

## About this data set

Metadata field	Value
<b>Title</b>	Potential natural vegetation of eastern Africa (extract for Zambia)
<b>Description</b>	<p>The map of potential natural vegetation of eastern Africa, gives the distribution of potential natural vegetation in Ethiopia, Kenya, Tanzania, Uganda, Rwanda, Burundi, Malawi and Zambia. The map distinguishes 48 vegetation types, divided in four main vegetation groups: 16 forest types, 15 woodland and wooded grassland types, 5 bushland and thicket types and 12 other types. Furthermore, a number of compound vegetation types are mapped, which include vegetation mosaics, catena's and transitional zones. The current version is 2.0. For more information, including detailed documentation, see <a href="http://vegetationmap4africa.org">http://vegetationmap4africa.org</a></p> <p>The layer distribution with this meta data is an extract of the layer described above, covering the territory of Zambia only.</p>
<b>Data Type</b>	Based on historical maps (largely observation-based), literature sources (variety of data types) and modeling. See for details the regional atlas documentation on <a href="http://vegetationmap4africa.org/">http://vegetationmap4africa.org/</a> .
<b>Data Size (KB)</b>	
<b>Keywords</b>	vegetation;forest;tree;useful species;tree;agroforestry;restoration;conservation;Africa;Ethiopia;Kenya;Tanzania;Malawi;Zambia;Uganda;Rwanda;Burundi
<b>Units</b>	Categories representing potential natural vegetation types
<b>Data Start Date</b>	-
<b>Data End Date</b>	-
<b>Contact</b>	Paulo van Breugel (paulo@ecodiv.org)

## Location details

Metadata field	Value
<b>Single point?</b>	No
<b>Area?</b>	Yes, covering the countries Burundi, Ethiopia, Kenya, Malawi, Rwanda, Tanzania, Uganda, Zambia
	<div> <div> <b>Max Latitude</b> (south-north)  <input type="text" value="-8.22"/> </div> <div> <b>Min Longitude</b> (west-east)  <input type="text" value="22.00"/> </div> <div> <b>Max Longitude</b> (west-east)  <input type="text" value="33.71"/> </div> <div> <b>Min Latitude</b> (south-north)  <input type="text" value="-18.08"/> </div> </div>
<b>Spatial Representation Type</b>	Grid
<b>Spatial Units</b>	3 arc seconds

## Organisation details
