# Purva Weaves

A brand-new residential townhouse development called Purva Weaves was recently introduced in South Bangalore's Bellandur neighborhood. It is a brand-new project spread across 4 acres by Puravankara Group, one of the most accomplished builders. It consists of tall buildings with more than 150 colorful three- and four-bedroom apartments.

The project will begin in 2024 and take four years to complete, ending in December 2028. There are 80% open areas on the property, along with a first-rate Clubhouse and luxurious amenities. These meticulously designed apartments offer contemporary living with a dash of elegance.
