

Skúsenosti so zavádzaním Open Access a Open Science praktík v časopise

Vladimíra Čavojová & Jakub Šrol

Ústav experimentálnej psychológie CSPV SAV

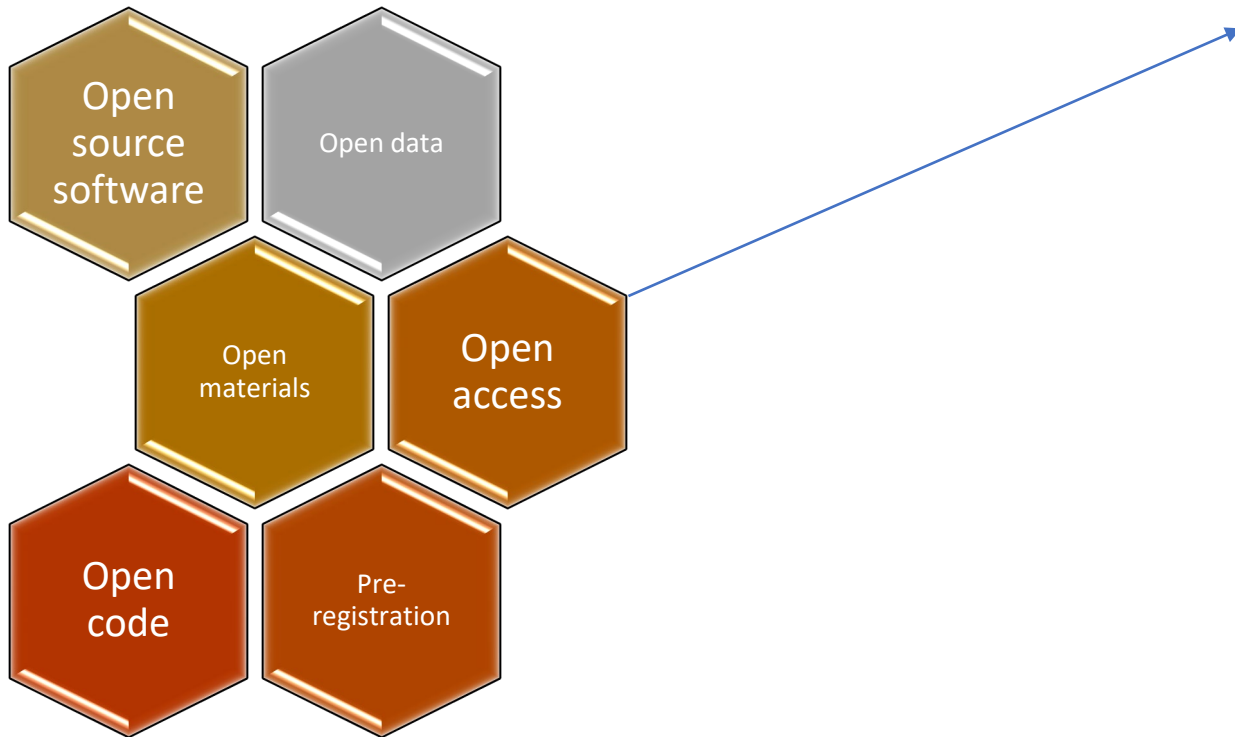

17.4.2024

Trochu histórie

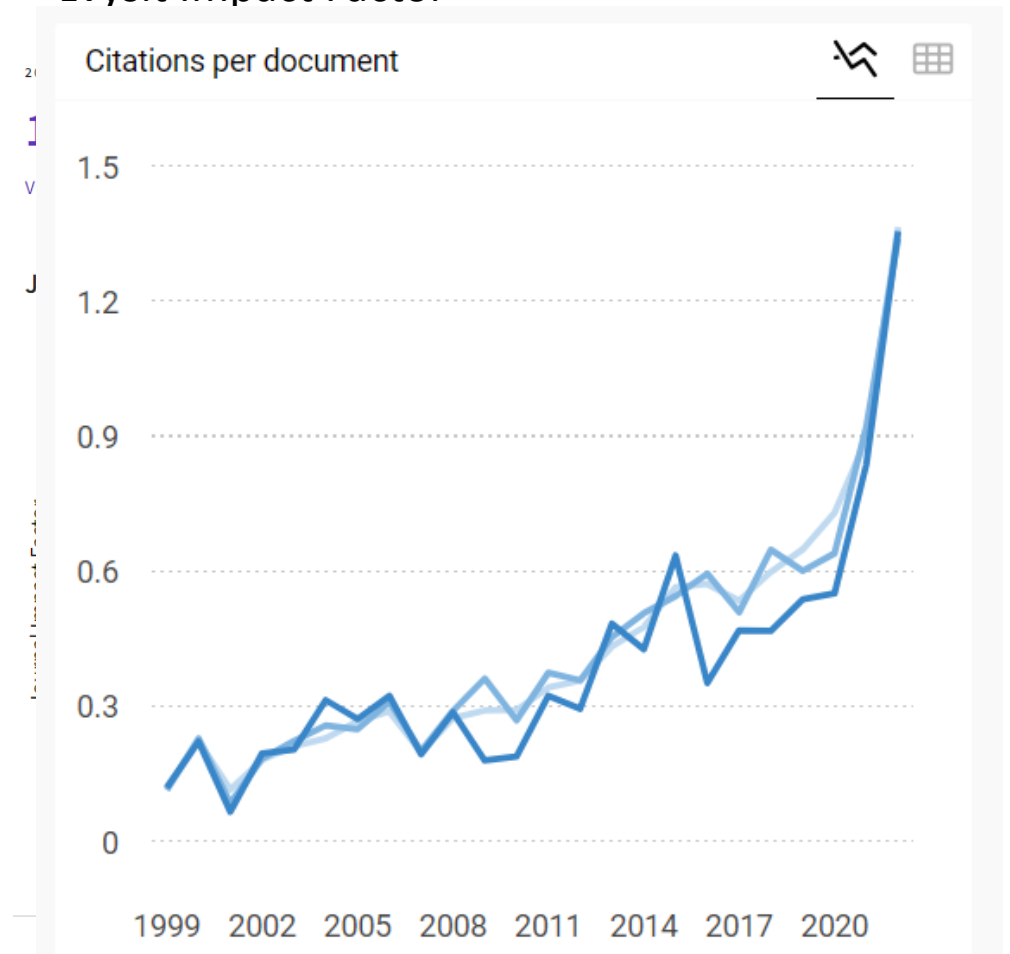

Studia Psychologica vznikla v roku **1956** Since then:

- 1978 – Current Contents/Social & Behavioral Sciences
- 1986 – Web of Science/Social Sciences Citation Index (SSCI)
- 2014 – Editorial Manager
- 2016 – fully Open Access (diamond)
- 2018 – DOAJ- Directory of Open Access Journals
- 2019 – Open Sciences (badges) + Registered Reports
- 2020 – Open Journal System
- 2023 – joined PCI RR-friendly journals

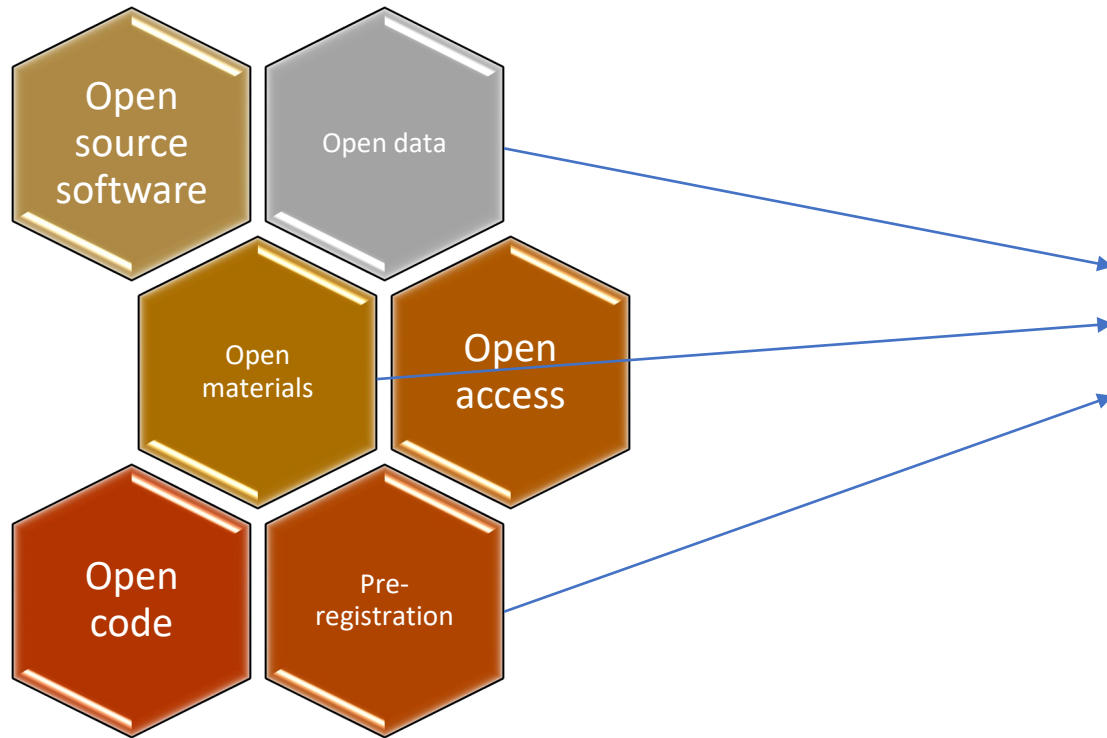

Zavádzanie praktík Otvorenej vedy

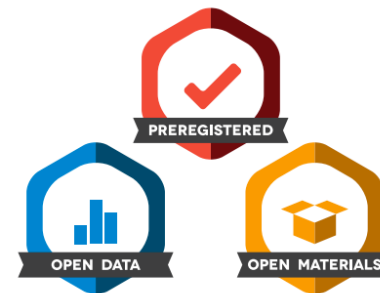

Prvý pragmatický krok s cieľom
zvýšiť Impact Factor

Zavádzanie praktík Otvorenej vedy

Open Science
Workshop
2014

Prečo OJS?

- V roku 2019 ponúkol výhradný dodávateľ EM (De Gryuter, Sciendo) finančne likvidačnú zmluvu a už sme si EM nemohli dovoliť
 - Editorial Manager (EN) aj Scholar One prešli pod balík vydavateľských služieb (200 –450 EUR za vydaný článok)
 - Alternatíva – prejsť pod alternatívny systém
- OJS je open freeware, čo je v súlade s našou filozofiou Open Science

OJS
OPEN JOURNAL SYSTEMS

The logo for Open Journal Systems (OJS) features the letters 'OJS' in a large, bold, black serif font. Below the 'O' and 'S' are horizontal bars. Underneath the 'OJS' is the text 'OPEN JOURNAL SYSTEMS' in a smaller, black, all-caps sans-serif font.

Výhody a nevýhody edičného systému OJS

- Všetko si musíme zabezpečiť sami
 - Chýba nám podpora technických riešení (chýba kapacita na SAV) – pretrvávajúce problémy so synchronizáciou ORCID, 2 roky sme riešili migráciu archívu
 - Chýbajúca marketingová podpora pod veľkým vydavateľstvom
 - Chýbajú niektoré funkcionality – prechod na nový systém si vyžaduje učenie
 - Nie je vhodný na Online First
 - Estetika
- Ľahko sa používa, je intuitívny
 - Veľa doplnkov
 - Nielen edičný, aj publikačný systém
 - Sloboda a autonómia

Registered Reports
