# FAIR-IMPACT overall objective

## WHAT:

⇒ to realise a FAIR EOSC by **supporting FAIR-enabling practices** across scientific communities and research outputs at all levels;

## HOW:

- **identifying current and emerging components for enabling FAIR** (practices, policies, tools & technical specifications);

- **translating viable solutions** that have been developed for one domain or research output and **supporting their application in others**;

- defining the support, governance, and coordination mechanisms required **to ensure the continuous function of FAIR-enabling practices in the EOSC.**
