

Participant No.:

Debt Stories Upvote Sheet

*This sheet allows you to give a '+1' vote to **Debt Stories** produced by other participants that describe a situation affecting your work as well.*

The identifiers of Debt Stories have the following format: 03204. The first two digits ('03') correspond to the participant's number, the third digit ('2') to the round in which the Debt Story was created, and the last two digits ('04') to the order of the Debt Story in the participant's editor. So, 03204 was produced by participant number 3, during round 2, and it is their 4th Debt Story in this round. Debt Stories starting with '00' are the examples given by the workshop facilitator, and you can also give them a '+1' vote if you wish.
