**CONCLUSION**: This amazing technic I mastered in few months after I marry. This is not a Rocket science, after testing various technics, mind games, submission, bribe etc., I came up with this ultimate truth that women cannot handle silence. So I adopted this technic, whenever woman started shouting, I ignored it, doing my own things, watching TV or Movie with mouth shut. You cannot put out fire with fire, so only solution is Silence.

To all those who want to win an argument with women learn to stay calm, mouth shut, ignore what she is barking, do not lose your peace of mind, and you are the winner.
