Annotatsiya. This article describes the government by the social protection needs of the population of protection to the complexity of financial reforms analysis of the studied was hug with in conjunction public finance role analysis has been.

Keywords: population, social protection, finance, government, pension, social assistance.

To enter. The constitution of the republic of uzbekistan of social policy and other legal documents with a set of social rights and guarantees of citizens poured the implementation of the priority directions of activities aimed at you.

In the country in 2007. "social protection" year of social protection to be declared, to provide the practical expression of state policy is aimed at improving the level of living.

The main part.

"Social protection" year of the state program focuses on social protection provisions , I set the priority direction to perform the following tasks.

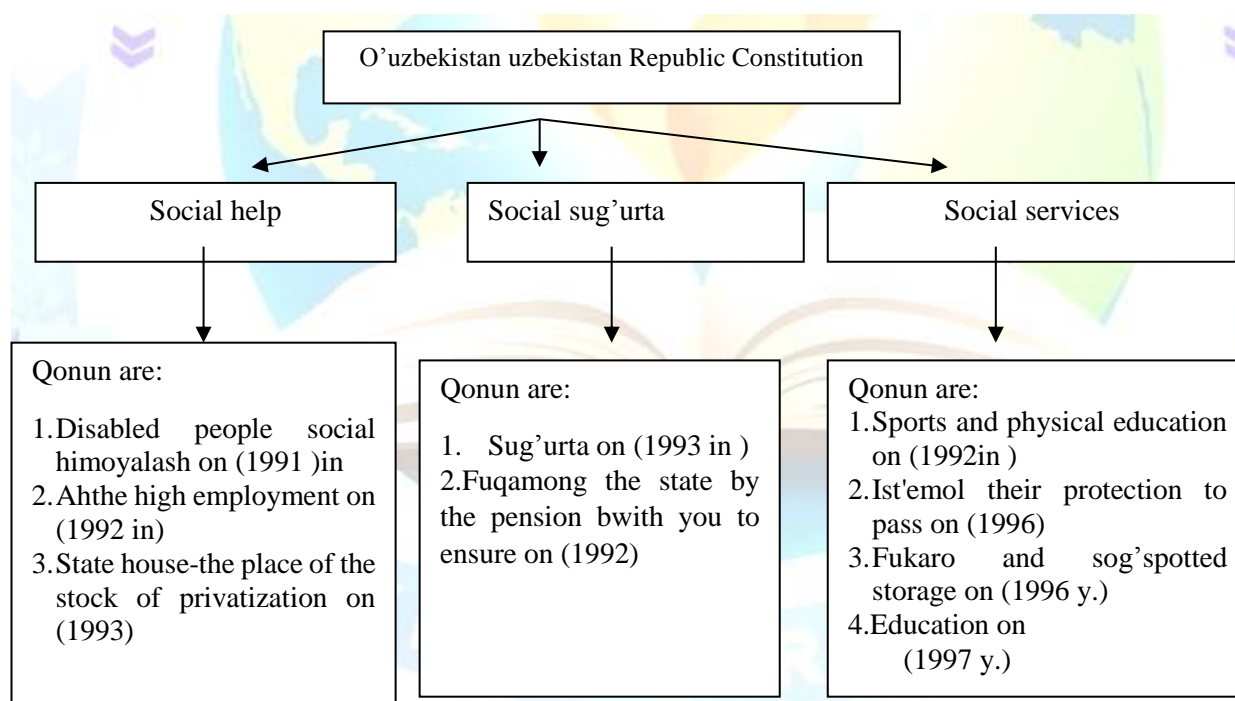

- different categories of vulnerable layers of the population, first and foremost alone senior citizens, persons with disabilities, children who have reached puberty supporter lost to the display at the rate of maqbullashtirish norms and social support;

the homes of older and persons with disabilities, children, married and suffering from diseases for children in riniternatlarni, war veterans and labor for the treatment ofpros - term regulatory agencies to provide the spending of the amount of material costs maqbullashtirishbrowsing;

- Children under the age of 2 to the mother of many children and families to the neighborhood committee members have material and social help rendered by the revision of their amount;

- "Mercy" homes and special schools-boarding schools of the world material-technical base must attract more attention to enhancing the rest of the children were the ones, "you are not alone" to ensure the practical implementation of the humanitarian life motto;
 - social protection of vulnerable layers of the population to boost the system vulnerable families, of persons clear and effective social and the elderly to help increase it to show their needs, and ensuring more complete satisfaction, and to show them material assistance and moral support, social cooperation measures apply to enhancing the role of communities in increasing;
2. "Mercy", "Generously" and "Compassion" homes of the staff's social service system and appropriate valuation mechanism stimulating work in those areas for improvement;
- either to protect the vital interests of citizens, and their ability and potential to create the conditions to young families to independent living in them moral and material incentives steps the self-interest cooperation way to support young families to give preferential loans.

1-picture. **The legal basis of social policy reform**

The country First by the president on 19 December, adopted in 2007, "and the further improvement of the system of social protection of the population to which measures related

to strengthening to'g'i on"the vital importance of a decree of the population in need of protection layers ko'llab ijti-kuvvatlash is a continuation of reforms aimed at. This decree of the population, further strengthening of social protection for poor families through the necessary material assistance ko'llab-kuvvatlash, providing the work of the staff of the social service system and stimulating the improvement of the payment mechanism, the institutions of social protection of the population of material-technical base aimed at strengthening.

4. Various benefits: - free and cost reduction in the vehicle and give the wheelchair; - sanatorium-resort provide you with a ticket; - prosthetics; - concerning payment for public utility services and taxation benefits.
5. Poverty benefits: - Ijtimoiy the main source of funding assistance program is in addition to funds from the state budget and the budget.

2-table

Social sector expenditure composition

Social service sector,	<i>Social protection,</i>	Social sug'rta
Education	16 under the age of children who would to families benefits	Retirement sug'rtasi
Culture	who do not work in mother 2 child under the age of care for tulanadigan benefits	Unemployment on sug'rta

Science	Working mother of 2 child under the age of care for tulanadigan spend	Cocktail to pass the ability yuq,the slugs on sug'rta
Sog'social storage	Less equipped to the families of material assistance	Medical sug'rta
Physical education	Chernobil of xalokat oqibatlarini eliminating the costs	
of social security	Scholarship	
Employment service,	Unemployment benefits	

The state budget funds hjesus: - children, families benefits; - feed the elders and persons with disabilities and the services uyidagilar show; - to teach disabled people to work, to employment, to put the prosthesis; - Chernobil' aes participate in the disaster in, to persons with disabilities are given financial assistance.

Allowances for children, the financing of the state budget, at the expense of the form of ownership, as well asfrom in spite of enterprises, institutions and organizations of the templeat the expense of lag'lari is also carried out.

Currently, the neighborhood social support system are carried out through funding from the budget of the following main types: kbenefits to families at issued, until the child reached the age of two monthly benefits to people of your care, vn oya the families of children who reachedafaqa, orphans and children of parents of children qarovisiz supply in a complete state of rest home and spend money on clothes, shoes and benefits to purchase supplies.

Less of allowances to the families who supported her monthly financial assistance to the family of 3 (three) appointed for a period of months and will be paid. Less of allowances to the families who supported funds from the national budget, local (regional, city and district) budget and extra-budgetary funds of the various sources (public and charitable funds, management companies and funds of citizens and others voluntary donation) are

financed at the expense of. Rural funds, or the citizens of the neighborhood ovul self - government bodies is held to the relevant institutions of the savings bank and does not take special schyot.

The amount of financial assistance the most current monthly wage to the amount of from 1.5 to 3 times the minimum wage is determined. Expiry of the term of payment of financial assistance, the help rendered permanent residence cases the change in the material condition of the family, or when fill material changes from stopped to help.

The mother until the child reached the age of two who do not work to your care to the people of monthly benefits at the expense of local budget funds is carried out. They cost the state budget economic classification "250" is "5" paragraph of the "03" cost type "4" object "25" reflected on the small object.

Citizens ' self-governance bodies appointed by the following:

- mothers who do not work or persons who replace them (usually the father, the son, the borrower, make, guardians or other relatives);
- separated from the production in the case of higher and secondary professional educational institutions at secondary paid-contract basis or to the person who read mothers who replace them;
- engaged in entrepreneurial activities without forming a legal entity to the mother (mother to the person who replace), as well as activity without forming a legal entity which is carried out to the members of the peasant farms.

The benefits of child care every month, and the number of children who receive care from the labor of persons who benefits from this experience, regardless of the applicable minimum wage is 200% of the amount I paid.

A working mother of two young children to care filled with monthly benefits on the budget in organizations (institutions) running (allow for reading separated from the production, and thus paid-up contract on the basis of enrollment is not included, the service passing) of the mother (mother substituting the person) at the expense of the budget is carried out. These costs are the costs of the state budget economic classification of expenses type "03" account "4" analytical accounting "20" is displayed. Regardless of the form of

ownership in the other directory (in the organization) working mothers (mother substituting persons) for this directory (organization) is carried out at their own expense.

The age of two the child care allowances for the care of the mother to two children reached the age of kilinayotgan when specialized institutions to the children (infants to house) full in the state to supply the children died, the family, together with the children from the territory of the republic of uzbekistan for permanent residence in the case of stopped going out.

Of the republic of uzbekistan 's first President “children, families and support the further strengthening of the state on 10 December 1996 in the up-dated 1657 and “social protection of the population in need of support focused on enhancing the layers clearly in a way” January 25, 2002 in the up-3107-dated in accordance with the decree are children under the age of 16, as well as in secondary schools, academic lyceums and professional colleges of education in the bearing of benefits to families with children from the age of 16 berlin is under the age of 18.

N to families with minor children need to take these benefits afaqa, birth, and childhood homiylikka (guardian) be taken under the age of 16 (“in secondary schools, academic lyceums and professional colleges of education in the bearing under the age of 18 from the age of 16”) is given to families with children.

Twenties who reached the children of the families benefits:

- a children of the family to - most less monthly work fee of 50% of i in the amount of;
- two children, families for - 100 % i amount;
- three children, families for I - 140 % i amount;
- four and her many children, families for - 175 % i amount is determined.

With disabilities, children, and families; parents both also is, of children, the rearing with while relatives involved families; children of parents one or both also disabled , who is the family; his parents, one or both are either unemployed are, labor in exchange for work looking for as your account's standing of a family, the benefits of getting a privilege to the right has.

Twenties who reached the children of the families benefits , republic of the budget and local budgets, funds of the budget, except the source of funds is funded by.

In the republic, full - state supply orphans children and parents qarovisiz the remaining children money, benefits and clothes-home, shoes and supplies to buy to get to the benefits, as well as in transport walking cards with will be provided.

Full state supply orphans children and parents qarovisiz the remaining of children and social protection to make in order to them all kinds of comprehensive school and graduated from university when out and to work joylashayotganda clothing-general, shoes and supplies to buy to get to the benefits of doing most less monthly work fee of 100 times the minimum wage up to the amount of, most are less monthly to work to pay the amount of 5 times the minimum wage to the amount of money the benefits of also is given.

Benefits of educational institutions graduates of educational institutions graduates to work joylashayotganida a time is given. You in this institution trained providers from 9th grade to graduation, academic, school , or vocational college, 11-class graduates, higher education institutions have to read and enter, the graduates of each of two of the benefits of this educational institution to study completing after the same institution gets. Paid benefits and money benefits for the costs of the amount they tarbiyalanayotgan education institutions or study to continue , which was academic lyceums and professional colleges of the costs estimates in budget expenditures economic classification on 03-4-90 article "Home to the farm and other transfert the" substance on to reflect is held.

Mercy homes and schools-boarding schools in tarbiyalanayotgan, secondary schools, academic school or vocational college in reading the full state supply orphans children and parents qarovisiz the remaining children who read education establishments, and live from the place 3 from miles more than the distance located in is, they public transport and pupils for transport in preferential walk of cards in circulation in the city and population in point of preferential transport in walk cards or transport in preferential walk to the right , allowing other types of cards is given.

Conclusion. The population of a job with to provide its revenue raising is the most important factor is. Do this to place regional "Employment" programs, work out, out should be done. For this purpose the employment assistance fund from the account the funds should be allocated and provided the following recipe should fall:

- young people, women, on the employment of special events invalidlarni implementation;
- improve the quality of labor force, kasbkorlikka of the population who are busy with work training, retraining and improvement of the training system;
- men self-employed small business and private entrepreneurship development.
- targeted social protection of the population of the character, increasing the level of living of the poor and vulnerable most of the population social protection measures to enhance the importance of the layer, and the implementation of measures on social protection of the population tabaqalashgan address and the further strengthening of approach, to provide the necessary financial assistance to families.
