Title: Configuring common personal software: a requirements-driven approach

Authors: S. Liaskos, A. Lapouchnian, Yiqiao Wang, Yijun Yu, and S. Easterbrook

<b>1. Add the paper</b>	
DOI	10.1109/re.2005.19
Research Field	Software Engineering
<b>2. Describe the paper</b>	
<i>Data Analysis Method</i>	
method	Soft goal analysis
	descriptive statistics
<i>Data Collection Method</i>	
method	study
number of participants	5
<b>Research Question</b>	
question	no question
hidden in text	false
highlighted in text	false
<i>Threats to Validity</i>	
construct validity	false
internal validity	false
external validity	false
conclusion validity	false
