Abstract

Background: Text for this section of the abstract.

Results: Text for this section of the abstract ...

Conclusions: Text for this section of the abstract ...

Background

Text for this section. [1–13]

Results and Discussion

Results sub-heading

This is a sub-sub-heading

Sub-sub-sub-headings are made with the

subsubsection command.

pb at end of lines ensures correct paragraph spacing.

Figures

Figure 1 - Sample figure title

A short description of the figure content should go here.

Figure 2 - Sample figure title

Figure legend text.

Tables

Table 1 - Sample table title

Here is an example of a *small* table in LaTeX using `\tabular{...}`. This is where the description of the table should go.

My Table		
A1	B2	C3
A2	...	..
A3	..	.

Table 2 - Sample table title

Large tables are attached as separate files but should still be described here.

Additional Files

Additional file 1 — Sample additional file title

Additional file descriptions text (including details of how to view the file, if it is in a non-standard format or the file extension). This might refer to a multi-page table or a figure.

Additional file 2 — Sample additional file title

Additional file descriptions text.
