Dear Nina,

It has been great to have met you. Our first encounter was on the occasion of applying for European projects. Your efficacy in organizing them made it possible to get many people involved with great results. It was wonderful to observe you mentoring various researchers, as well as your own students. I enjoyed the opportunity to have you visit us in Krakow for a couple of years. It was great and memorable to share many lunches together. I appreciated your studying of Polish language, which exemplified to me your readiness to attack difficult tasks. Best wishes for an active and fulfilling retirement. I am positive that a person with your energy will know how to make the best of it.

Thank you and best of luck

Michał Orkisz
