

RDA DDPIG: Ranking Requirements

Within the context of the Task Force on Use Cases (<https://www.rd-alliance.org/group/data-discovery-paradigms-ig/wiki/use-cases-prototyping-tools-and-test-collections-task-force>) in the RDA Data Discovery Paradigms IG (<https://www.rd-alliance.org/groups/data-discovery-paradigms-ig>), we would like to rank the requirements that have been constructed based on the captured use-cases.

*Required

Please Rank from 1 (Not important) to 5 (Very Significant) *

1 (Not important) 2 (Minor Importance) 3 (Somewhat Important) 4 (Rather Important) 5 (Very Significant) No Opinion

Indication of Data availability

Connection of Dataset with person / institution / paper / citations	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Accompanying educational / training material	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Filtering of Datasets based on specific criteria on multiple fields at the same time (such a release date, geo coverage, date range, specific events).	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Full annotation on dataset (including granularity, origin, licencing, provenance, and method of production, times downloaded).	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Cross-referencing of datasets (same or different repositories).	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Sharing data (either whole dataset or particular records) in a collaborative environment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Provides visual analytics / inspection of data / thumbnail preview	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Portal functionality reminiscent of other established academic portals	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
