

# Cheatsheet

## Level 2

```
print Hello world!
```

With print you can make text appear.

```
name is Hedy  
print Hello name
```

With is you can make a **variable**. You can print variables with print.

```
name is ask What is their name?  
print name was walking through town.
```

You also make a variable with is ask. You can print variables with print.

```
sleep 2
```

With sleep you can pause the program for a couple of seconds. The number decides for how long the program is paused.

A **variabele** is a word in which you can save something. For example the name of a chacater in your story, or your order at the restaurant.
