Supporting Europe's effort in Blockchain/DLT Standardisation

# How does SEEBLOCKS.eu support Europe's Effort in Blockchain/DLT Standardisation?

***John Favaro***

*Senior Research Analyst (Trust-IT Services)*

5th December 2023

Funded by  
the European Union

# Key exploitable results

Selection and Engagement Procedure - **€ 300,000** earmarked to support **40+ European experts** contributing to Blockchain & DLT Standardisation efforts, in line with the Rolling Plan for ICT Standardisation.

Contribution to **100+ Standardisation documents** (Deliverables/Technical Reports/Specifications) by the Experts funded by SEEBLOCKS.eu.

Establishment of a **Permanent Task Force (PTF)** in collaboration with EU Blockchain players with a coordinated approach on the EU & International scene.

Set-up of Technical Working Group of experts to deliver a **“Landscape and Gap analysis Report”** on Blockchain/DLT Standardisation.

Development of the **Standards Visualisation Tool** to foster Education and Capacity building on Blockchain/DLT Standardisation.

The **knowledge transfer** pursued includes cooperation and alignment across relevant industry sectors. On July, webinar series has been launched, involving best experts from the domain.

In January, we will launch the 2nd SEP, Standards Visualisation Tool, announce new webinars and more.  
**Subscribe to our newsletter now** to stay up to date! 

# First SEP - Applications Received, some Facts & Figures

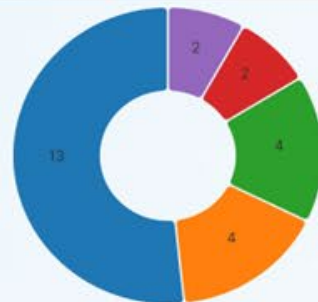

## SUBMITTED

**29**

applications from  
**24 applicants**  
for a total amount of  
**232.748,00 euro**

## TYPE OF ORGANISATION

- 13** Start-Ups and Small Medium Enterprise
- 4** Academia
- 4** Standard Development Organisation / Certification Bodies
- 2** Association / Non-Profit Organisation
- 2** Vertical Industry

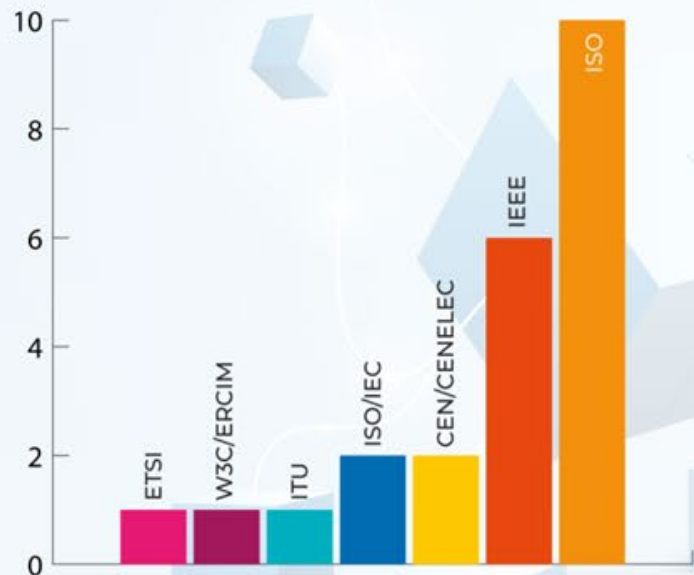

## TYPE OF GRANT

- 22** Long term
- 7** Short term

## APPLICANTS BY GENDER

- 3** FEMALE
- 21** MALE

## MAIN SDO

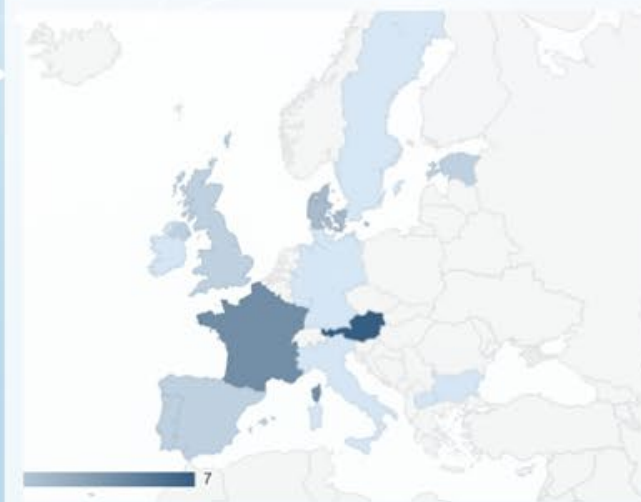

## MAIN BLOCKCHAIN AREA

- 11** Identity Management
- 5** Governance
- 4** Other
- 3** Data Provenance
- 2** Cybersecurity & Applied Game Theory
- 1** Token and Asset Creation and Exchange
- 1** Use Cases
- 1** Automation
- 1** Process Optimisation

## MAP

# Heading to the 2nd Selection and Engagement Procedure

Overall available budget of €300,000

Possibility to obtain up to €10,000 under each selection

Blockchain/DLT professionals with proven expertise and experience in Standardisation activities

Three types of proposals can be funded under the SEEBLOCKS.eu 2023 SEPs: long-term (up to 6 months duration), short-term (up to 3 months duration) and one-shot (for travelling & events)

**Need funding for your Blockchain/DLT Standardisation effort & research activity?**

**Participate in our #2 Selection and Engagement Procedure**

**SAVE THE DATE**

Opens: mid January 2024

On the 1st of December 2023, SEEBLOCKS.eu launched an online consultation on the blockchain and distributed ledger technology (DLT) domain: this is a valuable opportunity for you to help us in the shaping of the SEEBLOCKS.eu “**Landscape & Gap analysis Report**” and to make a contribution to the development of future blockchain Standardisation in Europe

**COMPLETE THE SURVEY**  
**Deadline: 10<sup>th</sup> Jan 2024**
