

SNAIL SURVEY DATA COLLECTION FORM

State

Ondo

LGA

School code:

Site ID:

Name of community:

GPS

latitude (x.y °)

longitude (x.y °)

altitude (m)

accuracy (m)

Characterization of Breeding Sites

Type of water body:

Permanent

Temporary

Source of water:

Natural

Manmade

Specify the type of water body:

- River
- Stream
- Dam
- Puddle
- Lake
- Ditch
- Others

Others specify

Name of water body

Is the water body flowing:

- Yes
- No

Do the water body have substrate?

- Yes
- No

Characteristics of water body

- Clear
- Turbid
- Polluted
- Dark

Exposure to sunlight:

- Yes
- No
- Partial

Physico-chemical Parameters [insert the readings]

Ph.....[insert the readings]

DO...[insert the readings]

Temperature..[insert the readings]

Electrical conductivity...[insert the readings]

Total Dissolved Solids... .[insert the readings]

Water Contact Practices

Bathing

- Yes
- No

Washing of clothes or other items

- Yes
- No

Fishing or other agricultural activities

- Yes
- No

Fetching

- Yes
- No

Playing

- Yes
- No

Swimming

- Yes
- No

Sampling description [insert the response]

Sampling time (in mins)

Presence of settlements around the sampling area:

- Yes
- No

Presence of snail intermediate host:

- Bulinus
- Biomphalaria
- Others (please specify)

Others specify

Name of Collector/Team Leader
