

# Cheatsheet

## Level 7

```
repeat 3 times print 'Hedy is fun!!'
```

You can let Hedy repeat a line with the repeat command.

```
people = ask 'How many people are joining us?'  
repeat people times ask 'What would you like to eat?'
```

You can use a variable in the repeat command.

**Other commands:** *print, ask is, sleep, add, remove, if else*
