in the article.

The screenshots are stored in file “Apps Patterns.zip”. There is one folder per analyzed app with the screenshots of the patterns present.

Nombre	Fecha de modificación	Tipo	Tamaño
app ruralvia	20/02/2023 8:58	Carpeta de archivos	
bankia	20/02/2023 8:50	Carpeta de archivos	
BBVA Mas Azul	20/02/2023 8:58	Carpeta de archivos	
caixabanknow	20/02/2023 8:49	Carpeta de archivos	
ING	20/02/2023 8:59	Carpeta de archivos	
Nueva Santander	20/02/2023 8:52	Carpeta de archivos	

For example, for the app "app ruralvia", the screenshots of the patterns present appear as follows:

The figure above shows that in the "ruralvia" app the patterns P1, P3 and P5 appear, as well as the string "SmsRetriever".

The criteria for screenshots and relationship with the appearance of patterns in the code is the same for the rest of the apps.
