Importance: High

Hello,

On 20221222, I have reported a Vulnerability through your form on HackerOne (<https://hackerone.com/icann>). HackerOne sent me a confirmation e-mail message that your Security Team has received the Report. There has been no further communication from you or HackerOne. Since the Security Team did not communicate back, the provision for "mutual agreement" on a disclosure timeline/timeframe and the "Last Resort" clause of having to wait for 180days before publishing do not apply. Lastly, I am not a member of the Private Program.

I am informing you of publication on Zenodo and ResearchGate:

DOI: 10.5281/zenodo.7905552

Sincerely,
Argyrou Minas
