Adoption & Implementation support

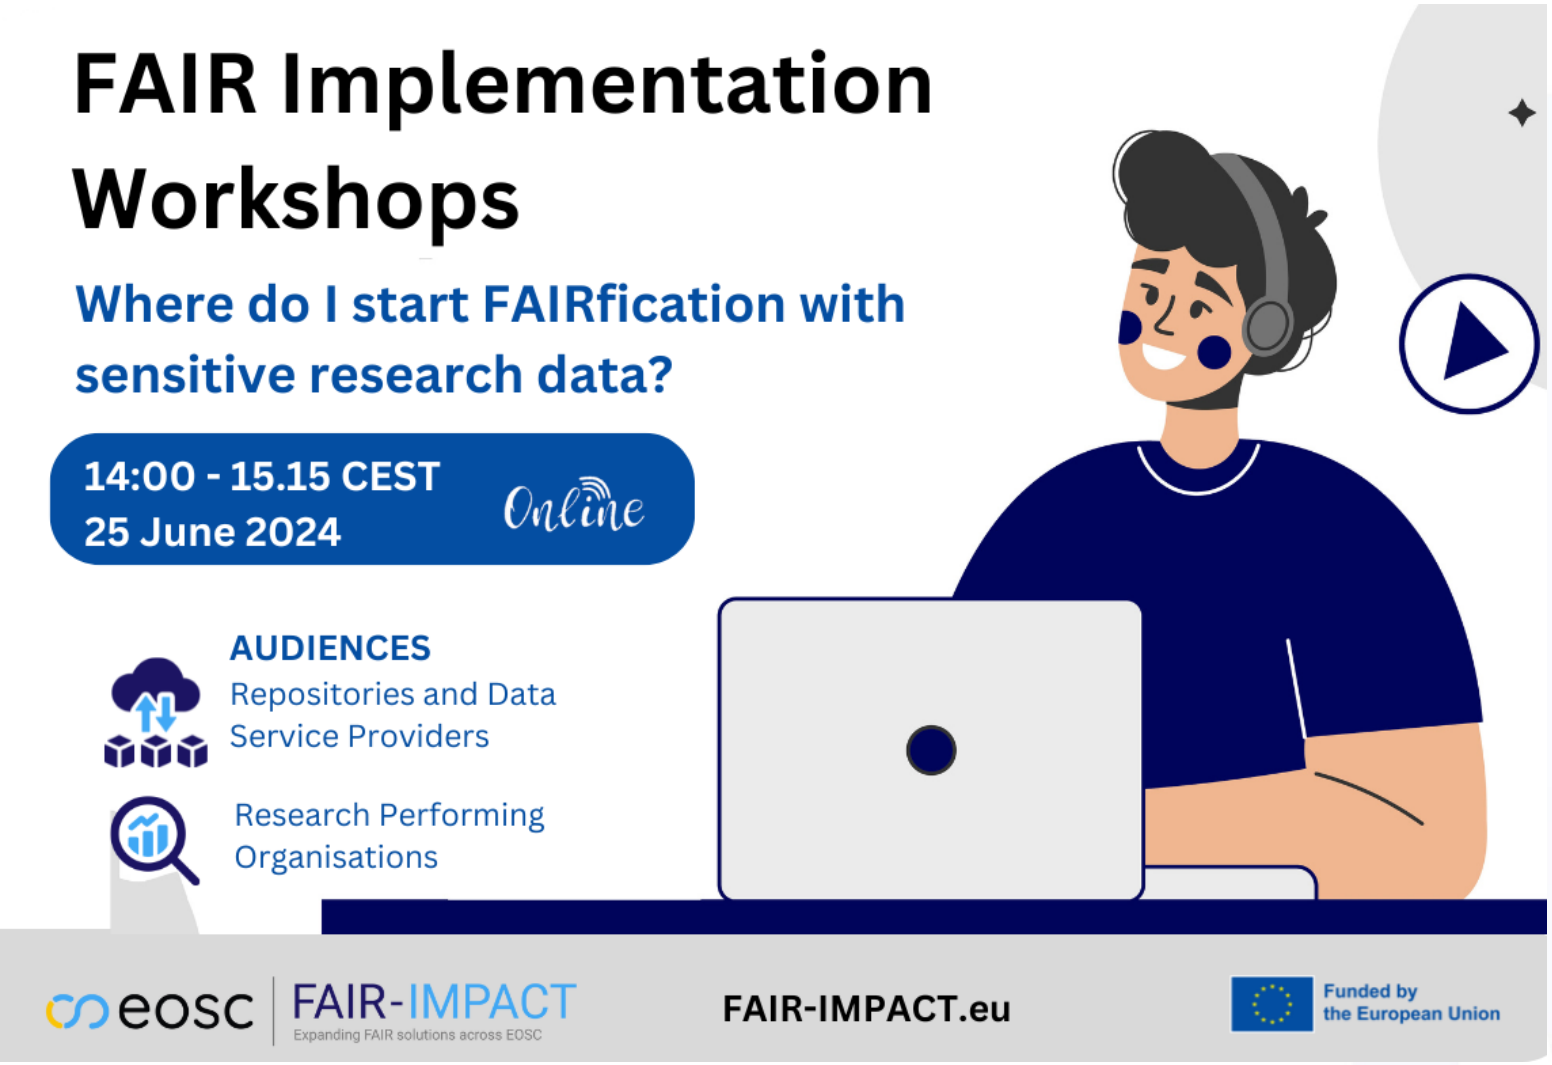
Route 1: via support programmes providing guidance and one-to-one support:
The new open call under this route opened in June 2024:

- Targeting National Level Initiatives
- Webinar to introduce support programme 8 May 2024 (recording available)
- **Virtual clinics 18 and 20 June 2024** to answer questions from potential applicants
- **Deadline for applications: 12 July 2024**
- Notifications to applicants: end of July / early August 2024
- Start of support action: later September 2024

Route 2: via cascading grants to enable testing of specific tools, approaches and methods
The call is currently closed, the support programme is ongoing
The final Route 2 open call opens on **30 September 2024.**

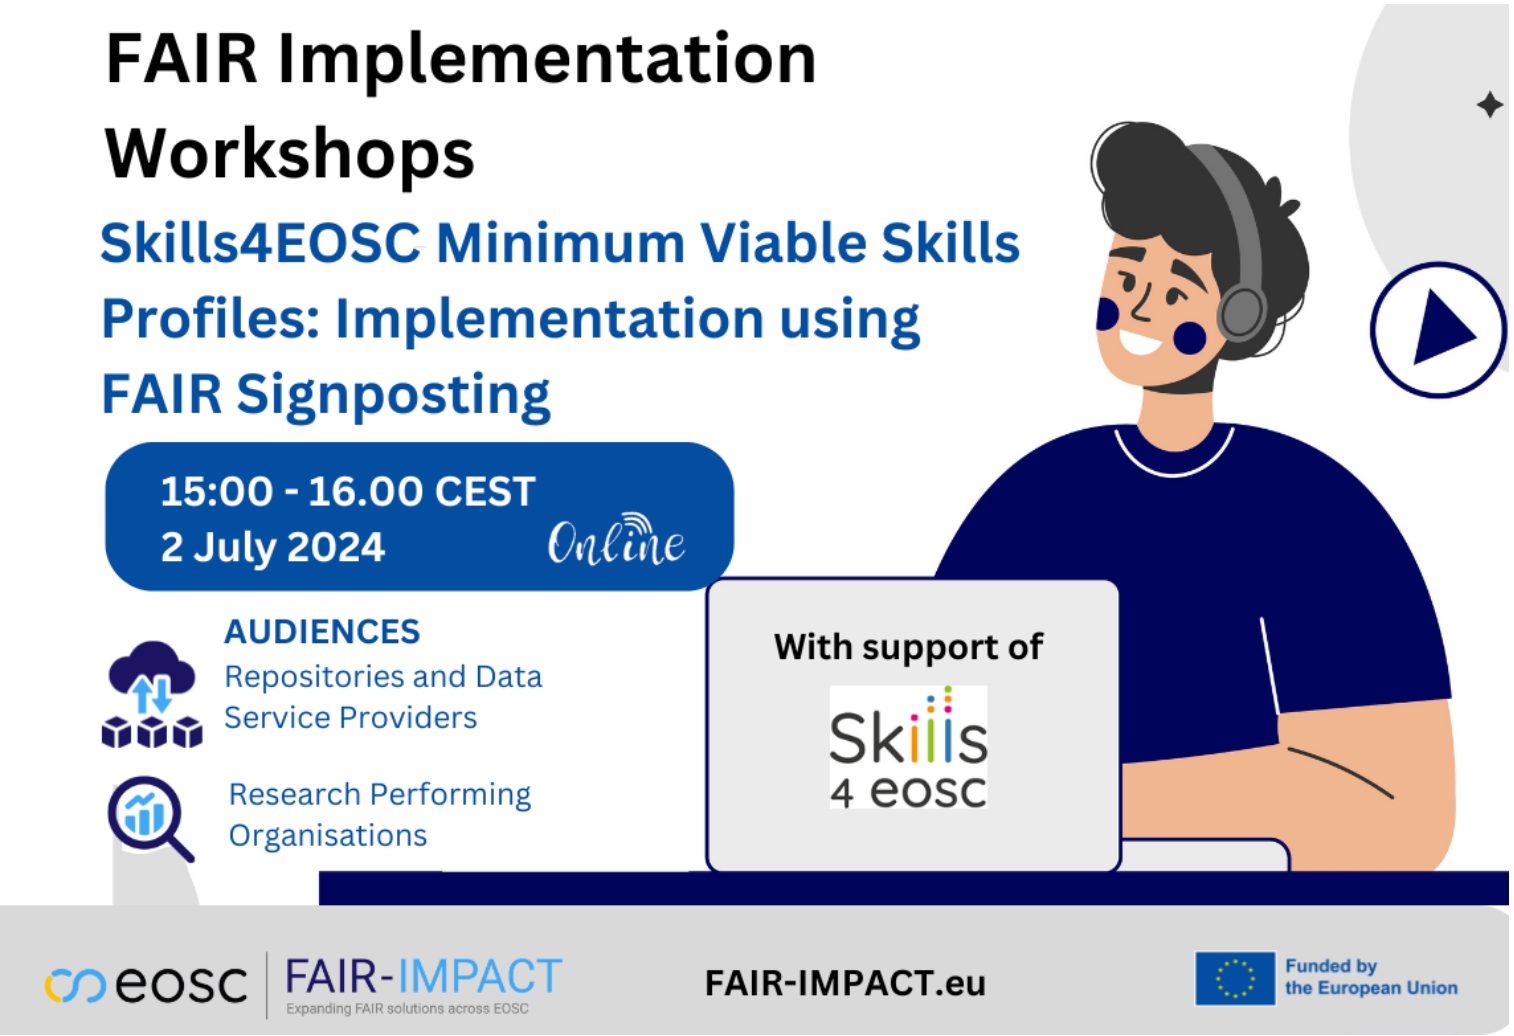
Find out more and register to be kept informed about the open calls at https://fair-impact.eu/fair-impact-open-calls-support

https://fair-impact.eu/second-call-national-level-initiatives



Present a general overview of data sensitivity in relation to sharing and reuse; two presentations on aspects of sensitive data in different research areas; a focus on PIDs and data handling of sensitive data; and an opportunity to join in the discussion with the presenters and with each other.

REGISTER NOW



Provide an overview of the Catalogue of MVS profiles developed within Skills4EOSC, and how the project implemented the FAIR Signposting approach developed by FAIR IMPACT so that they can be more easily read and understood by automated agents.

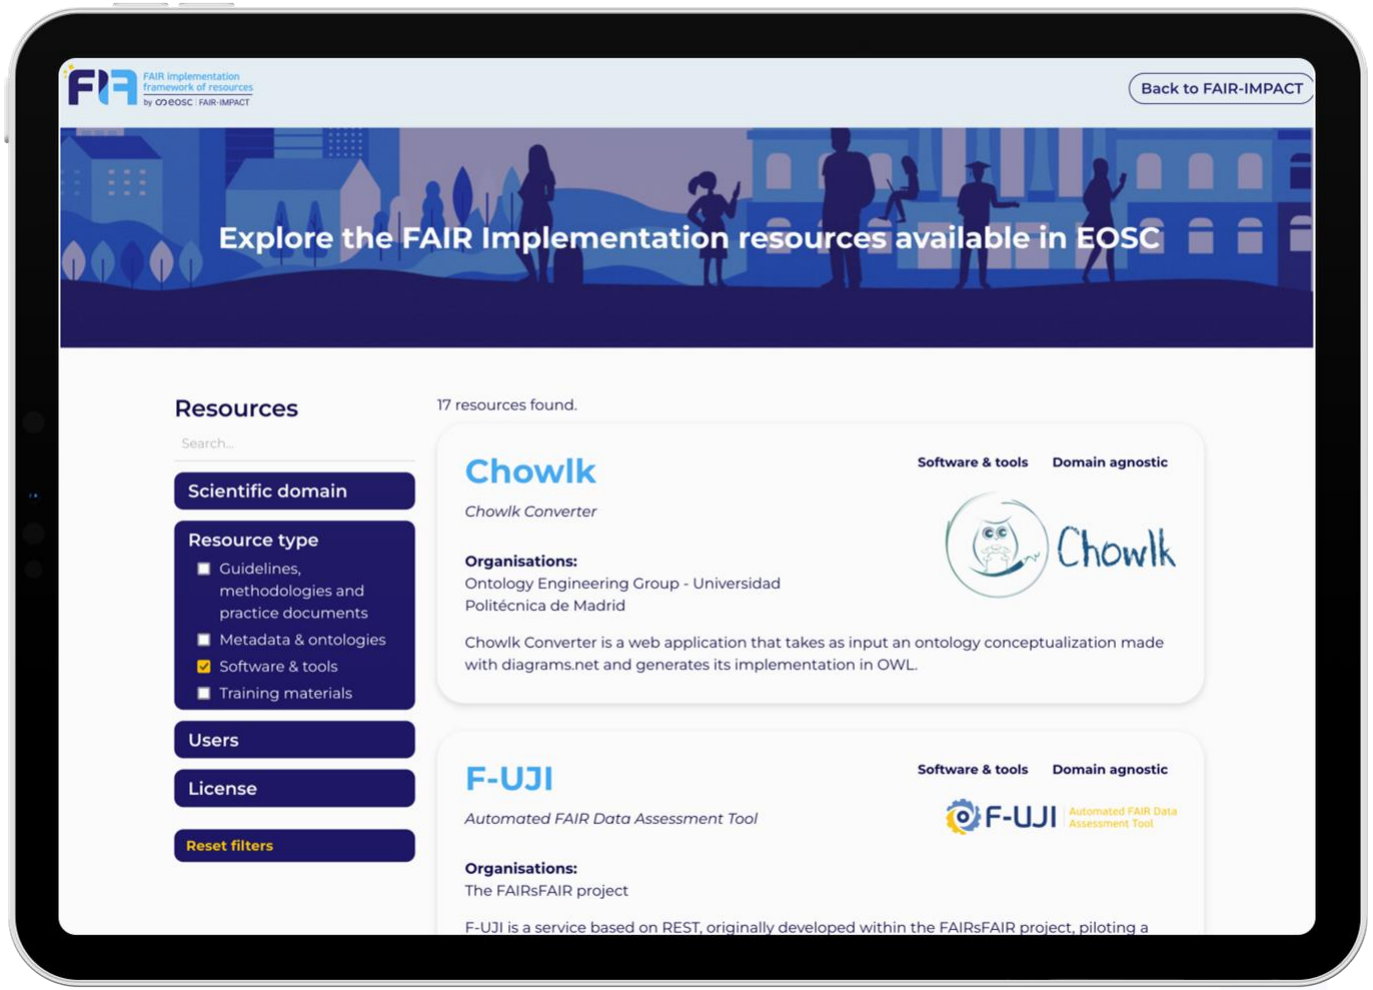
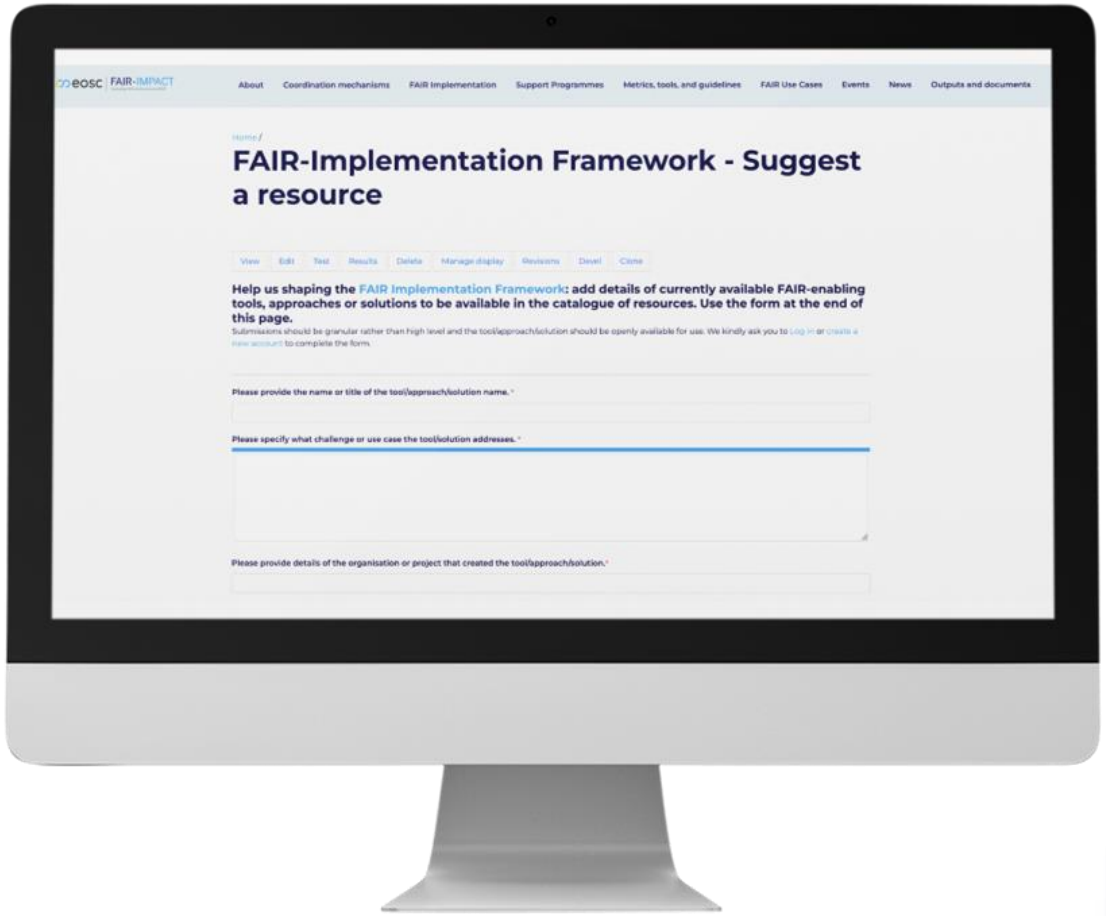
FAIR Implementation Catalogue



FAIR-IMPACT has developed the FAIR Implementation Framework (FIF) to help different stakeholders assess their drivers for becoming (more) FAIR-enabling and their current practices. A key component of the FIF is a **catalogue or resources that users can use to identify tools and solutions most appropriate for their use,** with direct links to the original resources.

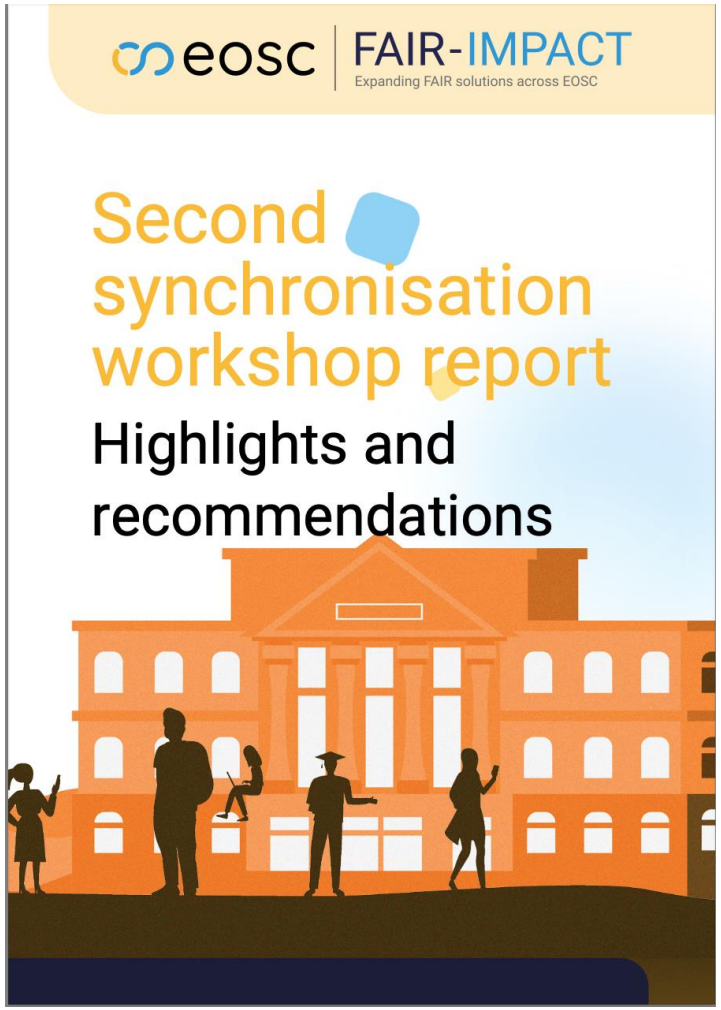
FAIR Implementation Catalogue



Help us shaping the **FAIR Implementation Framework**: add details of currently available FAIR-enabling tools, approaches or solutions to be available in the catalogue of resources.

Fill in the form

Synchronisation Force



The report of the second Synchronisation Force workshop is now available, to assist all interested stakeholders in comprehensively understanding the current landscape of FAIR development.

Read the final report

https://zenodo.org/records/11082238

DOI 10.5281/zenodo.10959528

The third and last Synchronisation Force workshop is planned from Tuesday 3rd of September to Thursday 7th of November 2024, as a series of 8 online sessions. The workshops are by invitation only, please contact us if you are interested in joining
